NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies
- A. The financial statements of American Mutual Share Insurance Corporation (the Company) are presented on the basis of accounting practices prescribed or permitted by the Ohio Insurance Department and in accordance with NAIC Statutory Accounting Principles (NAIC SAP), including Statements on Statutory Accounting Principles (SSAP) and, where applicable, the Financial Accounting Standards Board Accounting Standards Codification ("ASC"). All of the Company’s significant statutory accounting practices are prescribed practices.

B. The preparation of financial statements in conformity with NAIC SAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

1. Summary of Significant Accounting Policies

A. Accounting Practices

1	2	3	4
State Prescribed Practices	State of Domicile	Current	Prior
01A01 - Net Income, state basis (Page 4, Line 20, Columns 1 and 3)	OH	(554,473)	1,620,924
01A04 - Net Income, NAIC SAP (Line 1 - Line 2 - Line 3)	OH	(554,473)	1,620,924
01A05 - Surplus, state basis (Page 3, Line 37, Columns 1 and 2)	OH	187,950,654	188,074,272
01A08 - Surplus, NAIC SAP (Line 5 - Line 6 - Line 7)	OH	187,950,654	188,074,272

2. Accounting Changes and Corrections of Errors -- No change

3. Business Combinations and Goodwill -- Does not apply

4. Discontinued Operations – Does not apply.

5. Investments

- A. Mortgage Loans – Does not apply.
- B. Debt Restructuring – Does not apply.
- C. Reverse Mortgages – Does not apply.
- D. Loan-Backed Securities

Market values and related prepayment assumptions for CMOs and mortgage-backed securities are obtained from broker dealer survey values. For book purposes, the prospective adjustment method is used where changes in prepayment speeds materially impact expected remaining lives of the securities.

- E. Repurchase Agreements – Does not apply.

- F. Real Estate

Real estate is recorded at cost less depreciation. Depreciation is computed on the straight-line basis using twenty-five to forty year lives.

- G. Low Income Housing Tax Credits – Does not apply.

14. Contingencies

A. As described more fully at Note 1 ("Reserve for Guaranty Losses") of the Company's annual statement as of December 31, 2013, in connection with the rehabilitation of certain troubled credit unions the Company from time to time guarantees the repayment of installment loans or other issues (\$33.752 million at June, 2014). Where loans are guaranteed, they generally are serviced by member credit unions and are substantially secured, principally by personal property. To the extent that losses are likely to be incurred on the Company's guaranty commitments, the reserve for guaranty losses includes a reserve for losses related to these guarantees (\$22,370,000 at June 30, 2014). Also, see Note 10 of the annual statement as of December 31, 2013, for the Company's guarantee of its wholly-owned subsidiary's capital and surplus (up to \$7,000,000 commitment).

20. Fair Value Measurements --
- A. Assets Measured at Fair Value on Recurring Basis

With regard to the Company's financial assets that are disclosed at a fair value, which is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, the Company uses various valuation approaches, including quoted market prices and discounted cash flows. The ASC and SSAP No. 100 establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are obtained from independent sources and can be validated by a third party, whereas, unobservable inputs reflect assumptions regarding what a third party would use in pricing an asset or liability. The fair value hierarchy is broken down into three levels based on the reliability of inputs as follows:

- Level 1 - Valuations based on quoted prices in active markets for identical instruments that the Company is able to access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.
- Level 2 - Valuations based on quoted prices in active markets for instruments that are similar, or quoted prices in markets that are not active for identical or similar instruments, and model-derived valuations in which all significant inputs and significant value drivers are observable in active markets.
- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

Reclassification of certain financial instruments may occur when observability of inputs change. There were no transfers between assets carried at fair value classified within Level 1 and Level 2 of the fair value hierarchy at June 30, 2014 and December 31, 2013.

There were no purchases, sales, transfers into, or transfers out of assets carried at fair value and classified within Level 3 of the fair value hierarchy at June 30, 2014 and December 31, 2013.

There were no assets or liabilities measured and reported at fair value on a non-recurring basis in 2014 or 2013.

22. Events Subsequent

The Company evaluated all events or transactions that occurred after June 30, 2014 and through August 14, 2014, the date of this filing. There have been no events subsequent to June 30, 2014, through the date of this filing which could have a material effect on the Company’s financial condition.

