NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

- A. The financial statements of Excess Share Insurance Corporation (the Company, or ESI) are presented on the basis of accounting practices prescribed or permitted by the Ohio Insurance Department and in accordance with the NAIC Statutory Principles (NAIC SAP). All of the Company's significant statutory accounting practices are prescribed practices.
- B. The preparation of financial statements in conformity with NAIC SAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.
- C. Policies and Other Information

- 1. General – Excess Share Insurance Corporation (the “Company”) is a licensed Ohio property and casualty insurance company insuring the share deposit accounts of its insured credit unions for up to \$250,000 in excess of the insurance limit imposed by the credit union’s primary insurer. All federally insured credit unions which have the Company’s excess insurance coverage are generally insured for up to \$250,000 in excess of the \$250,000 federal deposit insurance limits for the sum of all checking, savings and certificates of deposit, while IRAs are separately insured up to \$250,000 in excess of the \$250,000 federal insurance limits.

The Company is a wholly owned subsidiary of American Mutual Share Insurance Corporation (Parent), a licensed Ohio credit union share guaranty corporation.

The Company was organized in 1993 and began writing business in 1995. The Company is currently licensed in Ohio, Alabama, Arkansas, Colorado, Delaware, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Maine, Maryland, Michigan, Minnesota, Missouri, Nevada, New Hampshire, New Jersey, North Carolina, North Dakota, Oklahoma, Oregon, Pennsylvania, South Carolina, Tennessee, Texas, Utah, Washington and the District of Columbia. In addition, existing excess insurance business written by its Parent, in states in which ESI is authorized to transact business, has been transferred to ESI since 1995. There were no transfers of insurance-in-force or premium deposits in 2011 or 2010. The Company currently has no pending applications for any state insurance licenses.

- 2. Investments – The Company accounts for its investments in bonds at amortized cost. Bonds consist of obligations issued and guaranteed by the U.S. Government or its agencies. The Company utilizes the level-yield method to amortize premiums and accrete discounts over the stated maturity period of the related investment and is reported in net investment income.

Gains or losses on investments sold are based on the specific identification method and are included in investment income. Investment purchases and sales are recorded on the trade date. Interest income is accrued when earned.

- 3. Cash, Cash Equivalents and Short-Term Investments – The Company considers cash equivalents to be other deposit accounts and investment securities purchased with maturities of three months or less. Cash and cash equivalents also include non-negotiable certificates of deposit with a carrying value of \$1,075,044 at December 31, 2011 and 2010, respectively, the majority of which were on deposit for the benefit of various state insurance departments as a condition to write business in those states.
- 4. Reserve for Guaranty Losses – The Company provides for guaranty losses incurred and reported, as well as losses incurred but not reported (IBNR), during the period such losses become evident based on monthly analysis of insured credit unions’ financial statements, on-site examination results and other significant data.

The reserve for guaranty losses account represents an estimate of the cost of all guaranty losses which are unpaid at year-end. The estimates are continually reviewed, and as adjustments become necessary, such adjustments are reflected in current operations. Since this liability is based on estimates and historical experience, the actual cost of the losses may vary from the amounts reflected in the financial statements. Management utilizes the services of an independent actuary who has reviewed the assumptions and methods used by the Company in determining its reserves for guaranty losses as of December 31, 2011 and 2010. Management believes that the Company has recorded sufficient reserves for losses.

- 5. Advertising and Marketing Costs – Advertising, marketing and promotional costs are expensed as incurred.
- 6. Federal Income Taxes – The Company files a Federal income tax return separate from its Parent. Total income taxes of \$231,105 and \$145,236 were paid during 2011 and 2010,

NOTES TO FINANCIAL STATEMENTS

respectively.

The Company accounts for deferred income taxes using the liability method and deferred tax assets that are not anticipated to be realized within one year are treated as non-admitted assets in the accompanying statutory basis financial statements. All of the Company's deferred tax assets (\$609,000 and \$504,000 at December 31, 2011 and 2010, respectively, relating primarily to its reserve for guaranty losses) are treated as non-admitted assets

7. Premium Deposits – Credit unions insured under the Company's excess share insurance contract ("Excess-insureds") are required to maintain a premium deposit with the Company equal to 1% of the aggregate limits of liability, as defined by the Company's excess insurance contract with such credit unions. Premium deposits are adjusted as needed for changes in each Excess-insured's aggregate limits of liability. In addition to the premium deposit, the Company also assesses and earns a monthly risk-based premium, which is remitted by Excess-insureds in arrears after the end of each calendar quarter.

