NOTES TO FINANCIAL STATEMENTS

1A. Summary of Significant Accounting Policies

Basis of Presentation – CareSource (CS’s) statutory-basis financial statements are presented on the basis of accounting practices prescribed or permitted by the Ohio Department of Insurance (ODI). The ODI requires that insurance companies domiciled in the State of Ohio prepare their statutory financial statements in accordance with the NAIC *Accounting Practices and Procedures Manual* (NAIC AP&P) subject to any deviation prescribed or permitted by the ODI.

Accounting practices and procedures of the NAIC, as prescribed or permitted by the insurance department of the applicable states of domicile, comprise a comprehensive basis of accounting other than accounting principles generally accepted in the United States (GAAP). The more significant differences are as follows:

Non-admitted Assets: Certain assets designated as “non-admitted,” principally prepaid assets, investments in CareSource Foundation, past due healthcare receivables, furniture and equipment, and other assets not specifically identified as an admitted asset within the NAIC AP&P are excluded from the accompanying balance sheets and are charged directly to unassigned surplus. In accordance with GAAP, such assets are included in the balance sheet to the extent that those assets are not impaired.

Reinsurance: Unpaid claims liabilities and premiums received in advance ceded to reinsurers have been reported as reductions of the related balances rather than as assets as would be required in accordance with GAAP.

Statements of Cash Flows: Cash, cash equivalents, and short-term investments in the statements of cash flows represent cash balances and investments with initial maturities of one year or less. In accordance with GAAP, the corresponding caption of cash and cash equivalents includes cash balances and investments with initial maturities of three months or less.

The effects of the foregoing variances from GAAP on the accompanying statutory-basis financial statements have not been quantified.

No significant differences exist between prescribed or permitted practices by the State of Ohio and NAIC SAP which materially affect the statutory basis net income or capital and surplus, as illustrated in the table below.

NET INCOME	December 31, 2014	December 31, 2013

1B. Use of Estimates

The preparation of financial statements in accordance with statutory accounting principles requires management to make estimates and assumptions that affect the reported amount of admitted assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

1C. Accounting Policy

- Short term investments include investments with remaining maturities of one year or less at the time of acquisition and are principally stated at amortized cost.
- Bonds not backed by other loans are principally stated at amortized cost using the interest method. Realized capital gains and losses are determined using the first in, first out method.
- Common stocks are reported at fair value as determined by the SVO and the related net unrealized capital gains (losses) are reported in unassigned surplus. There are no restrictions on common stock.
- CS does not hold any preferred stock.
- CS does not hold any mortgage loans.
- Single class and multi-class mortgage-backed/asset-backed securities are valued at amortized cost using the interest method including anticipated prepayments. Prepayment assumptions are obtained from dealer surveys and are based on the current interest rate and economic environment. The retrospective adjustment method is used to value all such securities.

NOTES TO FINANCIAL STATEMENTS

7. The Company invests in the CareSource Foundation, an affiliated entity of CareSource. The Company records this investment using the GAAP equity method of accounting, and records it as a non-admitted write-in invested asset on the Assets page of the statutory filing.
8. The Company does not invest in any joint ventures, partnerships, or limited liability companies.
9. CS does not hold any derivative instruments.
10. CS would utilize anticipated investment income in the computation of the premium deficiency calculation in accordance with NAIC guidelines, but no such reserve is necessary.
11. Claims unpaid and unpaid claims adjustment expense liabilities represent management's best estimate of the ultimate net cost of all reported and unreported claims incurred through December 31. Although considerable variability is inherent in such estimates, management believes that the reserves for unpaid claims are adequate. The estimates are continually reviewed and adjusted as necessary as experience develops or new information becomes known; such adjustments are included in current operations.
12. The admitted value of CS's electronic data processing equipment and operating software was limited to three percent of capital and surplus. The admitted portion was reported at cost less accumulated depreciation. Electronic data processing equipment and operating or non-operating software was depreciated using the straight line method over the lesser of its useful life or three years. Other furniture and equipment was depreciated using the straight line method over five years. The Company has not modified its capitalization policy from the prior period.
13. Pharmacy rebates are attained based on agreements between CS and a third party administrator for prescription drugs. Pharmacy rebates are admitted if accrued or invoiced within 90 days of the reporting period. Pharmacy rebates are non-admitted if invoiced and uncollected over 90 days prior to the reporting period.

