**NOTES TO FINANCIAL STATEMENTS****1. Summary of Significant Accounting Policies****A. Accounting Practices**

The financial statements of the Company are presented on the basis of accounting practices prescribed or permitted by the Ohio Department of Insurance. The Ohio Department of Insurance recognizes only statutory accounting practices prescribed or permitted by the State of Ohio for determining and reporting the financial condition and results of operation of an insurance company for determining its solvency under Ohio Insurance Law. The National Association of Insurance Commissioners' (NAIC) Accounting Practices and Procedures Manual (NAIC SAP) has been adopted as a component of prescribed or permitted practices by the State of Ohio. While the Commissioner of Insurance has the right to permit specific practices that deviate from prescribed practices, none are included within this financial statement.

**B. Use of Estimates in the Preparation of the Financial Statements**

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

**C. Accounting Policy**

Premiums are earned over the terms of the related insurance policies and reinsurance contracts. Unearned premium reserves are established to cover the unexpired portion of premiums written. Such reserves are computed by pro rata methods for the group and other accident and health business. For the GAP product, direct unearned premiums are computed by pro rata methods for the debt waiver states and either pro rata or Rule of 78 for insurance states depending on the refund methodology used by that state. Travel unearned premiums are computed based on historical premium patterns or pro rata where detail is provided. Assumed unearned premiums are based upon reports from ceding companies. Expenses incurred in connection with acquiring new insurance business, including acquisition costs such as sales commissions, are charged to operations as incurred. Expenses incurred are reduced for ceding allowances received or receivable.

In addition, the Company uses the following accounting policies:

- (1) Short-term investments are accounted for in the same manner as similar long-term investments. Investments in money market funds are reported in accordance with the guidance as outlined in the Purposes and Procedures Manual of the NAIC Securities Valuation Office (SVO).
- (2) Investments in bonds not backed by other loans are stated at amortized cost using the scientific interest method, except those with NAIC designations of 3 - 6, which are stated at the lower of amortized cost or fair value.
- (3) The Company had no investments in common stock during 2013 or 2012.
- (4) The Company had no investments in preferred stock during 2013 or 2012.
- (5) The Company had no investments in mortgage loans during 2013 or 2012.
- (6) Investments in loan-backed securities are stated at amortized cost, except those with initial NAIC designations of 3 - 6, which are stated at the lower of amortized cost or fair value. The retrospective adjustment method is used to value all securities unless the security has been impaired.
- (7) The Company had no investments in subsidiaries, controlled or affiliated companies during 2013 or 2012.
- (8) The accounting policies of the insurer with respect to investments in joint ventures, partnerships and limited liability companies follow the guidance as outlined in Statement of Statutory Accounting Principles (SSAP) No. 48, *Joint Ventures, Partnerships and Limited Liability Companies*, and SSAP No. 97, *Investments in Subsidiary, Controlled, and Affiliated Entities, a replacement of SSAP No. 88 (SSAP 97)*, of the NAIC SAP.
- (9) The Company had no investments in derivatives during 2013 or 2012.
- (10) The Company holds premium deficiency reserves as reported in Note 30.
- (11) Unpaid losses and loss adjustment expenses include an amount determined from individual case estimates and loss reports and an amount, based on past experience, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liability are continually reviewed and any adjustments are reflected in the period determined.
- (12) The Company has not modified its capitalization policy from the prior period.
- (13) Method used to estimate pharmaceutical rebate receivables - Not applicable.

**2. Accounting Changes and Corrections of Errors****A. Material Changes in Accounting Principles and/or Correction of Errors**

Effective December 31, 2013 the Company adopted revisions to SSAP No. 35R, *Guaranty Fund and Other Assessments – Revised*, which incorporates subsequent event (Type II) disclosures for entities subject to Section 9010 of the Patient Protection and Affordable Care Act related to assessments payable. The adoption of this revision did not impact the Company's financial position or results of operations as revisions relate to disclosures only.

Effective January 1, 2013, the Company adopted SSAP No. 92, *Postretirement Benefits Other Than Pensions, A Replacement of SSAP No. 14, and SSAP No. 102, Accounting for Pensions, A Replacement of SSAP No. 89*. This guidance impacts accounting for defined benefit pension plans or other postretirement plans, along with related disclosures. SSAP No. 102 requires recognition of the funded status of the plan based on the projected benefit obligation instead of the accumulated benefit obligation as under SSAP No. 89, *Accounting for Pensions, A Replacement of SSAP No. 8*. In addition, SSAP No. 92 and SSAP No. 102 require consideration of non-vested participants. The adoption of these standards did not impact the Company's results of operations, financial position or disclosures as the Company does not sponsor the pension plan and is not directly liable under the plan.

