Prescribed statutory accounting practices include state laws, regulations and general administrative rules, as well as a variety of publications of the National Association of Insurance Commissioners (NAIC). Permitted statutory accounting practices encompass all accounting practices that are not prescribed; such practices may differ from state to state, may differ from company to company within a state and may change in the future. Statutory accounting practices used by the Plan vary from accounting principles generally accepted in the United States of America as follows:

Reinsurance: Reserves for losses and loss adjustment expenses and unearned premiums are reported net of reinsured amounts.

For the purpose of the annual and quarterly statements, the following policies have been treated as reinsurance.

- Specific and aggregate stop loss
- Fully-insured, no-risk life insurance

Reported premium income is generally net of reinsurance – it has been reduced by the cost of ceded reinsurance (the cost of stop loss premium and life insurance premium). Likewise, incurred claims and the reserve for incurred but unpaid claims do not include the cost of ceded reinsurance. Premium is reported gross of reinsurance on Exhibit of Premiums and Enrollment and Schedule T.

Vision premium and claims are included with dental.

Enrollment: Reported counts indicate number of contracts. In the first nine months of 2015, the ratio of members to contracts averaged 1.87. The ratio of members to contracts in 2014 averaged 1.87 and ranged from 1.85 to 1.89.

Nonadmitted Assets: Certain assets designated as "nonadmitted," including furniture and fixtures, automobiles and equipment, unrealized gain and loss on investments and intangible assets related to costs of insurance licenses, prepaid assets and deferred expenses, are excluded from the statements of admitted assets, liabilities and surplus statutory basis and are charged directly to unassigned surplus.

Statements of Cash Flows - Statutory Basis: The Plan reports cash flows in accordance with NAIC guidelines.

Valuation of Bonds and Mutual Funds: Bonds and mutual funds are valued in accordance with the laws of the State of Ohio or the valuations prescribed by the Committee on Valuation of Securities of the NAIC. Generally, bonds are stated at amortized cost and stocks (mutual funds) are valued based on market quotations.

Losses Payable: A liability for losses is provided based on: (1) case basis estimates for losses reported, (2) estimates of unreported losses based on past experience, (3) information received relating to assumed reinsurance, and (4) deduction of amounts for reinsurance placed with reinsurers.

Loss Adjustment Expenses Payable: A liability for loss adjustment expenses payable is provided by estimating future expenses to be incurred in settlement of the claims provided for in the liability for losses.

Recognition of Premium Revenues: Premiums are billed monthly. Revenue is recognized in the month billed.

Bonds: Includes all bonds with maturity dates, when purchased, greater than one year.

Short-term Investments: Includes all bonds with maturity dates, when purchased, of one year or less.

Cash Equivalents: Highly liquid, short-term investments with maturities of three months or less from acquisition date are considered cash equivalents. As of the statement date, there were no cash equivalents.

STATEMENT AS OF SEPTEMBER 30, 2015 OF THE Cleveland Automobile Dealers Association Group Health Plan
NOTES TO FINANCIAL STATEMENTS

The preparation of financial statements in conformity with the statutory basis of accounting for insurance companies requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from these estimates. Liability for incurred but unpaid claims is a significant estimate that could change in the near term.

Effect of the ACA - Transitional Reinsurance Program Fees (TRF)

The TRF is a temporary program, in place 2014-2016, to provide funding to insurers that incur high claim costs for enrollees in the individual market. Insurers and self-insured plans are required to pay a per-capita fee determined by HHS. The Plan collects pass-through revenue and pays the fees. The annual per-member fee amounts for 2014 and estimated for 2015 and 2016 are shown below. All employees and dependents covered under a medical plan, including COBRA but excluding Medifil, are included in the member counts.

2014	\$ 63 per member	2015 YTD	2014
2015	\$ 44 per member	\$ 146,792	\$ 215,980
2016	\$ 27 per member	149,150	292,865

The Plan also pays the PCORI fee in 2013-2019. The fee payable in 2015 equals approximately \$2 per member (indexed going forward).
