STATEMENT AS OF SEPTEMBER 30, 2011 OF THE LIGHTNING ROD MUTUAL INSURANCE COMPANY

NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

The accompanying financial statement of Lightning Rod Mutual Insurance Company (the Company) has been prepared in conformity with accounting practices prescribed by the National Association of Insurance Commissioner's *Accounting Practices and Procedures* manual and the state of Ohio. All material transactions recorded by the company are in conformity with prescribed statutory accounting principles.

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

Accounting policy disclosure

Premiums are earned over the terms of the related policies and reinsurance contracts. Unearned premium reserves are established to cover the unexpired portion of premiums written. Such reserves are computed by pro rata methods for direct business and are based on reports received from ceding companies for reinsurance. Expenses incurred in connection with acquiring new insurance business, including such acquisition costs as sales commissions, are charged to operations as incurred. Expenses incurred are reduced for ceding allowances received or receivable. In addition, the company uses the following accounting policies:

- Short-term investments are stated at cost.
- Bonds are stated at amortized cost (scientific amortization method); U.S. Treasury Inflation-Indexed bonds are stated at amortized cost adjusted for unrealized inflation factor gains.
- Common stocks are stated at market.
- Preferred stocks are stated at market.
- The Company has no mortgage loans.
- The Company has no loan-backed securities.

20. **Fair Value Measurements**
The company's financial assets and liabilities carried at fair value have been classified, for disclosure purposes, based on a hierarchy defined by FASB ASC 820 (SFAS No. 157), *Fair Value Measurements*. The hierarchy gives the highest ranking to fair values determined using unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest ranking to fair values determined using methodologies and models with unobservable inputs (Level 3). An asset's or a liability's classification is based on the lowest level input that is significant to its measurement. For example, a Level 3 fair value measurement may include inputs that are both observable (Levels 1 and 2) and unobservable (Level 3). The levels of the fair value hierarchy are as follows:

Level 1:

Values are unadjusted quoted prices for identical assets and liabilities in active markets accessible at the measurement date.

Level 2:

Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads and yield curves.

Level 3:

Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the Company's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

NOTES TO FINANCIAL STATEMENTS

Fair Value Measurements (continued)

Level 1 Financial Assets

These assets include actively-traded exchange-listed equity securities and some mutual funds. Unadjusted quoted prices for these securities are provided to the company by independent pricing services.

Level 2 Financial Assets

The company classified no assets in Level 2.

Level 3 Financial Assets

The company classifies certain newly issued, privately placed, complex or illiquid securities in Level 3. This amount represents an investment in a limited partnership interest and is valued using the equity method of accounting which approximates fair value. Increase in 2011 is due entirely to unrealized gains. In 2011, the company has had no transfers into or out of the Level 3 category and no transfers between Levels 1 and 2.

21. Other Items

The company has no extraordinary items or unusual items.

22. Events Subsequent

There were no events occurring subsequent to the close of the books as of September 30, 2011 that would have a material effect on the financial condition of the company.

23. Reinsurance

There were no uncollectible reinsurance balances written off and no commutations of ceded reinsurance. The company has no retroactive reinsurance agreements. At year-end 2008, the company recognized a \$667 thousand provision for unauthorized reinsurance due to the Lehman Re bankruptcy for catastrophe losses recoverable net of reinstatement premiums. No changes occurred in 2010 or 2011.

24. Retrospectively Rated Contracts and Contracts Subject to Redetermination

The company has no retrospectively rated contracts or contracts subject to redetermination.

25. Changes in Incurred Losses and Loss Adjustment Expense

Reserves as of December 31, 2010 were \$30.0 million. In calendar year 2011, \$13.3 million has been paid for incurred losses and loss adjustment expenses attributable to insured events of prior years. Reserves remaining for prior years are now \$14.0 million. Therefore, there has been a \$2.7 million favorable prior-year development from December 31, 2010 to September 30, 2011. The favorable development is generally the result of ongoing analysis of recent loss development trends, and from decreases in the estimates of loss and loss adjustment expenses for the following lines of business: private passenger auto liability, auto physical damage, homeowners/farmowners, commercial multi-peril, other liability, and special property. These decreases were offset, in part, by increases in commercial auto liability and workers compensation. Original estimates are increased or decreased as additional information becomes known regarding individual claims. The estimates are not affected by prior year loss development on retrospectively rated policies, as the company does not write this type of policy.

26. Intercompany Pooling Agreements

Lightning Rod, NAIC number 28123, 55%, Western Reserve, NAIC number 28131, 40%, and Sonnenberg, NAIC number 10271, 5%, participate in a pooling agreement for all lines of business. Lightning Rod is the lead company; no amounts were due to or from this company at September 30, 2011.
