1. Summary of Significant Accounting Policies

A. Accounting Practices

In 1998, the National Association of Insurance Commissions (NAIC) adopted the Codification of Statutory Accounting Principles (the Codification) guidance, which replaced the prior Accounting and Practice Procedures manuals as the NAIC's primary guidance on statutory accounting. The Codification provides guidance where statutory accounting has been silent and changes current statutory accounting in some areas, (e.g. deferred income taxes are recorded). Effective January 1, 2001, the Ohio Department of Insurance (the OHDOI) adopted the NAIC Accounting Practices and Procedures Manual (the Manual). The Manual, previously known as Codification contains Statements of Statutory Accounting Principles (SSAP). The accompanying financial statements have been prepared in conformity with the Manual and accounting practices prescribed or permitted by the OHDOI.

B. Use of Estimates

The preparation of statutory financial statements requires management to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

C. Accounting policies

Premiums are earned over the terms of the related insurance policies and reinsurance contracts. Unearned premium reserves are established to cover the unexpired portion of premiums written. Such reserves are computed by pro rata methods for direct business and are based on reports received from ceding companies for reinsurance assumed.

Expenses incurred in connection with acquiring new insurance business, including acquisition costs such as sales commissions, are charged to operations as incurred.

In addition, the Company uses the following accounting policies:

1. Money market investments are reflected at cost.
2. Bonds not backed by other loans are stated at amortized cost using the scientific interest method.
3. Common stocks are stated at fair value.
4. Preferred stocks: Book adjusted carrying value.
5. Mortgage loans: Not applicable.
6. Loan-backed: Not applicable.
7. Investments in subsidiaries and affiliated companies: Statutory surplus.
8. Investments in joint ventures, partnerships and limited liability companies: Not applicable.
9. Derivatives: Not applicable.
10. The Company anticipates investment income as a factor in the premium deficiency calculation, except accident and health business, in accordance with SSAP No. 53 - *Property-Casualty Contracts - Premiums*.
11. Unpaid losses and loss adjustment expenses include an amount determined from individual case estimates and loss reports and an amount, based on past experience, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates, and, while management believes the amount is adequate, the ultimate liability may be in excess of

NOTES TO FINANCIAL STATEMENTS

or less than the amount provided. The methods for making such estimates and for establishing the resulting liability are continually reviewed, and any adjustments are reflected in the period determined.

12. The Company has not modified its capitalization policy from the prior period.
13. Pharmaceutical rebate receivables: Not applicable.

2. Accounting Changes and Correction of Errors

In 2009 our affiliates Hallmark Insurance Company (HIC) and Hallmark Specialty Insurance Company (HSIC) entered into an affiliated transaction with Effective Claims Management (ECM) to provide claim services for the business produced by an affiliate Heath XS LLC. Under the terms of the agreement HIC and HSIC are to reimburse ECM for actual loss adjustment expense incurred. However, prior to filing the agreement with the respective insurance departments the compensation section of the agreement was changed from 8% of written premium to actual loss adjustment expense incurred. In error, HIC and HSIC continued to reimburse ECM at 8% of written premium.

The following table presents the effect of the correction of this error on our 2012 financial statements:

December 31, 2012

	Previously Reported	Adjustment	As Revised
Total Assets	73,926,277	-	73,926,277

Surplus	21,207,678	499,116	21,706,794

NOTES TO FINANCIAL STATEMENTS

9. Income Taxes

The Company files a consolidated Federal income tax return with HFS (EIN 87-0447375) and its affiliates with the exception of Hallmark County Mutual Insurance Company. Pursuant to a written tax sharing agreement, the Company's provision for income taxes, if any, equals or approximates tax expense or benefit computed on a separate return basis.

SSAP 101, *Income Taxes*, a replacement of SSAP 10 and SSAP 10R, was adopted on January 1, 2012. SSAP No. 101 includes a valuation allowance criterion whereby only gross deferred tax assets that are more likely than not to generate a tax benefit are potentially admissible. Under SSAP 101, deferred income tax assets are limited to 1) the amount of federal income taxes paid in prior years that can be recovered through loss carrybacks for existing temporary differences that reverse during a timeframe corresponding with the Internal Revenue Service tax loss carryback provisions, not to exceed three years, plus 2) the lesser of the remaining gross deferred income tax assets expected to be realized within three years of the balance sheet date or 15% of capital and surplus excluding any net deferred income tax assets that can be offset against existing gross deferred income tax liabilities after considering the character (i.e., ordinary versus capital) of the deferred tax assets and liabilities. The remaining deferred income tax assets are nonadmitted.

Deferred income taxes do not include amounts for state taxes. Under GAAP, state taxes are included in the computation of deferred income taxes.

A. The net deferred tax asset/(liability) at December 31, 2013 and the change from the prior year are comprised of the following components:
