## NOTES TO FINANCIAL STATEMENTS

### 1. Accounting Practices

- A. The accompanying financial statements of Permanent General Assurance Corporation of Ohio (PGAC of Ohio) have been prepared in accordance with the NAIC Accounting Practices and Procedures manual and the state of Ohio.
- B. Use of Estimates in the Preparation of the Financial Statements

The Preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

Premiums are earned over the terms of the related insurance policies. Unearned premium reserves are established to cover the unexpired portion of premiums written. Such reserves are computed by pro rata methods for direct business.

Expenses incurred in connection with acquiring new insurance business, including such acquisition costs as sales commissions, are charged to operations as incurred. Expenses incurred are reduced for ceding allowances received or receivable.

- (1) Short-term investments are stated at cost.
- (2) Bonds are stated at amortized cost using the yield to maturity method.
- (3) Common stocks are stated at market value.
- (4) The company holds no preferred stock as of the statement date.
- (5) The company holds no mortgage loans.
- (6) The company holds no loan backed securities
- (7) The company holds no investments in subsidiaries or affiliated companies.
- (8) Reserve for losses represents the estimated liability for claims reported to the Company and an amount, based on actuarially determined reserves for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liability is continually reviewed and any adjustments are reflected in the period determined.

### 2. Disclosure for Insurers Upon Initial Implementation of Codification:

The Company prepares its statutory financial statements in conformity with accounting practices prescribed in the NAIC Accounting Practices and Procedures manual subject to any deviations prescribed or permitted by the State of Ohio Insurance Commissioner.

Accounting changes adopted to conform to the provisions of the NAIC Accounting Practices and Procedures manual are reported as changes in accounting principles. The cumulative effect of changes in accounting principles is reported as an adjustment to unassigned funds (surplus) in the period of the change in accounting principle. The cumulative effect is the difference between the amount of capital and surplus at the beginning of the year and the amount of capital and surplus that would have been reported at that date if the new accounting principles had been applied retroactively for all prior periods. As a result of these changes, the Company reported a change of accounting principle, as an adjustment that increased unassigned funds (surplus), of \$144,300 as of January 1, 2002. For the quarter ending 6/30/02, the total adjustment to unassigned funds is \$865,446 which relates to the implementation of codification (specifically the recognition of a Deferred Tax Asset).

### 3. Income Taxes
