B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

Premiums are earned over the terms of the related insurance policies. Unearned premium reserves are established to cover the unexpired portion of premiums written. Such reserves are computed by pro rata methods for direct business.

Expenses incurred in connection with acquiring new insurance business, including such acquisition costs as sales commissions, are charged to operations as incurred. Expenses incurred are reduced for ceding allowances received or receivable.

- (1) Short-term investments are stated at cost.
- (2) Bonds are stated at amortized cost using the yield to maturity method.
- (3) Common stocks, if owned are stated at lower of cost or market with exception to the stock of PGAC's wholly owned subsidiary (which is valued as described in the NAIC Valuation of Securities Manual).
- (4) The Company holds no preferred stock as of the statement date.
- (5) The Company holds no mortgage loans.
- (6) The basis for loan backed securities is amortized cost or the lower of amortized cost or fair market value. The adjustment methodology used for each type of security is prospective for securities which an OTTI loss has been recognized and retrospective for all other securities.
- (7) The Company values PGA Service Corporation (a wholly owned subsidiary) in accordance with the NAIC policies and procedures manual.
- (8) The company has no investments in joint ventures, partnerships & limited liability company.
- (9) The company has no investments in derivatives.
- (10) The Company anticipates investment income as a factor in the premium deficiency calculation.
- (11) Reserve for losses represents the estimated liability for claims reported to the Company and an amount, based on actuarially determined reserves for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liability is continually reviewed and any adjustments are reflected in the period determined.
- (12) The Company has not modified its capitalization policy from the prior year.
- (13) The Company has no pharmaceutical rebate receivables.

Loan loss estimates are computed based on historical loan delinquency and foreclosure statistics and projecting future delinquencies and losses under multiple economic scenarios including various home price changes and employment estimates, as well as servicer style and the foreclosure rules for each state. Total projected losses for all mortgages in each deal are then compared to the credit support (subordination plus over collateralization) to determine the percentage of principal loss expected for each tranche. To minimize specific security risk and concentration risk to the sector, issue limitations and sector limitations as a percentage of the portfolio have been established.

(2) Direct Exposure through investment in subprime mortgage loans.

None.

NOTES TO FINANCIAL STATEMENTS

years are now \$18.740 million as a result of re-estimation of unpaid claims and lae expenses. Therefore, there has been a \$2.484 million unfavorable prior year development from 12/31/2010 to 06/30/2011 principally on liability lines of business. \$1.796 million of the reserve development was from accident year 2010 and \$.688 was from accident year 2009 and prior. States entered into since 2005 accounted for \$.960 million of the total development due to claim severity projected at the end of the second quarter 2011 being higher than was projected at year-end 2010. In older states, Tennessee accounted for \$.295 million of development because of claims severity. Ohio had \$.236 million of development from higher than average projected case reserves.