Other than temporary impairments

Management regularly reviews the value of CS's investments. If the value of any investment falls below its cost basis, the decline in value is analyzed to determine whether it is an other-than-temporary impairment. The decision to record an impairment loss incorporates both quantitative criteria and qualitative information. The Company considers a number of factors including, but not limited to: (a) the length of time and the extent to which the fair value has been less than book value, (b) the financial condition and near term prospects of the issuer, (c) the intent and ability of CS to retain its investment for a period of time sufficient to allow for any anticipated recovery in value, (d) whether the debtor is current on interest and principal payments and (e) general market conditions and industry or sector specific factors.

Premium Revenue

Premiums are due monthly. Amounts are recognized as revenue in the period in which CS is obligated to provide services to its members. Premiums received in advance are recorded as unearned premium revenue. In accordance with Statement of Statutory Accounting Principle (SSAP) No. 61, *Life, Deposit-Type and Accident Health Reinsurance*, payments to a reinsurance carrier for a stop-loss arrangement are deducted from premiums earned.

A substantial portion (approximately 92% during 2014) of CS's premiums earned relates to a provider contract with the Ohio Department of Medicaid (ODM). The contract is subject to cancellation by CS upon one hundred twenty days written notice provided that termination must be effective on the last day of a calendar month. ODM can terminate the agreement, in certain circumstances, effective the last day of a calendar month. Cancellations or nonrenewal of these contracts would affect operating results adversely.

Net premium income also includes the Medicare Advantage CMS premium, and the premium under the Medicare Part D program. These premiums are less than 1% of CS's total premiums. As a part of the Medicare Advantage program, periodic changes in member risk factor adjustment scores, for certain diagnoses result in changes to Medicare revenues. The Company recognizes such changes when the amounts become determinable and supportable, and collectability is reasonably assured. The amounts are recorded as accrued retrospective premiums, or as a provision for experience rating refunds with a corresponding adjustment to premium income.

Effective January 1, 2014 CareSource started providing individual health insurance coverage for individuals signing up for coverage on the Federally Facilitated Exchange. Total premium income earned related to these policies represents approximately 1% of CS's premiums during 2014. Premium amounts include both subscriber payments, and advanced premium tax credits received from CMS. All premiums are subject to the Affordable Care Act risk-sharing provisions. Premium income has been adjusted to account for certain of these provisions as summarized in Note 24.

Effective May 1, 2014 CareSource started providing coverage to Dual Eligible individuals under a three year demonstration program known as MyCare Ohio. The program is designed to implement and test a Medicare-Medicaid Integrated Care Delivery System. Total premium income earned under this program represents approximately 7% of CS's premiums during 2014 and includes amounts from ODM and CMS. The CMS premium payments include premiums under the Medicare Part D program. As a part of the Medicare portion of the program, periodic changes in member risk factor adjustment scores, for certain diagnoses result in changes to Medicare revenues. The Company recognizes such changes when the amounts become determinable and supportable, and collectability is reasonably assured. The amounts are recorded as accrued retrospective premiums, or as a provision for experience rating refunds with a corresponding adjustment to premium income. Activity related to this program is captured in "Category 9" within the NAIC filings "Analysis of Operations by Lines of Business". This category was selected as the demonstration program does not specifically meet the definitions of any of the coverage types described in Categories 1-8 and NAIC statutory accounting practices and procedures do not specifically address the classification for this type of insurance product.