23. Reinsurance – Does not apply.

24. Retrospectively Rated Contracts & Contract Subject to Redetermination – Does not apply.

25. Changes in Incurred Losses and Loss Adjustment Expenses

The Company writes only one line of business, “Other” (with two products written solely to credit unions: primary share insurance and excess share insurance) and sets loss reserves on a prudent basis for potential claims events. Primary insurance claims can involve specifically identified claims events and other events incurred but not reported (IBNR). The Company also sets aside unallocated loss reserves for its primary insurance book of business so that aggregate loss reserves remain within an actuarially accepted range. Excess insurance claims events are infrequent (rare) but potentially severe and as a result, upon consultation with the Company’s independent actuary, the Company provides annual loss reserve additions so that cumulative loss reserves are within an actuarially accepted range.

The Company provided specific loss reserves of approximately \$32.24 million during 2009 related to two Primary-insured credit unions in Nevada, one of which was acquired by another Primary-insured credit union through a purchase and assumption (P&A) transaction that resulted in a gross claim paid of \$8,000,000 under a secondary capital note transaction. The Company transferred \$7,510,000 and \$7,440,000 of guaranty loss reserves to an allowance for loss on the secondary capital note as of December 31, 2013 and as of December 31, 2012, respectively (\$7,510,000 at June 30, 2014). The Company had also provided \$24.6 million in the reserve for guaranty losses account at December 31, 2009 for estimated losses on a second troubled Nevada credit union. The Company determined its estimated loss at the time on this credit union through an analysis of potential losses under different events that may transpire during the workout period for this credit union, including capital assistance, merger/P&A with guarantees, liquidation and financial and operational recovery by the credit union, and the likelihood of occurrence of each identified event.

On February 12, 2010, the Company provided capital assistance to a troubled Nevada credit union, through an advance of \$22,000,000 under an SRI and an SAA as amended effective March 3, 2011 by SRI-1 and the Amended SAA, which primarily provided for a five–year recovery and repayment plan through February 25, 2015 as described further below. The SRI and SRI-1 is collectively referred to herein as the SRI-1. On December 21, 2011, the Company supplemented its previously provided capital assistance with an additional \$4.4 million under a Second Amended SAA and SRI-2 for \$4.4 million based on the credit union’s financial and operational progress through 2011, providing the credit union with sufficient resources to continue its recovery. The Amended SAA, Second Amended SAA, SRI-1 and SRI-2 establish a plan to restore the credit union’s regulatory net worth and set a course for financial recovery by the credit union. The funds advanced to the credit union under the SRI-1 and SRI-2 are permitted to be included in regulatory net worth by the credit union’s Nevada regulatory authority and the Company’s rights to any repayment under the SRI-1 and SRI-2 are subordinated to the claims of the credit union’s members and creditors. The Amended SAA and Second Amended SAA requires that the credit union comply with and operate within certain parameters designed to assist the credit union. These agreements also required that the credit union develop and implement a Restructuring Plan of

NOTES TO FINANCIAL STATEMENTS

Action for 2010 and 2011, including annual updates to the Restructuring Plan for subsequent years (Restructuring Plan), designed to enhance revenues, reduce operating costs and implement new loan collections and other procedures in order to allow the credit union to stabilize operations, return to profitability and to rebuild its net capital over time.

The SRI-1 and Amended SAA divide the SRI into ten sub-instruments of \$2.2 million each plus interest and the original maturity date of August 11, 2010 is extended to February 25, 2015 (with maturities for the ten \$2.2 million sub-instruments beginning February 12, 2015). The SRI-1 also provides for a reduction in the interest rate under the SRI from 3.25% per annum to the two-year US Treasury rate (0.32%, 0.25%, and 0.31% effective March 3, 2014, 2013 and 2012, respectively) adjusted annually on March 3 of each anniversary of SRI-1, and requires repayments against the capital assistance and interest under the SRI-1 to be made to the Company by the credit union, when the credit union's regulatory net worth exceeds 6.0% of total assets. The SRI-2 is structured similarly to SRI-1, with two sub-instruments of \$2.2 million each plus interest at the two-year US Treasury rate (0.38%, 0.26% and 0.28% effective December 21, 2013, 2012 and 2011, respectively) adjusted annually on December 21 of each anniversary of SRI-2, and with maturities for the two \$2.2 million sub-instruments on December 30, 2016 and December 31, 2016. Both SRI-1 and SRI-2 require that accrued and unpaid interest at each annual interest adjustment date be capitalized into the principal balance commencing on March 3, 2011 for SRI-1 and December 21, 2012 for SRI-2. Capitalized interest at June 30, 2014 was \$1,059,068 for SRI-1. Capitalized interest for SRI-2 was \$23,826 at June 30, 2014.

