Reserves remaining for prior years are now \$3,007,977,769 as a result of re-estimation of unpaid claims and claim adjustment expenses principally on commercial casualty lines of insurance. Therefore, there has been \$146,217,619 favorable prior-year development since December 31, 2010 to June 30, 2011. The decrease is generally the result of ongoing analysis of recent loss development trends. Original estimates are increased or decreased, as additional information becomes known regarding individual claims.