**NOTES TO FINANCIAL STATEMENTS**

Effective January 1, 2013, the Company adopted SSAP No. 103, *Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities*, which adopted with modifications the guidance in Accounting Standards Update (ASU) 2009-16, *Transfers and Servicing (Topic 860): Accounting for Transfers of Financial Assets* and supersedes SSAP No. 91R, *Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities*. The adoption of this standard did not impact the financial position or results of operations of the Company.

Effective January 1, 2012, the Company began computing current and deferred income taxes in accordance with SSAP No. 101, *Income Taxes, A Replacement of SSAP No. 10R and SSAP No. 10*. This statement establishes statutory accounting principles for current and deferred federal and foreign income taxes and current state income taxes. The effect of this statement was not material to the financial statements.

Effective January 1, 2012, the Company adopted revisions to SSAP No. 100, *Fair Value Measurements*. These revisions require new disclosures of fair value hierarchy and the method used to obtain the fair value measurement, a new footnote that summarizes hierarchy levels by type of financial instrument, and gross presentation of purchases, sales, issues and settlements within the reconciliation for fair value measurements categorized within Level 3 of the hierarchy. The adoption of these revisions had no impact to the Company's results of operations and financial position.

Effective January 1, 2014, the Company will adopt SSAP No. 105, *Working Capital Finance Investments*, which allows working capital finance investments to be admitted assets if certain criteria are met. The adoption of this standard is not expected to have a material impact to the financial position or results of operations of the Company.

Effective December 31, 2014, the Company will adopt revisions to SSAP No. 104R, *Share-Based Payments*, which provides guidance for share-based payments transactions with non-employees. The adoption of this revision is expected to be immaterial to the financial position and results of operations of the Company.

During 2013, the Company determined a risk and expense charge related to a reinsurance agreement was not appropriately recorded. Upon discovery, the error was corrected and is reflected as a correction of an error in the capital and surplus accounts of the Statement of Income in the amount of \$2,295,308 after-tax.

(1) The Company did not participate in repurchase agreements during 2013.

For securities lending agreements, the Company receives collateral equal to 102% of the fair value of the loaned domestic securities as of the transaction date. If the fair value of the collateral is at any time less than 102% of the fair value of the loaned securities, the counterparty is mandated to deliver additional collateral, the fair value of which, together with the collateral already held in connection with the lending transaction, is at least equal to 102% of the fair value of the loaned government or domestic securities. In the event the Company loans a foreign security and the denomination of the currency of the collateral is other than the denomination of the currency of the loaned foreign security, the Company receives and maintains collateral equal to 105% of the fair value of the loaned security. The collateral the Company received from securities lending activities was in the form of cash and on open terms. This cash collateral is reinvested and is not available for general corporate purposes. This program is conforming per the criteria set forth in the Risk Based Capital (RBC) calculation instructions.

At December 31, 2013 and December 31, 2012, respectively, securities with a fair value of \$24,343,215 and \$17,076,912 were on loan under security lending agreements as part of the program.

For dollar repurchase agreements, the Company receives cash collateral in an amount at least equal to the fair value of the securities transferred by the Company as of the transaction date. Cash received as collateral will be invested as needed or used for general corporate purposes of the Company. The Company had dollar repurchase agreements outstanding in the amount of \$2,073,257 and \$7,270,624 as of December 31, 2013 and 2012, respectively. The Company does not have the legal right to recall or substitute the underlying assets prior to the transaction's scheduled termination. Upon scheduled termination, the counterparty is obligated to return substantially similar assets.

**F. Subprime Mortgage Related Risk Exposure**

(1) Subprime mortgages are loans to homebuyers who have weak or impaired credit histories, are loans that are non-conforming or are loans that are second in priority. The Company's businesses in the United States do not sell or buy subprime mortgages directly. The Company's position is related to so-called "asset-backed securities" (ABS). These securities are pools of mortgages that have been securitized and offered to investors as asset-backed securities, where the mortgages are collateral. Most of the underlying mortgages within the pool have credit scores below 660 at origination. Therefore, the ABS have been classified by the Company as a subprime mortgage position. Also included in the Company's total subprime mortgage position are ABS with second lien mortgages as collateral. The second lien mortgages may not necessarily have subprime credit scores; however, the Company has included these ABS in its subprime position as it's the second priority in terms of repayment.

For ABS in an unrealized loss position, the Company would consider them for impairment when there has been an adverse change in estimated cash flows from the cash flows previously projected at purchase, which is in accordance with SSAP No. 43R, *Loan-backed and Structured Securities*. The Company has recorded impairments of \$0 in 2013 and \$13,222 in 2012.

(2) The Company does not have any direct residential mortgages to subprime borrowers outside of the ABS structures.
