Loss reserve amounts are based on management's informed estimates and judgments, using data currently available. Reserve amounts and the underlying actuarial factors and assumptions are regularly analyzed and adjusted to reflect new information. Such reevaluation is a normal, recurring activity that is inherent in the process of loss reserve estimation and therefore, no assurances can be given that reserve development will not occur in the future.

The provision for losses and loss adjustment expenses attributable to insured events of prior years increased by approximately \$83,000 in 2011, as a result of ongoing analysis of recent loss development trends.
