Notes to Financial Statement

1. Summary of Significant Accounting Policies

A. Accounting Practices

The financial statements of Ohio Mutual Insurance Company are presented on the basis of accounting practices prescribed or permitted by the Ohio Department of Insurance.

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that effect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

Premiums are earned over the terms of the related insurance policies and reinsurance contracts. Unearned premium reserves are established to cover the unexpired portion of premiums written. Such reserves are computed by pro rata methods for direct business and are based on reports from ceding companies for reinsurance.

Expenses incurred in connection with acquiring new insurance business, including such acquisition costs as sales commissions, are charged to operations as incurred. Expenses incurred are reduced for ceding allowances received or receivable.

In addition, the Company uses the following accounting policies:

(1) All short-term investments are stated at amortized cost.

(2) Bonds not backed by other loans are stated at either amortized cost, using the interest method or the lower of amortized cost or fair market value.

(3) Unaffiliated common stocks are stated at fair market value. Common stocks of uncombined subsidiaries and affiliates in which the company has an interest of 20% or more are carried on the equity basis. The Company has no ownership in uncombined subsidiaries and affiliates.

(4) Redeemable Preferred stocks and sinking fund preferred in good standing are carried at amortized cost. Perpetual preferred stocks in good standing are carried at fair market value. Other preferred stocks not in good standing are carried at the lower of amortized cost or fair market value.

(5) The Company has no mortgage loans on real estate.

(6) Loan-backed securities are stated at either amortized cost, using the interest method or the lower of amortized cost or fair market value. The retrospective adjustment method is used to value all securities except for interest only securities, EITF 99-20 eligible securities or securities where the yield had become negative, those are valued using the prospective method.

(7) The Company's non-insurance subsidiaries are Centurion Financial, Inc. and United Premium Budget Service Inc.

(8) The Company has no ownership interest in any joint venture.

(9) All derivatives are stated at fair value.

(10) The Company anticipates investment income as a factor in the premium deficiency calculation, in accordance with SSAP No. 53, Property-Casualty Contracts-Premiums.

(11) Unpaid losses and loss adjustment expenses include an amount determined from individual case estimates and loss reports and an amount, based on past experience, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liability are continually reviewed and any adjustments are reflected in the period determined.