NOTES TO FINANCIAL STATEMENTS

Pay for Performance Program

Under CS’ contract with ODM, incremental revenue of up to 1.25% of total premium revenue (1% through June 30, 2014) is earned if certain performance measures are met. Additionally, failure to meet minimum performance standards for certain measures will result in the assessment of a noncompliance penalty. These performance measures are generally linked to various quality-of-care measures dictated by the State. CS estimates the value of potential revenues and penalties based on an ongoing review against performance metrics. CS recognizes the net activity as aggregate write-ins for other health care related revenues on the statutory basis statements of revenue and expenses. Amounts owed from the state are recognized as premiums and considerations receivable; penalties owed to the state are netted against premiums, and are included in other accrued liabilities. Recorded amounts represent balances confirmed from the 2014 state fiscal year (July-June) and estimates for 2015 fiscal year.

Hospital and Medical Cost

CS contracts with various health care providers for the provision of certain health care services to its members. Participating physicians and hospitals are paid contractually established rates for services to members. The cost of health care services provided or contracted for is accrued in the period in which it is provided to a member, based in part, on estimates. Estimated liabilities for health care services provided to members of CS include claims reported and estimates (based upon historical experience) of health care services incurred but not reported (IBNR). These estimates are periodically reviewed and are adjusted in accordance with the latest available information in that period in which the information becomes available.

Reinsurance

Certain premiums and benefits are ceded to another insurance company under a reinsurance agreement. The ceded reinsurance agreement provides CS with increased capacity to write larger risks and maintain its exposure to loss within its capital resources. CS remains obligated for amounts ceded in the event that the reinsurer does not meet their obligations.

	December 31, 2014	December 31, 2013
	Written & Earned Premiums	Written & Earned Premiums
Direct premiums	\$5,629,382,816	\$4,171,599,088
Ceded premiums		
Non-affiliates	(32,240,817)	(17,532,547)
Affiliates		
Net premiums	\$5,597,141,999	\$4,154,066,540

CS does not, directly or indirectly, control any reinsurer with whom CS conducts business. CS does not have any reinsurance agreements in effect under which the reinsurer may unilaterally cancel the agreement.

Significant Provider

CS has an agreement with Children’s Hospital and Physicians’ Healthcare Networks dba Partners for Kids (PFK), for PFK to provide medical services to CS members. In connection with this contract, CS pays medical claims billed by non-PFK providers for CS members whom are less than 19 years old in the Central and Southeast Regions, and is later reimbursed by PFK. CS has recorded a liability for the incurred but not reported (IBNR) medical claims for these non-PFK provided services, and a related receivable which was secured by an irrevocable letter of credit from PFK’s financial institution to CS in the amount of the IBNR accrual. Reinsurance for CS members for which PFK is providing the medical services are delegated to PFK with approval of the State of Ohio.

As of December 31, 2014 and 2013, PFK was paid \$364,429,924 and \$321,347,574, respectively, for services rendered, prior to chargebacks of \$193,708,087 and \$186,151,661 respectively. Chargebacks resulted from CS directly paying certain non-PFK providers under the contract. The CS membership capitated by the provider constituted approximately 15% of total CS membership in 2014 (18% in 2013).

At December 31, 2014 and December 31, 2013, CS recorded a capitation chargeback receivable from PFK for \$17,569,123 and \$15,865,853 respectively.

Income Taxes

CS has been recognized by the Internal Revenue Service as an organization described in Internal Revenue Code Section 501(c)(3), and as such, is treated as exempt from federal income taxes, but is subject to unrelated business income tax.

The Company considers a number of factors including, but not limited to: (a) the length of time and the extent to which the fair value has been less than book value, (b) the financial condition and near term prospects of the issuer, (c.i.) for non-interest-related declines in corporate and government bonds, the intent and ability of CS to retain its investment for a period of time sufficient to allow for any anticipated recovery in value, (c.ii.) for interest related declines in corporate and government bonds, the intent of CS to sell the investment at the reporting date, (c.iii.) for mortgage-backed securities, whether CS expects to recover the entire amortized cost basis of the security and whether CS has the intent to sell or intent and ability to hold the investments for a period of time sufficient to allow for any anticipated recovery in value, (d) whether the debtor is current on interest and principal payments, and (e) general market conditions and industry or sector specific factors. As of December 31, 2014, the Company holds \$3.97 million of loan backed securities, none of which meet the criteria for impairment. As of December 31, 2013 the Company held \$4.9 million of loan backed securities, none of which met the criteria for impairment.