All premium deposits are refunded no sooner than 90 days following the date of termination of insurance, to the extent such premium deposits are not needed to satisfy guaranty losses. Premium deposits to be refunded for terminated contracts were \$120,000 and \$940,000 at December 31, 2011 and 2010, respectively. Guaranty losses under the Company's excess insurance contracts are paid first from the Company's reserve for guaranty losses, then from its current and retained earnings, up to a maximum of 10% of statutory capital and surplus on any individual loss, and then from the \$7,000,000 guarantee from its Parent. A claim would be made against the Company's reinsurance policy for up to \$7,500,000 in aggregate losses exceeding the Company's and its Parent's combined \$7,500,000 retention (prior to February 1, 2011 the retention was \$8,200,000). Thereafter, losses are charged pro rata to the premium deposit accounts held by the Company and then pro rata to Excess-insureds' premium deposit accounts held by the Parent. The Company had \$28,685,000 and \$30,890,000 of premium deposits at December 31, 2011 and 2010, respectively.

8. Reinsurance – Effective February 1, 2011, the Company and its Parent (the "Companies") entered into a renewal reinsurance agreement with an authorized U.S. third-party reinsurer, for a two-year term through February 1, 2013, to reinsure its excess share insurance program. The agreement consists of a single layer of reinsurance coverage which provides per occurrence and aggregate loss coverage of \$7,500,000 in excess of the Companies' aggregate retention of \$7,500,000. Annual premiums under the reinsurance agreement are \$375,000 and allocated between the Company and its Parent pro rata based on their monthly excess insurance in force.

Prior to February 1, 2011, the Companies had a three-year reinsurance agreement on its excess share insurance program with the same reinsurer, which expired on February 1, 2011. This reinsurance agreement provided the Companies with \$7,500,000 reinsurance coverage in excess of aggregate retention by the Companies of \$8,200,000. Annual premiums under the reinsurance agreement were \$650,000 which were allocated between the Company and its Parent pro rata based on their monthly excess insurance in force.

9. Adoption of New Accounting Pronouncements – In August 2009, the FASB issued guidance to clarify the determination of the fair value of a liability. The Company does not report any of its financial liabilities at fair value. The adoption of this guidance in 2010 had no impact on the Company's financial statements.

In January 2010, the FASB issued an amendment to guidance related to fair value disclosures. The amendment adds new requirements for disclosures about (1) transfers in and out of Levels 1 and 2 fair value measurements in which a reporting entity should disclose separately the amounts of significant transfers in and out of Levels 1 and 2 fair value measurements and the reasons for the transfers, and (2) the activity in Level 3 fair value measurements, including the reconciliation for fair value measurements using significant unobservable inputs in which an entity should present separately information about purchases, sales, issuances, and settlements. This amendment provides clarification for existing disclosures for (1) the level of disaggregation for fair value measurement disclosures for each class of assets and liabilities and (2) as it relates to Levels 2 and 3 fair value measurements, disclosures about the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements required for Levels 2 or 3. The requirement to provide the Level 3 activity of purchases, sales, issuances, and settlements on a gross basis, is effective for fiscal years beginning after December 15, 2010, and was adopted by the Company effective January 1, 2011, with no material impact on the Company's financial statements. The disclosure requirements for significant transfers in and out of Levels 1 and 2 was effective for periods beginning on or after December 15, 2009, and were adopted by the Company effective January 1, 2010, with no material impact on the Company's financial statements.

NOTES TO FINANCIAL STATEMENTS

In October 2010, the FASB issued guidance on accounting for costs associated with acquiring or renewing insurance contracts. The amendments in the guidance specify that certain costs incurred in the acquisition of new and renewal contracts should be capitalized. Those costs include incremental direct costs of contract acquisition and certain costs related to acquisition activities. The guidance is effective for fiscal years beginning after December 15, 2011, and should be applied prospectively upon adoption. Retrospective application to all prior periods presented upon the date of adoption also is permitted, but not required. Early adoption is permitted, but only at the beginning of an entity’s annual reporting period. The Company does not expect the adoption of this guidance to have a material impact on the Company’s financial statements.

In May 2011, the FASB issued guidance that clarifies the application of existing fair value measurement and disclosure requirements and amends certain fair value measurement principles, requirements and disclosures. To improve consistency in global application, changes in wording were made. The guidance is to be applied prospectively for reporting periods beginning after December 15, 2011. Early adoption is not permitted. The impact of adoption is not expected to be material to the Company’s financial statements.

E. Federal income taxes incurred and available for recoupment in the event of future operating losses were \$223,000 for 2011 and \$151,000 for 2010.

F. The Company files a federal income tax return separate from that of its parent, American Mutual Share Insurance Corporation.

