- (2) The Company has a written tax sharing agreement with Munich American Holding Corporation approved by the Company's Board of Directors, setting forth the allocation and payment of federal income tax. The consolidated tax provision or credit is allocated to the separate companies on the basis of separate return computations. If the current year results in a reported profit for the insurance company, the tax provision recorded is currently payable to the parent company. If the current year results in a reported loss for the insurance company, the tax credit recorded is currently payable from the parent company to the insurance company. Thus, in loss years, Federal income taxes are recouped immediately and not carried forward. Estimated settlements are performed quarterly with the final amount settled once the tax return is filed.
