STATEMENT AS OF MARCH 31, 2011 OF THE CIGNA HealthCare of Ohio, Inc.

1. Summary of Significant Accounting Policies

A. Accounting Practices

The financial statements of CIGNA HealthCare of Ohio, Inc., (the Company), have been prepared in conformity with accounting practices prescribed or permitted by the State of Ohio Department of Insurance.

The State of Ohio Department of Insurance recognizes only statutory accounting practices prescribed or permitted by the State of Ohio for determining and reporting the financial condition and results of operations of a Health Maintenance Organization (HMO), for determining its solvency under the State of Ohio Insurance Law. The National Association of Insurance Commissioners' (NAIC) *Accounting Practices and Procedures Manual* (NAIC SAP) has been adopted as a component of prescribed or permitted practices by the State of Ohio.

Basis of Presentation: These financial statements have been prepared in conformity with the accounting practices prescribed or permitted by the State of Ohio Department of Insurance, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) and include management's estimates and assumptions, such as those regarding medical costs and interest rates, that affect the recorded amounts. Significant estimates used in determining insurance liabilities are discussed in the Notes to Statutory Financial Statements. These statutory accounting practices disallow certain assets from admission in the Statutory Balance Sheets. These assets, otherwise included on the Company's balance sheets prepared under GAAP, include certain prepaid expenses, receivables greater than 90 days past due, and certain non-current assets. Under GAAP, bonds classified as available-for-sale are carried at fair value with the related unrealized appreciation (depreciation) recorded as a component of equity. Under statutory accounting principles, bonds are carried principally at amortized cost. Under GAAP, deferred taxes are recorded for any temporary differences between the tax basis of assets and liabilities to the extent it is more likely than not that the deferred tax assets are realizable, with changes in deferred tax assets and liabilities recorded as a component of net income tax expense. The amount of deferred tax assets that may be admitted is generally limited to the lesser of those assets the Company expects to realize within one year of the balance sheet date or ten percent of the Company's surplus, as adjusted for certain items. The net change in the deferred tax assets and liabilities is recognized as a separate component of changes in unassigned surplus.

B. Use of estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

(1) Short-term Investments: No Change

(2) Bonds:

Effective December 31, 2010, the Company adopted Statement of Statutory Accounting Principles (SSAP) No. 100, *Fair Value Measurements*. This guidance expands disclosures about fair value measurements and clarifies how to measure fair value by focusing on the price that would be received when selling an asset or paid to transfer a liability (exit price). The Company's financial assets measured at fair value would include bonds valued at the lower of cost or fair value when reported at fair value at the balance sheet date. As of March 31, 2011, the Company had no financial instruments measured at fair value in the financial statements.

Bonds: Bonds are carried at amortized cost, except those in or near default, which are carried at the lower of cost or fair value. Bonds are considered impaired and their cost basis is written down to fair value through realized gains and losses, when management expects a decline in value to persist (i.e., the decline is other than temporary). The calculation of gain or loss on the sale of bonds is based on specific identification at the time of sale. The Company stops recognizing interest income when interest payments are delinquent or when certain terms (interest rate or maturity date) have been restructured. Net investment income on these investments is only recognized when interest payments are actually received. The Company did not exclude any investment income due and accrued at March 31, 2011 and 2010. The premium or discount on bonds is recognized using the scientific constant yield method.

- (14) Minimum Loss Ratio Rebate Accrual:

On January 1, 2011, the minimum loss ratio rebate provisions of the Patient Protection and Affordable Care Act became effective and will require payment of premium rebates in 2012 to employers and customers covered under the Company's comprehensive medical insurance if certain annual minimum medical loss ratios are not met. At the close of each quarter, the Company records its rebate accrual based on year-to-date estimated medical loss ratios calculated as prescribed by the interim final rule issued by the Department of Health & Human Services using year-to-date premium and claim information by state and market segment. Since this accrual reflects the amount of rebate that would be payable based on year-to-date estimated medical loss ratios, the amount of rebate will fluctuate as actual claim experience develops each calendar quarter. For the three months ended March 31, 2011, no amounts were accrued.

2. Accounting Changes and Corrections of Errors

The Company prepares its statutory financial statements in conformity with accounting practices prescribed or permitted by the State of Ohio. Effective January 1, 2001, the State of Ohio required that insurance companies domiciled in the State of Ohio prepare their statutory basis financial statements in accordance with the NAIC *Accounting Practices and Procedures Manual* subject to any deviations prescribed or permitted by the State of Ohio insurance commissioner.