10. Information Concerning Parent, Subsidiaries and Affiliates
- A. Effective July 1, 2011, CS and CareSource Management Group (CSMG) entered into a long-term management agreement, which requires CS and CSMG to provide services and resources to each other at actual cost. The initial term of the agreement is 15 years and shall be terminable only for cause, except that CS may terminate this agreement without cause at any time for any reason upon one year written notice. The agreement includes a cost-sharing agreement, which outlines the allocation of costs for shared resources and direct costs between CS and CSMG. Costs are allocated in accordance with SSAP No. 70, *Allocation of Expenses*. The amended and restated management agreement was approved by the ODI on July 13, 2011.
- Effective March 1, 2012, CareSource entered into a reinsurance agreement with Ace American Insurance whereby CareSource Insurance serves as a direct reinsurer to Ace American Insurance, and no premiums are paid directly to CareSource Insurance. Total recoveries received from CareSource Insurance for the years ended December 31, 2014 and 2013 were \$10,218 and \$474,140, respectively.
- B. & C. For the years ended December 31, 2014 and 2013, CS incurred management fees of \$261,857,235 and \$226,939,230 from CSMG.
- D. As of December 31, 2014 and December 31, 2013, CS owed CSMG \$28,546,384 and \$21,106,015, respectively, for employee compensation and other administrative expenses incurred by the related party on behalf of CS. The terms of the settlement require that these amounts be settled within 30 days.

Other Lawsuits and Claims

The health care industry is subject to numerous laws and regulations of federal, state and local governments. Compliance with these laws and regulations can be subject to government review and interpretation, as well as regulatory actions unknown and unasserted at this time. Penalties associated with violations of these laws and regulations include significant fines and penalties, exclusion from participating in publicly-funded programs, and the repayment of previously billed and collected revenues.

From time to time we are involved in legal actions in the ordinary course of business, some of which seek monetary damages. Some lawsuits and claims are covered by insurance and others are not. The outcome of such legal actions is inherently uncertain. Nevertheless, we believe that these actions, when finally concluded and determined, are not likely to have a material adverse effect on our financial position, results of operations, or cash flows.

15. Leases
- A. Lessee Operating Lease

1) CS leases certain office space under operating leases. CSMG pays the monthly rental payments for these leases per the management agreement and CS is responsible for an allocated portion of the future minimum lease payments, which is based on revenue at the beginning of each month. The rental payments for certain office space include annual inflationary adjustments.

On November 1, 2012, CS entered into a lease agreement with CSMG for the Headquarters Building. The lease expires on November 1, 2028. The monthly lease amount will vary based on the underlying components of the payment which include depreciation and interest payments on the underlying debt instruments.

Rental expenses for the years ended 2014 and 2013, were approximately \$7,046,484 and \$8,150,312, respectively.

2) Future minimum payments for noncancelable leases are as follows:

Year Ending December 31	Operating Leases
2015	3,804,017
2016	3,768,895
2017	3,774,084
2018	3,272,906
2019	2,789,423
2020 & beyond	21,758,010
Total	39,167,335

3) Sale-leaseback transactions- None

The Company is not involved in any sales-leaseback transactions.

B. Lessor Leases – None

NOTES TO FINANCIAL STATEMENTS

16. Information about financial instruments with off-balance sheet risk and financial instruments with concentrations of credit risk
– No such instruments.

