20. FAIR VALUE MEASUREMENTS

A. Assets measured at fair value on a recurring basis.

(1) There were no financial assets or financial liabilities recorded at fair value as of September 30, 2015.

The Company reviews its fair value hierarchy classifications quarterly. This review could reveal that previously observable inputs for specific assets or liabilities are no longer available or reliable. For example, if the market for a Level 1 asset becomes inactive, the Company may need to adopt a valuation technique that relies on unobservable components causing the asset to be transferred to Level 2 or Level 3. Alternatively, if the market for a Level 3 asset or liability becomes active, the Company will report a transfer out of Level 3. Transfers in or out of Level 3 are reported as of the beginning of the reporting period in which the change occurs. During 2015, there have not been any transfers of assets or liabilities from one level of the fair value hierarchy to another.

(2) The Company has no assets or liabilities carried at fair value in the level 3 category of the fair value hierarchy.

STATEMENT AS OF SEPTEMBER 30, 2015 OF THE Fireman's Fund Insurance Company of Ohio
NOTES TO FINANCIAL STATEMENTS

- (3) See discussion above for a description of the company's policy for determining when transfers between levels are recognized.
- (4) The Company has analyzed the valuation techniques and related inputs, evaluated its assets and liabilities reported at fair value, and determined a fair value hierarchy level based upon trading activity and the observability of market inputs consistent with SSAP 100, Fair Value Measurement. Based on the results of this evaluation and investment class analysis, each valuation was classified into Level 1, 2, or 3. An asset's or a liability's classification is based on the lowest level input that is significant to its measurement. The fair value of bonds is based primarily on quoted market prices in active markets. Based on the market data, the securities are categorized into asset class, and based on the asset class of the security, appropriate pricing applications, models, and related methodology and standard inputs are utilized to determine what a buyer in the market place would pay for the security in a current sale. When quoted prices are not readily available or in an inactive market, standard inputs used in the valuation models, listed in approximate order of priority, include, but are not limited to, benchmark yields, reported trades, municipal securities rulemaking board (MSRB) reported trades, nationally recognized municipal securities information repository (NRMSIR) material event notices, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers, reference data, and industry and economic events. In certain cases, including private placement securities as well as certain difficult-to-price securities, internal pricing models may be used that are based on market proxies.
- (5) The entity does not hold any derivative assets or liabilities measured at fair value.

B. Other Fair Value Disclosures: None

On September 17, 2014, FFIC announced that its commercial property and casualty (P&C) business will be integrated into Allianz Global Corporate & Specialty (AGCS), the global corporate insurance group of Allianz Group for all active product lines. This ensures continuity of service for existing commercial policyholders and agents, while also presenting one brand and team to customers across all segments of the US P&C market. The Integration will also seek to build on the FFIC's product range globally, targeting opportunities to use its specialist knowledge of entertainment and mid-corporate insurance in international markets.

On March 18, 2015, the California Insurance Commissioner provided consent to the Master Transaction Agreement (MTA) executed December 18, 2014 between FFIC and ACE American Insurance Company (ACE) and the form of the quota share reinsurance and service agreements contained therein. The agreements provide the framework for the sale of FFIC's personal lines business to ACE, a Pennsylvania property and casualty Insurer licensed in California. The business to be transferred to ACE consists of private passenger auto, liability, homeowners, and personal inland marine policies.

On April 1, 2015, FFIC closed the sale of its personal lines insurance business to ACE. The sale includes the renewal rights and reinsurance of existing liabilities. Initially, FFIC recognized a pre-tax gain of \$450,239,000 on the sale that was subsequently reduced to \$432,817,000 after further review of transactions. FFIC and ACE entered into a Run-Off Agreement for liabilities as of March 31, 2015. This included \$382,671,000 in loss and ALE reserves and \$428,414,000 in unearned premium reserves. The agreement was approved by both the California and Pennsylvania Departments of Insurance. In addition, FFIC and ACE entered into a 100% quota share reinsurance agreement for business written on policies effective April 1, 2015 and subsequent, until such a time that the policies can be renewed on ACE paper.