Accounting changes adopted to conform to the provisions of the NAIC *Accounting Practices and Procedures Manual* are reported as changes in accounting principles. The cumulative effect of changes in accounting principles is reported as an adjustment to unassigned funds (surplus) in the period of the change in accounting principle. The cumulative effect is the difference between the amount of capital and surplus at the beginning of the year and the amount of capital and surplus that would have been reported at that date if the new accounting principles had been applied retroactively for all prior periods. No changes were reported for 2011 and 2010.

Effective December 31, 2009, the Company adopted SSAP 10R, Income Taxes – Revised, A Temporary Replacement of SSAP 10, which requires a reduction in gross deferred tax assets by a statutory valuation allowance adjustment if, it is more likely than not that some portion or all of the gross deferred tax assets will not be realized. In addition, the guidance provides an election to increase the admissible amount of deferred tax asset and requires enhanced disclosures. For 2011 and 2010, the Company has not elected to admit a higher amount of deferred tax assets as calculated under paragraph 10.e.

12. Retirement Plans, Deferred Compensation, Postemployment Benefits and Compensated Absences and Other Postretirement Benefit Plans

A. Defined Benefit Plan

The Company participates in a qualified, non-contributory defined benefit pension plan sponsored by CIGNA. CIGNA allocates amounts to the Company based on salary ratios. The Company provides retirement benefits to substantially all eligible employees through a single integrated plan (the Plan) sponsored by CIGNA. The Company's policy for the Plan is to fund at least the minimum amount required by the Employee Retirement Income Security Act of 1974 (ERISA). On May 8, 2009, the Company announced a freeze of its primary domestic defined benefit pension plans effective July 1, 2009. A curtailment of benefits occurred as a result of this action since it eliminated the accrual of benefits effective July 1, 2009 for active employees enrolled in these domestic pension plans. As a result, pension expense is no longer allocated to the Company and is not included within administrative expenses for the period ended March 31, 2011 and 2010.

B. Defined Contribution Plan

The Company participates in a capital accumulation 401(k) plan sponsored by CIGNA in which employee contributions on a before-tax basis are supplemented by the Company's matching contributions. A substantial amount of the Parent's contributions are invested in the CIGNA common stock fund. Employees may invest in one or more of the following funds: CIGNA common stock fund, several diversified stock funds, a bond fund and a fixed-income fund. CIGNA may elect to increase its matching contributions if CIGNA's annual performance meets certain targets. The Company's expense for such plans was included within administrative expenses for the period ended March 31, 2011 and 2010.

C. Multiemployer Plans

No Change

D. Consolidated/Holding Company Plans

No Change

E. Postemployment Benefits and Compensated Absences

The Company provides certain other postretirement benefits to retired employees, spouses and other eligible dependents through a plan sponsored by CIGNA. The Company has no legal obligation for benefits under these plans. CIGNA allocates amounts to the Company based on a combination of salary ratios and membermonths. CIGNA and its participating subsidiaries make contributions to these plans as claims are incurred, and as of March 31, 2011 and March 31, 2010, the Company's contributions were (\$1,404) and \$419 and were included within administrative expenses. On November 30, 2010, the Company's unfunded postretirement benefit obligation was settled with an upstream affiliate in order to better reflect the liability with the appropriate payroll entity. Therefore, there was no liability as of March 31, 2011 and December 31, 2010.

Regulatory and Industry Developments:

Health care regulation. The business of administering and insuring employee benefit programs, particularly health care programs, is heavily regulated by federal and state laws and administrative agencies, such as state departments of insurance and the federal Departments of Labor and Justice, as well as the courts. Regulation and judicial decisions have resulted in changes to industry and CIGNA's business practices and will continue to do so in the future. In addition, CIGNA's subsidiaries are routinely involved with various claims, lawsuits and regulatory audits and investigations that could result in financial liability, changes in business practices, or both. Health care regulation in its various forms could have an adverse effect on CIGNA's health care operations if it inhibits CIGNA's ability to respond to market demands or results in increased medical or administrative costs without improving the quality of care or services.

