The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

- Level 1 – Valuations based on quoted prices in active markets for identical assets or liabilities that the entity has the ability to access.
- Level 2 – Valuations based on significant other observable inputs other than those included in Level 1 such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable data for substantially the full term of the assets or liabilities.
- Level 3 – Valuations based on unobservable inputs such as when observable inputs are not available or inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following table presents the aggregate fair value for all financial instruments and the level within the fair value hierarchy in which the fair value measurements in their entirety fall on the statements of admitted assets, liabilities, and capital and surplus as of March 31, 2014 and December 31, 2013:

NOTES TO FINANCIAL STATEMENTS

The Company measures fair value using the following valuation methodologies. The Company uses quoted market prices in active markets to determine the fair value of exchange-traded money market securities; such items are classified as Level 1 of the fair-value hierarchy. The Company obtains and reviews the pricing service's valuation methodologies and validates these prices using various inputs including quotes from other independent regulatory sources. When deemed necessary, the Company validates prices by replicating a sample using a discounted cash flow model and observable inputs. Such items are classified as Level 2 of the fair-value hierarchy. The Company did not have any transfers between Level 1 and 2 for the three months ended March 31, 2014 and the year ended December 31, 2013. The Company did not have any Level 3 financial instruments at March 31, 2014 or December 31, 2013.
