Notes to Financial Statement

1. Summary of Significant Accounting Policies

A. Accounting Practices

Summa Insurance Company’s (the Company or SIC) statutory financial statements are presented on the basis of accounting practices prescribed or permitted by the Ohio Department of Insurance (ODI).

The ODI recognizes only statutory accounting practices prescribed or permitted by the State of Ohio (the State) for determining its solvency under Ohio Insurance Law. NAIC SAP has been adopted as a component of the prescribed or permitted practices by the State with some modifications. These modifications include a five-year life on Electronic Data Processing (EDP) equipment and a 90-day limitation on collection of affiliate balances. Accordingly, the admitted assets, liabilities, capital and surplus of the Company as of March 31, 2013 and December 31, 2012 and the results of its operations and its cash flow for the years then ended have been determined in accordance with accounting principles prescribed or permitted by the ODI. Management believes the difference in capital and surplus between NAIC SAP and accounting principles prescribed or permitted by the ODI is not material.

B. Use of Estimates

The preparation of financial statements in conformity with NAIC SAP, the NAIC Annual Statement Instructions and other accounting practices prescribed or permitted by the ODI requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ significantly from those estimates.

Estimates are continually monitored and reviewed and, as settlements are made or estimates are adjusted, differences are reflected in current operations. Such estimates are subject to the impact of changes in the regulatory environment and economic conditions. Given the inherent

Notes to Financial Statement