Other possible regulatory changes that could have an adverse effect on CIGNA's employee benefits businesses include:

- additional mandated benefits or services that increase costs without improving the quality of care;
- legislation that would grant plan participants broader rights to sue their healthplans;
- changes in ERISA regulations resulting in increased administrative burdens and costs;
- additional restrictions on the use of prescription drug formularies;
- additional privacy legislation and regulations that interfere with the proper use of medical information for research, coordination of medical care and disease and disability management;
- additional rules establishing the time periods for payment of health care provider claims that vary from state to state;
- legislation that would exempt independent physicians from antitrust laws; and
- changes in federal laws, such as amendments to income tax laws, which could affect the taxation of employer provided benefits.

STATEMENT AS OF MARCH 31, 2011 OF THE CIGNA HealthCare of Ohio, Inc.

The health care industry remains under scrutiny by various state and federal government agencies and could be subject to government efforts to bring criminal actions in circumstances that could previously have given rise only to civil or administrative proceedings.

Litigation and Other Legal Matters

CIGNA and its subsidiaries (including the Company) are routinely involved in numerous claims, lawsuits, regulatory and IRS audits, investigations and other legal matters arising, for the most part, in the ordinary course of the business of administering and insuring employee benefit programs including payments to providers and benefit level disputes. Litigation of income tax matters is accounted for under the NAIC's accounting guidance for loss contingencies. The outcome of litigation and other legal matters is always uncertain, and outcomes that are not justified by the evidence can occur. The Company believes that it has valid defenses to the legal matters pending against it and is defending itself vigorously.

In accordance with applicable accounting guidance, when litigation and regulatory matters present loss contingencies that are both probable and estimable, the Company accrues the estimated loss by a charge to income. In such cases, there may also be an exposure to loss in excess of the amounts accrued. If it is reasonably possible that a material adverse outcome could develop in excess of any amounts accrued, the matter is disclosed. In many proceedings, however, it is inherently difficult to determine whether any loss is probable or even possible or to estimate the amount of any loss. As a litigation or regulatory matter develops, the Company monitors the matter for further developments that could affect the amount previously accrued, if any, and updates such amount accrued or disclosures previously provided as appropriate.

Based upon its current knowledge, and taking into consideration its current accruals, the Company believes that the legal actions, proceedings and investigations currently pending against it should not have a material adverse effect on the Company's results of operation, financial condition or liquidity other than possibly the matters referred to in the following paragraphs.

A. Out-of-Network Claims Litigation and Investigations

On February 13, 2008, State of New York Attorney General Andrew M. Cuomo announced an industry-wide investigation into the use of data provided by Ingenix, Inc., a subsidiary of UnitedHealthcare, used to calculate payments for services provided by out-of-network providers. CIGNA and its subsidiaries received four subpoenas from the New York Attorney General's office in connection with this investigation and responded appropriately. On February 17, 2009, CIGNA and its subsidiaries entered into an Assurance of Discontinuance resolving the investigation. In connection with the industry-wide resolution, CIGNA and its subsidiaries contributed \$10 million to the establishment of a new non-profit company that is now compiling and providing the data formerly provided by Ingenix. In addition, on March 28, 2008, CIGNA and its subsidiaries received a voluntary request for production of documents from the Connecticut Attorney General's office seeking certain out-of-network claim payment information. CIGNA has responded appropriately. Since January 2009, the CIGNA has received and responded to inquiries regarding the use of Ingenix data from the Illinois and Texas Attorneys General and the Departments of Insurance in Illinois, Florida, Vermont, Georgia, Pennsylvania, Connecticut and Alaska.

CIGNA and its subsidiaries were named as a defendant in eight putative nationwide class actions asserting that due to the use of data from Ingenix, Inc., CIGNA improperly underpaid claims, an industry-wide issue. Three actions were brought on behalf of members, (*Franco v. CIGNA Corp. et al.*, *Chazen v. CIGNA Corp. et al* and *Nelson v. Connecticut General Life Insurance Co. et al.*), and five actions were brought on behalf of providers, (*American Medical Association et al. v. CIGNA Corp. et al.*, *Shiring et al. v. CIGNA Corp. et al.*; *Higashi et al. v. CGLIC et al.*; *Pain Management and Surgery Center of Southern Indiana v. CGLIC et al.*; and *North Peninsula Surgical Center v. Connecticut General Life Insurance Co. et al.*), all of which were consolidated into the *Franco* case pending in the United States District Court for the District of New Jersey. The consolidated amended complaint, filed on August 7, 2009, asserts claims under ERISA, the RICO statute, the Sherman Antitrust Act and New Jersey state law. CIGNA filed a motion to dismiss the consolidated amended complaint on September 9, 2009, which is fully briefed and pending. Oral argument on the motion is scheduled for May 16, 2011. Plaintiffs filed a motion for class certification on May 28, 2010, which is also fully briefed and pending. Fact and expert discovery have been completed.