The Company has evaluated the ultimate collectability of SRI-1 and SRI-2, based on various factors including the long-term workout period required before the credit union will be in a position to begin repayment of SRI-1 and SRI-2 and interest thereon. As a result, in 2010, the Company transferred \$22,000,000 of guaranty loss reserves into an allowance for loss account, fully reserving the entire outstanding balance of the SRI-1 as of December 31, 2010. An additional \$4,400,000 of guaranty loss reserves was transferred into an allowance for loss account, fully reserving the entire outstanding balance of the SRI-2 as of December 31, 2011. Through March 31, 2014, the balance of SRI-1 (\$23,059,068) and SRI-2 (\$4,423,826), totaling \$27,482,894, including capitalized interest, continued to be fully reserved. At June 30, 2014, the credit union had met the SRI regulatory net worth repayment parameters described above, and as a result of the credit union's ability to make a payment on SRI-1, the Company re-evaluated its loss reserves (valuation allowance) on the SRI's and reduced the SRI valuation allowance at June 30, 2014 from \$27,482,894 to \$25,176,987; the reduction in the June 30, 2014 valuation allowance of \$2,305,907, is the amount of the SRI-1 payment collected in July 2014.

At June 30, 2014, the Company has also fully reserved \$30,211 of accrued interest due to the Company under the SRI-1 and SRI-2 that have not been capitalized into the balances outstanding for SRI-1 and SRI-2 as of that date.

Based on the credit union's financial and operational progress to date, there is a possibility the Company will receive one or more additional quarterly payments on SRI-1 from the credit union beginning in October 2014. Repayments are contingent on the credit union's ability to remain profitable at sufficient levels to ensure that actual and look back period regulatory net worth ratios, as defined by the credit union's Nevada regulatory authority and in SRI-1 remain at or above 6.0% in accordance with SRI-1. The credit union's future profitability and its regulatory net worth ratio is dependent upon a number of factors including, but not limited to, relatively stable economic conditions and interest rates; residential real estate values; no significant adverse development of credit union loan losses; and, no significant growth in the credit union's total assets. As discussed above, at June 30, 2014, the Company adjusted the allowance for loss on the SRI's, which resulted in recovery income of \$2,305,907.

Although the Company does not normally charge a premium under its primary insurance program, the Company's governing Ohio statute and its primary insurance policy permit premiums to be assessed against Primary-insureds in order to ensure that the Company maintains a sufficient equity base for its insurance risk. As a result of escalating risks identified in the state of Nevada in 2009, as discussed above, the Company billed its Primary-insureds a first time ever special premium assessment of \$0.15 per \$100 of each Primary-insured's total shares on December 31, 2009. This special premium assessment generated approximately \$15.2 million of revenues in 2009 but was not collected until 2010, to partially offset the primary insurance losses of over \$32 million discussed above.

On September 30, 2010, the Company again billed its Primary-insureds a special premium assessment of \$0.15 per \$100 of each Primary-insured's total shares. The special premium assessment generated approximately \$16.2 million of revenues in 2010.

On September 30, 2011, the Company billed its Primary-insureds a third special premium assessment of \$0.15 per \$100 of each Primary-insured's total shares. The special premium assessment generated approximately \$16.4 million of revenues in 2011.

On September 30, 2012, the Company billed its Primary-insureds a fourth special premium assessment of \$0.09 per \$100 of each Primary-insured's total shares. The special premium assessment generated approximately \$10.5 million of revenues in 2012.

On September 30, 2013, the Company billed its Primary-insureds a fifth special premium assessment of \$0.075 per \$100 of each Primary-insured's total shares. The special premium assessment generated approximately \$9.0 million of revenues in 2013.

