NOTES TO FINANCIAL STATEMENTS

General Notes

1. Summary of Significant Accounting Policies-

A. Accounting Practices

The financial statements of Ohio Farmers Insurance Company (the Company) are presented on the basis of accounting practices prescribed or permitted by the Ohio Department of Insurance.

The Ohio Department of Insurance recognizes only statutory accounting practices (SAP) prescribed or permitted by the State of Ohio for determining and reporting the financial condition and results of operations of an insurance company, for determining its solvency under the Ohio Insurance law. The National Association of Insurance Commissioners' (NAIC) *Accounting Practices and Procedures Manual* (NAIC SAP) has been adopted as a component of prescribed or permitted practices by the State of Ohio.

The Company has not implemented any prescribed or permitted accounting practices by the State of Ohio that differ from those found in NAIC SAP.

A reconciliation of the Company's net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of Ohio is shown below:

B. Use of Estimates in the Preparation of the Financial Statements- No significant change

C. Accounting Policy- No significant change

2. Accounting Changes and Corrections of Errors-

On January 1, 2013, the Company adopted SSAP No. 92, *Accounting for Postretirement Benefits Other Than Pensions* - A Replacement of SSAP No. 14 and SSAP No. 102, *Accounting for Pensions* - A Replacement of SSAP No. 89. The standards require insurers to recognize the overfunded or underfunded status of a defined benefit postretirement plan as an asset or liability and include non-vested employees in determining the plan obligations. In addition, a sponsor's fiscal year end will be used as the measurement date for estimating the fair value of postretirement benefit assets and liabilities. The guidance contains a transition provision that gives insurers the option to recognize the initial impact to surplus over a period not to exceed ten (10) years. The Company has elected the transition option. The Company recognized a \$2.3 million decrease, net of tax, in surplus for 2013 and estimated a remaining surplus decrease of \$33.8 million, net of tax, to be recognized over the next five (5) years. These amounts are reported in "Aggregate write-ins for gains and losses in surplus" per SSAP No. 102 and SSAP No. 92 instead of "Cumulative effect of changes in accounting principles". The 2013 amortization of the unrecognized items into the net periodic cost is \$1.6 million. See Note 12 for further information.

On January 1, 2013, the Company adopted SSAP No. 92, Accounting for Postretirement Benefits Other Than Pensions - A Replacement of SSAP No. 14 and SSAP No. 102, Accounting for Pensions - A Replacement of SSAP No. 89. The standards require insurers to recognize the overfunded or underfunded status of a defined benefit postretirement plan as an asset or liability and include non-vested employees in determining the plan obligations. In addition , a sponsor's fiscal year end will be used as the measurement date for estimating the fair value of postretirement benefit assets and liabilities . The guidance contains a transition provision that gives insurers the option to recognize the initial impact to surplus over a period not to exceed 10 years. The Company has elected the transition option and estimated a surplus decrease of \$36.1 million , net of tax , to be recognized over the next 5 years. This election was made at the date of transition and the following transition liability was reflected as a reduction in surplus during the first quarter of 2013:

Minimum Transition Liability - greater of:	Pension	Postretirement	Other Benefits	Total

Level 1 - Values are unadjusted quoted prices for identical assets and liabilities in active markets accessible at the measurement date.

Level 2 - Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads and yield curves.

Level 3 - Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the Company's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

The Company has no liabilities that are measured at fair value in the statement of financial position.

(2) At September 30, 2013, the Company held no investments in assets or liabilities measured and reported at fair value that were classified as Level 3.

(3) The Company's policy for determining when transfers between levels is required is based upon change in the inputs used to determine fair value measurement. If an input changes, the Company evaluates the new input (s) and makes the determination whether or not a transfer between levels is appropriate. If an asset or liability is transferred between levels, it is the Company's policy to record the transfer as of the beginning of the quarter in which the transfer occurs. The Company held no assets or liabilities categorized as Level 1, 2 or 3 during the reporting period that were transferred into or out of the level categorization held at January 1, 2013.

Estimated fair values of investments categorized as Level 3 generally include inputs for which no readily observable inputs are available and require management judgment.

(5) As of September 30, 2013, the Company had no holdings classified as either a derivative asset or liability.

B. Combining Fair Value Information- Not required

C. The method (s) and significant assumptions used to estimate the fair value of financial instruments are as follows:

Investment Securities - Fair values for bonds, including the aggregate write-ins for invested assets are based on the values prescribed by an independent pricing service or from brokers. For bonds that are not actively traded, estimated fair values are based on values of bonds of comparable yield and credit quality. The fair values for common stocks are based on quoted market prices, where available, which are provided to the Company by an independent pricing service.

Short-term investments, Uncollected premiums and agents' balances in the course of collection, Deferred premiums, agents' balances and installments booked but deferred and not yet due, Amounts recoverable from reinsurers, and Funds held by or deposited with reinsured companies - The carrying amounts reported as admitted assets or liabilities for these financial instruments approximate their fair values due to the short-term nature of these financial instruments.

Other Invested Assets - The estimated fair value of publicly traded limited partnerships and trusts is based on the values prescribed by an independent pricing service.

24. Retrospectively Rated Contracts and Contracts Subject to Redetermination- Not applicable

25. Changes in Incurred Losses and Loss Adjustment Expenses- Reserves as of December 31, 2012 were \$281.2 million. In calendar year 2013, \$71.1 million has been paid for incurred claims and claim adjustment expenses attributable to insured events of prior years. Reserves remaining for prior years are now \$196.4 million. Therefore, there has been a \$13.7 million favorable prior-year development from December 31, 2012 to September 30, 2013. The favorable development is principally from decreases in the estimates of loss and loss adjustment expenses for the following lines of business: commercial multiple peril, other liability and workers compensation. This change is generally the result of ongoing analysis of recent loss development trends. Original estimates are increased or decreased, as additional information becomes known regarding individual claims. The estimates are not affected by prior year loss development on retrospectively rated policies, as the Company does not write this type of policy.