STATEMENT AS OF MARCH 31, 2011 OF THE CIGNA HealthCare of Ohio, Inc.

On June 9, 2009, CIGNA filed motions in the United States District Court for the Southern District of Florida to enforce a settlement by enjoining the RICO and antitrust causes of action asserted by the provider and medical association plaintiffs in the *Ingenix* litigation on the ground that they arose prior to and were released in the April 2004 settlement. On November 30, 2009, the Court granted the motions and ordered the provider and association plaintiffs to withdraw their RICO and antitrust claims from the *Ingenix* litigation by December 21, 2009. The plaintiffs filed notices of appeal with the United States Court of Appeals for the Eleventh Circuit on December 10 and 11, 2009. On April 21, 2010 and June 16, 2010, the appeals were dismissed for lack of appellate jurisdiction. Plaintiff's motion for reconsideration was denied on August 18, 2010.

Two of the provider plaintiffs, Higashi and Pain Management and Surgery Center of Southern Indiana, have voluntarily dismissed their claims.

It is reasonably possible that others could initiate additional litigation or additional regulatory action against CIGNA with respect to use of data provided by *Ingenix*, Inc. CIGNA denies the allegations asserted in the investigations and litigation and will vigorously defend itself in these matters.

The Company has an estimated obligation of \$1,168,314 and \$1,214,698 for the period ended March 31, 2011 and 2010 respectively, for an out of court settlement of a lawsuit that was filed on behalf of an injured party. The settlement reached requires that the Company pay the sum of \$12,000 per month for the remainder of the injured party's natural life. The obligation is currently included in other liabilities in the Statements of Assets, Liabilities and Capital and Surplus.

Upon obtaining Department of Insurance approval, CIGNA HealthCare of Ohio, Inc. will be merged with CIGNA HealthCare of St. Louis, Inc., with CIGNA HealthCare of St. Louis as the surviving entity.

The Company is not aware of any Type I or Type II events that occurred subsequent to the close of the books or accounts for this statement which would have had a material effect on the financial condition of the Company. In preparing these financials, the Company has evaluated events that occurred between the balance sheet date and May 13, 2011.

23. Reinsurance

In the normal course of business, the Company enters into agreements with other insurance companies to cede reinsurance. Reinsurance is ceded primarily to limit losses from large exposures and to permit recovery of a portion of direct losses. Reinsurance does not relieve the originating insurer of liability.

Effective January 1, 1994, the Company entered into a Reinsurance Agreement with CGLIC. The Reinsurance Agreement is administered by CHC. Under the provisions of the Reinsurance Agreement, the Company pays a monthly premium based on an established rate per healthplan member. In return for premiums paid, the Company is reimbursed a percentage of costs in excess of a deductible for hospital and related services provided to individual healthplan members. The deductible per individual healthplan member per calendar year is \$150,000 and \$150,000 for the period ended March 31, 2011 and 2010.

Responsibility for covered charges under the CGLIC Reinsurance Agreement per member per year during the period ended March 31, 2011 and 2010 was as follows:

<u>March 31, 2011</u>		
\$150,000 and greater	-	20% the Company
		80% CGLIC

STATEMENT AS OF MARCH 31, 2011 OF THE CIGNA HealthCare of Ohio, Inc.

March 31, 2010
\$150,000 and greater - 20% the Company
80% CGLIC

Premiums paid to CGLIC and to CHC, as administrator, for this agreement amounted to \$22,414 and \$25,134 for the period ended March 31, 2011 and 2010 and are reported as an offset to premiums in the accompanying Statutory Statements of Income. Recoveries for covered charges amounted to \$0 and \$29,351 as of March 31, 2011 and 2010. These balances are included in net reinsurance recoveries in the accompanying Statutory Statements of Income.
