**NOTES TO FINANCIAL STATEMENTS**

## 1. Significant Account Policies.

## A. Accounting practices.

The financial statements of **Catholic Ladies of Columbia** are presented on the basis of accounting practices prescribed or permitted by the Ohio Insurance Department.

The Ohio Insurance Department recognizes only statutory accounting practices prescribed or permitted by the state of Ohio for determining and reporting the financial condition and results of operations of a Fraternal Benefit Society, for determining its solvency under the Ohio Insurance Law. The National Association of Insurance Commissioners' (NAIC) *Accounting Practices and Procedures* manual, (NAIC SAP), has been adopted as a component of prescribed or permitted practices by the state of Ohio. The state has adopted certain prescribed accounting practices that differ from those found in NAIC SAP. Specifically, 1) goodwill arising from the purchase of a subsidiary, controlled or affiliated entity is written off directly to surplus in the year it originates by Ohio domiciled companies. In NAIC SAP, goodwill in amounts not to exceed 10% of an insurer's capital and surplus may be capitalized and all amounts of goodwill are amortized to unrealized gains and losses on investments over periods not to exceed 10 years, and, 2) 100% of all fixed assets are admitted by Ohio domiciled Fraternal Benefit Societies. In NAIC SAP, fixed assets are not admitted. The Commissioner of Insurance has the right to permit other specific practices that deviate from prescribed practices.

A reconciliation of the Society's net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the state of Ohio results in no change.

## B. Use of Estimates in the Preparation of the Financial Statements.

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

## C. Accounting Policy.

Life premiums are recognized as income over the premium paying period of the related policies. Annuity considerations are recognized as revenue when received. Health premiums are earned ratable, over the term of the related insurance policies. Expenses incurred in connection with acquiring new insurance business, including acquisition costs such as sales commissions, are charged to operations as incurred.

The amount of dividends to be paid to policyholders is determined annually by the Society's Board of Directors. The aggregate amount of policyholders' dividends is related to actual interest, mortality, morbidity, and expense experience for the year and judgment as to the appropriate level of statutory surplus to be retained by the Society.

In addition, the society uses the following accounting policies:

- (1) Short-term investments are stated at amortized cost.
- (2) Bonds: Not backed by other loans at amortized cost using the interest method: loan-backed bonds and structured securities at amortized cost using the interest method including anticipated prepayments at the date of purchase; significant changes in estimated cash flows from the original purchase assumptions are accounted for using the composite method. Bonds rated NAIC Class 6 are valued at market.
- (3) Common Stock: At market value except that investments in stocks of uncombined subsidiaries and affiliates in which the Society has an interest of 20% or more are carried on the equity basis.
- (4) Preferred Stock: Cost or Amortized Value in accordance with NAIC procedure.
- (5) Mortgage Loan on Real Estate: Aggregate unpaid balance. Other Investments: Equity basis.

- (7) The Society has no subsidiary.
- (8) The Society has no ownership interests in joint ventures.
- (9) The Society has no derivatives.
- (10) The Society has neither Individual Accident and Health Contracts; nor Group Accident and Health Contracts.
- (11) Unpaid losses and loss adjustment expenses include an amount determined from individual case estimates and loss reports and an amount, based on past experience, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liability are continually reviewed and any adjustments are reflected in the period determined. Because the Society is a

- (12) The Society has not modified its capitalization policy from the prior Period.
