**NOTES TO FINANCIAL STATEMENTS****1. Summary of Significant Accounting Policies****a. Accounting Practices and Procedures**

The financial statements of Continental General Insurance Company ("CGIC" or "the Company") are presented on the basis of accounting practices prescribed or permitted by the Ohio Department of Insurance.

The Ohio Department of Insurance recognizes only Statutory Accounting Practices prescribed or permitted by the State of Ohio for determining and reporting the financial condition and results of operations of an insurance company, for determining its solvency under the Ohio Insurance Law. The National Association of Insurance Commissioners ("NAIC") Accounting Practices and Procedures Manual ("NAIC SAP") has been adopted as a component of prescribed or permitted practices by the State of Ohio.

**b. Use of Estimates in the Preparation of the Financial Statements**

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

**c. Accounting Policy**

Life premiums are recognized as income over the premium-paying period of the related policies. Annuity considerations are recognized as revenue when received. Health premiums are earned ratably over the terms of the related insurance. Expenses incurred in connection with acquiring new insurance business, including acquisition costs such as sales commissions, are charged to operations as incurred. The Company pays dividends to participating policyholders.

In addition, the company uses the following accounting policies:

- (1) Short-term investments are stated at amortized cost.
- (2) Bonds not backed by other loans with an NAIC rating of 1 through 5 are stated at amortized cost using the interest method; all others are stated at lower of cost or market.
- (3) Common stocks are stated at market, except investments in stocks of wholly owned subsidiaries, which are carried on the equity basis, in accordance with SSAP No. 97.
- (4) Redeemable preferred stocks rated RP1 through RP3 and perpetual preferred stocks rated P1 through P3 are stated at book value, all others are stated at the lower of book value or market value.
- (5) Mortgage loans on real estate and policy loans are stated at the aggregate unpaid balance.
- (6) Loan-backed securities with a NAIC rating 1 through 5 are stated at amortized cost using the interest method; all others are stated at the lower of amortized cost or market. Certain residential mortgage-backed securities (RMBS), commercial mortgage-backed securities (CMBS) and loan-backed and structured securities (LBASS) are subject to the two-step process based on the price point determined by a third party financial model to properly reflect the expected loss from the securities which in turn determines the Book Adjusted Carrying Value method and a final NAIC designation. Those RMBS, CMBS and LBASS securities that are not modeled but receive a current year Acceptable Rating Organizations (ARO) rating are subject to the two-step Modified FE process based on the price point determined by the NAIC which in turn determines the Book Adjusted Carrying Value method and a final NAIC designation. For loan-backed bonds and structured securities, dealer modified anticipated prepayment assumptions are used at the date of purchase to determine effective yields. Significant changes in estimated cash flows from the original purchase assumptions are accounted for on a prospective basis.
- (7) Investments in subsidiaries, controlled and affiliated companies are valued using the equity method in accordance with SSAP No. 97.
- (8) Investments in joint ventures, partnerships and limited liability companies are stated at the equity carrying value.
- (9) Derivatives – Not applicable
- (10) The Company utilizes anticipated investment income as a factor in the premium deficiency calculation.
- (11) Unpaid losses and loss adjustment expenses include an amount determined from individual case estimates and loss reports and an amount, based on past experience, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liability are continually reviewed and any adjustments are reflected in the period determined.
- (12) The Company has not modified its capitalization policy from the prior period.
- (13) The Company has no pharmaceutical rebate receivables.

**2. Accounting Changes and Corrections of Errors****a. The Company had no material changes in accounting principles and/or the correction of errors.****3. Business Combinations and Goodwill – There were no merger or acquisition transactions recorded in 2011.****4. Discontinued Operations – The Company has no reportable discontinued operations.****5. **NOTES TO FINANCIAL STATEMENTS**d. **Loan-Backed Securities**

- d. Consolidated/Holding Company Plans:

## (1) Employees' Retirement Plan:

- (a) All employees meeting minimum requirements are eligible to participate in an Employee Stock Ownership Retirement Plan ("Plan") established by GAFRI for employees of GAFRI and its participating subsidiaries. The Plan is a defined contribution plan in which participating employees are entitled to share in contributions made by GAFRI on their behalf. The benefits are based on an employee's years of service and eligible compensation for each year of participation. Funding is determined annually. Each participating employer contributes an amount based upon the relationship of its total eligible compensation to total eligible compensation under the Plan. The Company's contribution for the plan was \$77,861 in 2011 and \$103,942 in 2010.
- (b) Plan costs are funded as they accrue and vested benefits are fully funded. Contributions to the Plan are subject to the discretion of the Board of Directors of the Company, and the Company has no liability for future contributions under the Plan.

## (3) Post Retirement Benefits:

GAFRI provides postretirement health care and life insurance benefits to employees meeting age and service requirements through plans sponsored by American Financial Group, Inc. The retiree medical care plan is a contributory plan covering all eligible employees hired prior to 1993; employees hired after 1992 pay the full cost of retiree medical coverage. GAFRI has established a cap on the total amount of health care costs that are subsidized for the majority of current retirees and all eligible future retirees. GAFRI currently pays the full cost of life insurance coverage for past retirees, but no coverage is provided for new retirees after 2005. The medical plan is funded by monthly payments to a trust. Life insurance benefits are provided by insurance contracts. American Financial Group, Inc. has the right to modify or terminate either of these plans in the future. The Company has the right to terminate its participation at any time in the future.

GAFRI accrues its postretirement benefits over the period the employees qualify for such benefits. At December 31, 2011, GAFRI's accumulated postretirement benefit obligation was \$727,798 using a discount rate of 3.75% of which all is currently accrued. Net postretirement benefits costs for the year ended December 31, 2011, was a credit of \$11,094, which includes service cost, interest cost, and amortization of the transition obligation.

The weighted average annual assumed rate of increase in the health care cost trend rate is 8% for 2011 and is assumed to decrease gradually to 5% over 7 years and to remain at that level thereafter. The effect of a 1% increase in the assumed health care cost trend rate for each year would increase the accumulated postretirement benefit obligation at December 31, 2011 by \$869.
