A. Accounting Practices

The financial statements of Paramount Insurance Company (the “Company”) are presented on a basis of accounting practices prescribed by the Ohio Department of Insurance.

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

Health premiums are earned ratably over the terms of the related insurance and reinsurance contracts. Expenses incurred in connections with acquiring new insurance business, including acquisition costs such as sales commissions, are charged to operations as incurred.

In addition, the company uses the following accounting policies:

- 1. Short-term investments are stated at amortized cost.
- 2. Bonds are stated at amortized cost.
- 3. Common stock investments are stated at Fair Market Value.
- 4. The Company does not have any preferred stock investments.
- 5. The Company does not invest in mortgage loans.
- 6. The Company has no investments in loan-backed securities.
- 7. The Company has no investments in subsidiaries.
- 8. The Company has no investments in joint ventures.

Notes to Financial Statement

- 10. The Company anticipates investment income as a factor in the premium deficiency calculation, in accordance with SSAP No. 54, Individual and Group Accident and Health Contracts.
- 11. Unpaid losses and loss adjustment expenses include an amount from individual case estimates and loss reports and an amount, based on past experience, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liability is continually reviewed and any adjustments are reflected in the period determined.
