NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

A. Basis of Presentation

The accompanying statutory financial statements of the Company have been prepared in conformity with accounting practices prescribed or permitted by the National Association of Insurance Commissioners and the State of Ohio.

Throughout this statement, the failure of items to add to the totals shown is due to the dropping of amounts less than one dollar.

B. Use of Estimates In preparing the statutory financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the statutory financial statements and revenues and expenses for the reporting period. Actual results could differ from those estimates.

C. Basis of Valuation of Invested Assets

Asset values are valued in accordance with the State of Ohio of the valuations prescribed by the Securities Valuation Office of the National Association of Insurance Commissioners. Bonds not backed by loans are stated at amortized cost using the modified scientific method; loan-backed bonds and structured securities at amortized cost using the scientific method; common and preferred stocks at market except for redeemable preferred stocks at cost; investments in stocks of subsidiaries and affiliates are carried at the pro rate share of underlying equity; investment in real estate or property acquired in satisfaction of debt at depreciated cost less any encumbrances; other investments on the equity basis; and mortgage loans on real estate are stated at the aggregate unpaid balance. The Company does not own any derivative instruments.

The Company does not have any real estate holdings.

Investment income is considered as a factor in the premium deficiency calculation.

The liability for losses is provided based upon formula and case basis estimates for losses reported with respect to direct business, estimates of unreported losses based upon past experience, estimates based on information received relating to assumed reinsurance, and deduction for ceded reinsurance, including amounts placed with affiliates. The Company reflects its liability for losses net of anticipated salvage and subrogation recoverables. The liability for loss adjustment expenses is provided by estimating future expenses to be incurred in settlement of claims provided for in the liability for losses, and is stated after deduction for amounts to be recovered from reinsurers, including affiliates.

2. Accounting Changes and Corrections of Errors

A. Accounting Change or Correction of Error - None

B. Effect of Codification - The Company prepares its statutory financial statements in conformity with accounting practices prescribed by the Department. Effective January 1, 2001, the Department required that insurance companies domiciled in the State of Ohio prepare their statutory basis financial statements in accordance with the NAIC Accounting Practices and Procedures manual – Version effective January 1, 2001.

Accounting changes adopted to conform to the provisions are reported as changes in accounting principles. The cumulative effect of changes in accounting principles is reported as an adjustment to unassigned funds (surplus) in the period of the change in accounting principle. The cumulative effect is the difference between the amount of capital and surplus at the beginning of the year and the amount of capital and surplus that would have been reported at that date if the new accounting principles had been applied retroactively for all prior periods. As a result of these changes, the Company reported a change of accounting principle, as an adjustment that increased (decreased) unassigned funds (surplus), of \$(43,750) as of January 1, 2001.