17. Sale, transfer and servicing of financial assets and extinguishments of liabilities – None

18. Gain or Loss to the reporting entity for uninsured A&H plans and the uninsured portion of partially insured plans
The Company has a contract with the Ohio Department of Medicaid to provide case management services for the Home and Community Based Waiver program. The structure of the program as an entity that solely performs administrative services qualifies it for classification as an uninsured, administrative services only (ASO) plan.

A. ASO plans -

The gain from operations from Administrative Service Only (ASO) uninsured plans and the uninsured portion of partially insured plans was as follows during 2014:

	ASO Uninsured Plan	Uninsured Portion Of Partially Insured Plans	Total ASO
a. Net reimbursement for administrative expenses (including administrative fees) in excess of actual expenses	\$51,107	\$0	\$51,107
b. Total net other income or expenses	\$0	\$0	\$0
c. Net gain or (loss) from operations	\$51,107	\$0	\$51,107
d. Total claims payment volume	\$0	\$0	\$0

B. ASC plans – N/A

C. Medicare or similarly structured cost based reimbursed contracts –

- (1) The Company has recorded no revenues explicitly attributable to cost share and reinsurance components of administered Medicare products
- (2) As of December 31, 2014 the company had recorded a receivable from CMS of \$13.4 million related to the cost share and reinsurance components of administered Medicare products.
- (3) As no revenue is recorded in connection with the cost share and reinsurance components of the Company’s Medicare contracts, the Company has recorded no allowances and reserves for adjustment of recorded revenues and receivables.
- (4) The Company has made no adjustment to revenue resulting from audit of receivables related to revenues recorded in the prior period.

19. Direct premium written/produced by managing general agents/third party administrator – Not applicable.

20. Fair Value Measurements –

A. The Company uses fair value measurements to record the fair value of certain assets and to estimate the fair value of financial instruments not recorded at fair value but required to be disclosed at fair value.

Fair value is defined as the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. The Company’s financial assets carried at fair value have been classified, for disclosure purposes, based on a hierarchy that prioritizes inputs to valuation techniques used to measure fair value into three levels.

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities. The Company’s Level 1 assets and liabilities primarily include exchange-traded equity securities.

Level 2 – Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads, and yield curves.

Level 3 – Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the Company’s best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

The following discussion described the valuation methodologies utilized by the Company for assets measured or disclosed at fair value. Fair value estimates are made at a specific point in time, based on available market information and judgments about the financial instrument, including discount rates, estimates of timing, amount of expected future cash flows, and the credit standing of the issuer.

Debt and Equity Securities

The fair values of actively traded debt and equity securities are determined through the use of third-party pricing services utilizing market observable inputs. Certain mortgage-backed securities for which the Company does not receive public

NOTES TO FINANCIAL STATEMENTS

quotations or for which the Company believes market activity to reflect distressed sales are valued using current market-consistent rates applicable to yield, credit quality and maturity of each security. When available, market observable inputs are used to estimate the fair values of these securities.

Cash, Cash Equivalents, and Short-Term Investments

The fair values of cash and cash equivalents are based on quoted market prices. Short term investments are stated at amortized cost, which approximates fair value.

25. Change in Incurred Claims and Claims Adjustment Expenses Related to Prior Years

Reserves as of December 31, 2013 were \$405.1 million. As of December 31, 2014, \$343 million has been paid for incurred claims and claim adjustment expenses attributable to insured events of prior years. Reserves remaining for prior years are now \$78.3 million, and we expect to recover approximately \$12 million on previously paid claims, principally on Medicaid lines of insurance. Reserves remaining primarily consist of excess funds received from the Ohio Department of Medicaid for administration of the ACA primary care rate increase program; amounts will be returned to ODM during 2015. Therefore, there has been a \$4.2 million unfavorable prior-year development since December 31, 2013 to December 31, 2014. The change is generally the result of ongoing analysis of recent loss development trends. Original estimates are increased or decreased, as additional information becomes known regarding individual claims. Included in this decrease, the Company experienced \$1.5 million of unfavorable prior year claim development on retrospectively rated policies, combined with \$2.7 million of unfavorable experience in recoveries.
