The definition of allocated loss adjustment expenses (ALAE) and, therefore, unallocated loss adjustment expenses (ULAE) was changed effective January 1, 1998. This change in definition applies to both paid and unpaid expenses. Are these expenses (now reported as "Defense and Cost Containment" and "Adjusting and Other") reported in compliance with these definitions in this statement?

Yes [X] No []
3.

The Adjusting and Other expense payments and reserves should be allocated to the years in which the losses were incurred based on the number of claims reported, closed and outstanding in those years. When allocating Adjusting and Other expense between companies in a group or a pool, the Adjusting and Other expense should be allocated in the same percentage used for the loss amounts and the claim counts. For reinsurers, Adjusting and Other expense assumed should be reported according to the reinsurance contract. For Adjusting and Other expense incurred by reinsurers, or in those situations where suitable claim count information is not available, Adjusting and Other expense should be allocated by a reasonable method determined by the company and described in Interrogatory 7, below. Are they so reported in this statement?

- 7.1

The information provided in Schedule P will be used by many persons to estimate the adequacy of the current loss and expense reserves, among other things. Are there any especially significant events, coverage, retention or accounting changes that have occurred that must be considered when making such analyses?

Yes [X] No []
- 7.2

An extended statement may be attached.

In 2013, a new actuarial database was implemented for the Company's Schedule P reporting. As part of this implementation, a more accurate calculation was implemented to determine closed claim counts. The primary effect is for those claims previously reported as closed with payment where the Company has recovered 100% of the salvage or subrogation, will now be reported as closed without payment. In addition, claims closed without payment that were reopened and subsequently paid will now be shown as claims closed with payment. Historical claim counts for closed with payment, closed without payment, and the number of claims reported were restated for all Schedule P lines of business primarily due to the reasons cited above. All claims outstanding counts were not restated as they were accurate.
