NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation: These financial statements have been prepared in conformity with accounting practices prescribed or permitted by the State of Ohio Department of Insurance and reflect management's estimates and assumptions that affect the recorded amounts. The National Association of Insurance Commissioner's (NAIC) Accounting Practices and Procedures manual, Version effective January 1, 2001, has been adopted as a component of prescribed or permitted practices by the state of Ohio. These accounting practices vary in certain respects from generally accepted accounting principles followed in determining financial position and results of operations and cash flows. The differences arise from the treatment of certain assets designated as "non-admitted assets" which are charged against accumulated earnings, whereas under generally accepted accounting principles they are considered assets. There were no non-admitted assets as of March 31, 2012.

B. The preparation of financial statements requires the use of management's estimates. Significant estimates used in determining claims payable, allowances for uncollectible amounts and deferred tax assets are discussed throughout the Notes to Statutory Financial Statements.

C.

- 1.** Cash and Short-term Investments: Investments with maturities of one year or less at the time of purchase are included as short-term investments. Short-term investment consists of US Treasury bills and note.
- 2.** Bonds: Effective December 31, 2010, the Company adopted Statement of Statutory Accounting Principles (SSAP) No. 100, *Fair Value Measurements*. This guidance expands disclosures about fair value measurements and clarifies how to measure fair value by focusing on the price that would be received when selling an asset or paid to transfer a liability (exit price). The Company's financial assets measured at fair value would include bonds valued at the lower of cost or fair value when reported at fair value at the balance sheet date. As of March 31, 2012, the Company had no financial instruments measured at fair value in the financial statements.

Bonds designated highest quality and high quality are carried at amortized cost. All other bonds are carried at the lower of cost or fair value. Bonds are considered impaired and their cost basis is written down to fair value through realized gains and losses, when management expects a decline in value other than temporary to persist. The calculation of gain or loss on the sale of bonds is based on specific identification at the time of sale. The Company stops recognizing interest income when interest payments are delinquent or when certain terms (interest rate or maturity) have been restructured. Net investment income on these investments is only recognized when interest payments are actually received. The Company did not exclude any investment income due and accrued at March 31, 2012. The premium or discount on bonds is recognized using the scientific constant yield interest method.

- 3.** Common stocks are stated at par value.
- 4.** Cigna Dental Health of Ohio, Inc. does not own any preferred stocks.
- 5.** Mortgage Loans is not applicable to the Company.
- 6.** Loan-backed securities are not applicable to the Company.
- 7.** Investments in subsidiaries, controlled and affiliated entities is not applicable to the Company.
- 8.** Investments in joint ventures, partnerships and limited liability companies is not applicable to the Company.
- 9.** Derivatives are not applicable to the Company.
- 10.** Premium Deficiency is not applicable to the Company.
- 11.** Claims payable and claims adjustment expenses include estimates of payments to be made under dental insurance coverage provided by the Company for reported claims and for losses incurred but not yet reported. Management develops these estimates using actuarial methods based upon historical data for claim payment patterns, cost trends, product mix, seasonality, utilization of dental care services and other relevant factors. When estimates change, the Company records the adjustment in dental expenses in the period the change in estimate occurs. Claims adjustment expenses include a reserve for additional administrative expenses

associated with unpaid dental claims that are in the process of settlement, as well as those that have been incurred but not yet reported. This reserve is based on the historical relationship between claims handling expenses and incurred claims.

12. Change in capitalization policy is not applicable to the Company.

13. Pharmaceutical rebate receivable is not applicable to the Company.

Health care regulation

The business of administering and insuring employee benefit programs, particularly health care programs, is heavily regulated by federal and state laws and administrative agencies, such as state departments of insurance and the federal Departments of Labor and Justice, as well as the courts. Regulation and judicial decisions have resulted in changes to industry and Cigna's business practices and will continue to do so in the future. In addition, Cigna's subsidiaries are routinely involved with various claims, lawsuits and regulatory audits and investigations that could result in financial liability, changes in business practices, or both. Health care regulation in its various forms could have an adverse effect on Cigna's health care operations if it inhibits Cigna's ability to respond to market demands or results in increased medical or administrative costs without improving the quality of care or services.

Other possible regulatory changes that could have an adverse effect on Cigna's employee benefits businesses include:

- additional mandated benefits or services that increase costs without improving the quality of care;
- legislation that would grant plan participants broader rights to sue their healthplans;
- changes in ERISA regulations resulting in increased administrative burdens and costs;
- additional restrictions on the use of prescription drug formularies;
- additional privacy legislation and regulations that interfere with the proper use of medical information for research, coordination of medical care and disease and disability management;
- additional rules establishing the time periods for payment of health care provider claims that vary from state to state;
- legislation that would exempt independent physicians from antitrust laws; and
- changes in federal laws, such as amendments to income tax laws, which could affect the taxation of employer provided benefits.

The health care industry remains under scrutiny by various state and federal government agencies and could be subject to government efforts to bring criminal actions in circumstances that could previously have given rise only to civil or administrative proceedings.

Litigation and Other Legal Matters

Cigna and its subsidiaries (including the Company) are routinely involved in numerous claims, lawsuits, regulatory and IRS audits, investigations and other legal matters arising, for the most part, in the ordinary course of managing a health services business, including payments to providers and benefit level disputes. Such legal matters include benefit claims, breach of contract claims, tort claims, disputes regarding reinsurance arrangements, employment related suits, employee benefit claims, wage and hour claims, and intellectual property and real estate related disputes. Litigation of income tax matters is accounted for under the NAIC's accounting guidance for loss contingencies. Further information can be found in Note 3. The outcome of litigation and other legal matters is always uncertain, and unfavorable outcomes that are not justified by the evidence can occur. The Company believes that it has valid defenses to the legal matters pending against it and is defending itself vigorously.