10. Information Concerning Parent, Subsidiaries and Affiliates

Effective February 9, 1994 the Company entered into a cost sharing services agreement with its Parent through which the Parent provides various management services and the use of equipment and facilities to the Company for its operations. The agreement is renewable annually and may be terminated by either party with 90 days notice. The Company pays the Parent a monthly fee of \$114,600 (\$126,700 in 2010) under the agreement with an annual “true up” adjustment to reflect the actual costs of services provided by the Parent to the Company. Total management fees under this agreement were \$1,202,700 and \$1,383,300 in 2011 and 2010, respectively. The Company has allocated the management fee in the “Underwriting and Investment Exhibit” to various expense categories. The allocation is based on the time spent by the parent’s personnel on Company business (for salaries, benefits and taxes) and based on the Company’s gross revenues as a percent of the sum of the Company’s and Parent’s revenues (for all other administrative expenses).

Under an unused committed line-of-credit agreement with the Parent, the Company may borrow, on a demand basis, up to \$10,000,000 at an interest rate equal to the prevailing prime rate. Borrowings under the line must be collateralized by investment securities and other assets. The arrangement is subject to annual renewal by both parties. In accordance with the terms of the line-of-credit agreement, the Company pays the Parent an annual commitment fee, which was \$25,000 in 2011 and 2010.

The Parent has entered into a guaranty agreement dated February 9, 1994, and amended January 1, 2001, with the Ohio Department of Insurance whereby the Parent guarantees, up to a maximum aggregate commitment of \$7,000,000, that the capital and surplus of the Company will be maintained at the appropriate statutory level of at least \$5,000,000.

The Company and the Parent have an agreement which provides that, in the event the Company incurs an insuring loss, the Parent will make available to the Company the premium deposits the Parent holds for its excess share business (\$3,460,000 at December 31, 2011) in order that the Company can meet its obligations under its excess insurance contracts.

3. 25. Change in Incurred Losses and Loss Adjustment Expenses

The Company writes only one line of business, "Other" (excess share insurance) and sets loss reserves on a prudent basis for potential claims events. Excess insurance claims events are infrequent (rare) but potentially severe and as a result, upon consultation with the Company's independent actuary, the Company provides annual loss reserve additions so that cumulative loss reserves are within an actuarially accepted range. Further, since the Company has no specific loss events identified, for which a loss

NOTES TO FINANCIAL STATEMENTS

reserve would normally be established, all of the Company’s loss reserves are unallocated IBNR loss reserves. As a result, for purposes of Schedule P, in any given year the cumulative loss reserves held are considered to have occurred as follows: (1) 60% in current year; (2) 30% in the previous year; and (3) 10% in the second previous year and have been allocated as such in Schedule P, which is comparable to methods used by other insurance companies with infrequent claims events. Since claims events are rare (infrequent but potentially severe), the typical year shows favorable development. A summary of the favorable loss development for the Company’s single line of business (“Other”) follows (dollars in thousands):

Year of Development	Col. 1 Prior Year (2010) Loss Reserve Allocated	Col. 2 Current Year (2011) Loss Reserves Allocated	Col. 3 Current Calendar Year (2011) Losses and LAE Incurred (Col 2 – Col 1)	Col. 4 Schedule P Part 2 Unfavorable (Favorable) Development (Col 2 – Col 1)	Col. 5 Gross Losses Incurred for Unallocated IBNR Loss Reserves (Col 3 – Col 4)

No additional premiums have been accrued as a result of the impact of the changes in the provision for incurred loss and LAE expenses attributable to insured events of prior years.

26. Intercompany Pooling Arrangements – Does not apply.

27. Structured Settlements – Does not apply.

28. Health Care Receivables – Does not apply.

29. Participating Accident and Health Policies – Does not apply.

30. Premium Deficiency Reserves

The Company provides deposit insurance to participating credit unions for up to \$250,000 in excess of the insurance limit imposed by the credit union’s primary insurer. Credit unions insured under the Company’s excess insurance contract are required to maintain a premium deposit with the Company equal to 1% of the aggregate limits of liability. The premium deposits are recorded as a liability by the Company and are non-interest bearing. The investment earnings therefrom in addition to a monthly risk-based premium charge are used to fund the Company’s deposit insurance program. The premium deposits are at-risk to the insured credit unions and ultimately can act as a reserve that is available to pay claims if needed. The aggregate of premium deposits that are available to pay claims are \$2,868,500 at December 31, 2011. Therefore the Company has determined there is not a need for a premium deficiency reserve and none has been recorded at December 31, 2011. This evaluation was completed on February 20, 2012. The Company considers investment income when evaluating the need for premium deficiency reserves.

Gross loss exposure based on historic claims of primary insurer, reduced by expected collections, parent guarantee & reinsurance to determine net loss

6.3

What provision has this reporting entity made (such as a catastrophic reinsurance program) to protect itself from an excessive loss arising from the types and concentrations of insured exposures comprising its probable maximum property insurance loss?

The Company has a guaranty agreement with its Parent, whereby the Parent guarantees up to a \$7 million commitment, that the Company's capital will be maintained at \$5 million. Losses in excess of \$7.5 million are covered by reinsurance and premium deposits.

Yes () No (X)

8.2