Since the Company has no specific excess insurance loss events identified at June 30, 2014, for which a loss reserve would normally be established, all of the Company's loss reserves related to excess insurance and its unallocated primary insurance loss reserves are treated as unallocated IBNR loss reserves. For purposes of Schedule P, in any given year the cumulative unallocated IBNR loss reserves held are considered to have occurred as follows: (1) 60% in current year; (2) 30% in the previous year; and (3) 10% in the second previous year and have been allocated as such in Schedule P, which is comparable to methods used by other insurance companies with infrequent claims events. Since claims events are rare (infrequent but potentially severe), the typical year shows favorable development. A summary of the favorable loss development for the Company's single line of business ("Other") for 2014 and a reconciliation of loss provision, claims payments, prior year loss development and gross losses incurred in 2014, follows (dollars in thousands):

28. Health Care Receivables – Does not apply.

29. Participating Accident and Health Policies – Does not apply.

30. Premium Deficiency Reserves

The Company provides deposit insurance to participating credit unions under the Company's primary and excess contracts. Under the primary insurance contract, a deposit of 1.3% of the member's year-end share balance is required. These capitalization deposits are non-interest bearing and the investment earnings therefrom are used to fund the Company's deposit insurance programs in lieu of a normal premium charge. Special Premium Assessments may be charged from time to time against insured credit unions to fund claims activity during unusual times, such as the past several years, in order to maintain the insurance fund at a regulatory acceptable primary insurance equity ratio (currently the equity ratio is approximately 1.59% of primary insurance fund equity to primary insured shares). Even so, the deposits for the primary and excess deposit contracts are at-risk to the insured credit unions and ultimately can act as a reserve that is available to pay claims if needed. The aggregate of capitalization deposits that are available to pay claims are \$158,978,945 at June 30, 2014. Therefore the Company has determined there is not a need for a premium deficiency reserve and none has been recorded at June 30, 2014. This evaluation was completed on July 31, 2014. The Company considers investment income when evaluating the need for premium deficiency reserves.

Is the reporting entity a member of an Insurance Holding Company System consisting of two or more affiliated persons , one or more of which is an insurer?

Yes (X) No ()
- If yes , complete Schedule Y , Parts 1 and 1A.
- 3.2

Have there been any substantial changes in the organizational chart since the prior quarter end?

Yes () No (X)
- 3.3

If the response to 3.2 is yes , provide a brief description of those changes.

.....
- 4.1

Has the reporting entity been a party to a merger or consolidation during the period covered by this statement?

Yes () No (X)
- 4.2

If the response to 4. 1 is yes , provide the name of entity , NAIC Company Code , and state of domicile (use two letter state abbreviation) for any entity that has ceased to exist as a result of the merger or consolidation.

<div>1</div> <div>Name of Entity</div>	<div>2</div> <div>NAIC Company Code</div>	<div>3</div> <div>State of Domicile</div>
--	---	---

5.

If the reporting entity is subject to a management agreement , including third-party administrator (s) , managing general agent (s) , attorney-in-fact , or similar agreement , have there been any significant changes regarding the terms of the agreement or principals involved?

Yes () No () N/A (X)
- 6.1

State as of what date the latest financial examination of the reporting entity was made or is being made.

12/31/2012
- 6.2

State the as of date that the latest financial examination report became available from either the state of domicile or the reporting entity . This date should be the date of the examined balance sheet and not the date the report was completed or released .

12/31/2012
- 6.3

State as of what date the latest financial examination report became available to other states or the public from either the state of domicile or the reporting entity . This is the release date or completion date of the examination report and not the date of the examination (balance sheet date) .

01/15/2014
- 6.4

By what department or departments?

Ohio Department of Insurance
- 6.5

Have all financial statement adjustments within the latest financial examination report been accounted for in a subsequent financial statement filed with Departments?

Yes () No () N/A (X)
- 6.6

Have all of the recommendations within the latest financial examination report been complied with?

Yes () No () N/A (X)
- 7.1

Has this reporting entity had any Certificates of Authority , licenses or registrations (including corporate registration , if applicable) suspended or revoked by any governmental entity during the reporting period?

Yes () No (X)
- 7.2

If yes , give full information

.....
- 8.1

Is the company a subsidiary of a bank holding company regulated by the Federal Reserve Board?

Yes () No (X)
- 8.2

If response to 8. 1 is yes , please identify the name of the bank holding company.

.....

- 8.3

Is the company affiliated with one or more banks , thrifts or securities firms?

Yes () No (X)
- 8.4

If response to 8.3 is yes , please provide below the names and location (city and state of the main office) of any affiliates regulated by a federal regulatory services agency [i.e. the Federal Reserve Board (FRB) , the Office of the Comptroller of the Currency (OCC) , the Federal Deposit Insurance Corporation (FDIC) and the Securities Exchange Commission (SEC)] and identify the affiliate's primary federal regulator .