When the company (in the course of its regular review of pending litigation and legal matters) has determined that a material loss is reasonably possible, the matter is disclosed. In accordance with applicable accounting guidance, when litigation and regulatory matters present loss contingencies that are both probable and estimable, the Company accrues the estimated loss by a charge to income. The amount accrued represents the Company's best estimate of the probable loss at the time. If only a range of estimated losses can be determined, the Company accrues an amount within the range that, in the Company's judgment, reflects the most likely outcome; if none of the estimates within that range is a better estimate than any other amount, the Company accrues the minimum amount of the range. In cases that the Company has accrued an estimated loss, the accrued amount may differ materially from the ultimate amount of the relevant costs. In many proceedings, it is inherently difficult to determine whether any loss is probable or even possible or to estimate the amount of any loss. As a litigation or regulatory matter develops, the Company monitors the matter for further developments that could affect the amount previously accrued, if any, and updates such amount accrued or disclosures previously provided as appropriate.

Due to numerous uncertain and unpredictable factors presented in this case, it is not possible to estimate an aggregate range of loss (if any) for this matter at this time.

Except as otherwise noted, the Company believes that the legal actions, proceedings and investigations currently pending against it should not have a material adverse effect on the Company's results of operation, financial condition or liquidity other than possibly the matters referred to in the following paragraphs. However, in light of the uncertainties involved in these matters, there is no assurance that their ultimate resolution will not exceed the amounts currently accrued by the Company and that an adverse outcome in one or more of these matters could be material to the Company's results of operation, financial condition or liquidity for any particular period.

On February 13, 2008, State of New York Attorney General Andrew M. Cuomo announced an industry-wide investigation into the use of data provided by Ingenix, Inc., a subsidiary of UnitedHealthcare, used to calculate payments for services provided by out-of-network providers. Cigna and its subsidiaries received four subpoenas from the New York Attorney General's office in connection with this investigation and responded appropriately. On February 17, 2009, Cigna and its subsidiaries entered into an Assurance of Discontinuance resolving the investigation. In connection with the industry-wide resolution, Cigna and its subsidiaries contributed \$10 million to the establishment of a new non-profit company that now compiles and provides the data formerly provided by Ingenix.

Cigna and its subsidiaries were named as a defendant in a number of putative nationwide class actions asserting that due to the use of data from Ingenix, Inc., Cigna improperly underpaid claims, an industry-wide issue. All of the class actions were consolidated into Franco v. Connecticut General Life Insurance Company et al., which is pending in the United States District Court for the District of New Jersey. The consolidated amended complaint, filed on August 7, 2009, asserts claims under ERISA, the RICO statute, the Sherman Antitrust Act and New Jersey state law on behalf of subscribers, health care providers and various medical associations. Cigna filed a motion to dismiss the consolidated amended complaint on September 9, 2009. Fact and expert discovery have been completed.

On September 23, 2011, the court granted in part and denied in part the motion to dismiss the consolidated amended complaint. The court dismissed all claims by the health care provider and medical association plaintiffs for lack of standing to sue, and as a result the case will proceed only on behalf of subscribers. In addition, the court dismissed all of the antitrust claims, the ERISA claims based on disclosure and the New Jersey state law claims. The court did not dismiss the

ERISA claims for benefits and claims under the RICO statute. Plaintiffs filed a motion to certify a nationwide class of subscriber plaintiffs on December 19, 2011, which is fully briefed and pending.

It is reasonably possible that others could initiate additional litigation or additional regulatory action against Cigna with respect to use of data provided by Ingenix, Inc. Cigna denies the allegations asserted in the investigations and litigation and will vigorously defend itself in these matters.

NOTE 20 – FAIR VALUE MEASUREMENT

As of March 31, 2012 the Company had no bonds carried at fair value in the financial statements. At March 31, 2012, the carrying value and fair value of the Company's bonds was \$100,184 and \$100,590, respectively.

NOTE 21 – OTHER ITEMS

Premium Revenue: Amounts charged for dental care services are recognized as revenue in the month for which enrollees are entitled to dental care. Unearned premiums represent that portion of premiums received which are applicable to the unexpired terms of contracts in force.

Financial Instruments: In the normal course of business, the Company enters into transaction involving various types of financial instruments, including debt and investments such as fixed maturities. These instruments may change in value due to interest rate and market fluctuations, and most have credit risk.

CIGNA Investments, Inc., an affiliate of the company, evaluates and monitors each financial instrument individually and, when management considers it appropriate obtains collateral or other forms of security to limit risk of loss.

Effective December 31, 2009, the Company implemented SSAP No. 10R, *Income Taxes – Revised, A Temporary Replacement of SSAP No. 10*, that requires a reduction in gross deferred tax assets by a statutory valuation allowance adjustment if it is more likely than not that some portion or all of the gross deferred tax assets will not be realized. In addition, the guidance provides an election to increase the admissible amount of deferred tax assets and requires enhanced disclosures. The Company has not elected to admit a higher amount of deferred tax assets as calculated under paragraph 10.e. See Note 9 for detailed information on the Company's income taxes. Effective January 1, 2012, the Company has implemented SSAP No. 101, *Income Taxes, a Replacement of SSAP 10R and SSAP 10*. The Company expects there will be no material impact on the financial statements as a result of this accounting change.

NOTE 22 – EVENTS SUBSEQUENT
