GREAT AMERICAN ASSURANCE COMPANY
NOTES TO FINANCIAL STATEMENTS

1.) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Accounting Practices

The financial statements of Great American Assurance Company ("the Company") are presented on the basis of accounting practices prescribed or permitted by the Ohio Department of Insurance.

The Ohio Department of Insurance recognizes only statutory accounting practices prescribed or permitted by the state of Ohio for determining and reporting the financial condition and results of operations of an insurance company, for purposes of determining its solvency under the Ohio Insurance Law. The National Association of Insurance Commissioners' ("NAIC") *Accounting Practices and Procedures Manual* has been adopted as a component of prescribed or permitted practices by the state of Ohio.

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policies

Investments – Invested asset values are generally stated as follows:

Bonds, including issuer obligations, mortgage-backed securities and asset-backed securities rated 1 and 2 are stated at amortized cost using the interest method; all others are stated at the lower of amortized cost or market. For mortgage-backed and asset-backed securities, dealer modeled prepayment assumptions are used at the date of purchase to determine effective yields; significant changes in estimated cash flows from the original purchase assumptions are accounted for on a prospective basis.

Common stocks are stated at market except investment in subsidiaries.

Short-term investments are stated at cost.

Unpaid Losses and Loss Adjustment Expense Reserves – The net liabilities stated for unpaid claims and for expenses of investigation and adjustment of unpaid claims are based upon (a) the accumulation of case estimates for losses reported prior to the close of the accounting period on the direct business written; (b) estimates received from ceding reinsurers and insurance pools and associations; (c) estimates of unreported losses and development on reported losses based on past experience; and (d) estimates based on experience of expenses for investigating and adjusting claims. The total of these factors is reduced for portions ceded to other reinsurers. All such estimates are based on the current state of the law and coverage litigation, which could change substantially by the time claims are settled. These liabilities are subject to the impact of changes in claim amounts and frequency and other factors. In spite of the variability inherent in such estimates, management believes that the liabilities for unpaid losses and loss adjustment expenses are adequate. Changes in estimates of the liabilities for losses and loss adjustment expenses are reflected in the statement of income in the period in which determined.

Premium Deficiency Reserve – The Company uses anticipated investment income as a factor in premium deficiency calculations.

Premium Recognition - Premiums are earned over the terms of the related insurance policies and reinsurance contracts. Unearned premium reserves are established to cover the unexpired portion of premiums written. Generally, for direct business, such reserves are computed by pro rata methods. For certain collateral protection products, earned premium and unearned premium reserves are computed consistent with the proportion of the total exposure provided throughout the term of the contract. For assumed business, unearned premium reserves are based on reports received from ceding companies for reinsurance.

Underwriting Expense Recognition – Expenses incurred in connection with acquiring new insurance business, including such acquisition costs as sales commissions, are charged to operations as incurred. Expenses incurred are reduced for ceding allowances received or receivable.

2.) ACCOUNTING CHANGES AND CORRECTIONS OF ERRORS

A. The Company did not have any material changes in accounting principles and/or corrections of errors, other than the items disclosed in Note 2B.

B. The Company prepares its statutory financial statements in conformity with accounting practices prescribed or permitted by the state of Ohio. Effective January 1, 2001, the state of Ohio required that insurance companies domiciled in the state of Ohio prepare their statutory basis financial statements in accordance with the NAIC *Accounting Practices and Procedure Manual* subject to any deviation prescribed by the State of Ohio insurance commissioner.

Accounting changes adopted to conform to the provisions of the NAIC *Accounting Practices and Procedure Manual* are reported as changes in accounting principles. The cumulative effect of the changes in principles is reported as an adjustment to unassigned funds (surplus) in the period of the change in the accounting principle. As a result of these changes, the Company reported a change of accounting principles, an adjustment that increased unassigned funds (surplus), of \$41,643 as of January 1, 2001. The components of the adjustment are as follows:
