A. Accounting Practices

The financial statements of Infinity Casualty Insurance Company ("the Company") are presented on the basis of accounting practices prescribed or permitted by the Ohio Department of Insurance.

The National Association of Insurance Commissioners ("NAIC") *Accounting Practices and Procedures Manual* has been adopted as a component of prescribed or permitted practices by the state of Ohio.

B. Use of Estimates in the Preparation of the Financial Statement

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and of the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

Invested asset values are generally stated as follows:

Bonds are stated at amortized cost using the interest method.

Short-term investments are stated at amortized cost.

Unpaid Losses and Loss Adjustment Expense Reserves - The net liabilities stated for unpaid claims and for expenses of investigation and adjustment of unpaid claims are based upon (a) the accumulation of case estimates for losses reported prior to the close of the accounting period on the direct business written; (b) estimates received from ceding reinsurers and insurance pools and associations; (c) estimates of unreported losses and development on reported losses based on past experience net of salvage and subrogation recoveries; and (d) estimates based on experience of expenses for investigating and adjusting claims. The total of these factors is reduced for portions ceded to other insurers. All such estimates are based on the current state of the law and coverage litigation, which could change substantially by the time claims are settled. These liabilities are subject to the impact of changes in claim amounts, frequency and other factors. In spite of the variability inherent in such estimates, management believes that the liabilities for unpaid losses and loss adjustment expenses ("LAE") are adequate. Changes in estimates of the liabilities for losses and LAE are reflected in the statement of income in the period in which determined.

Premium Deficiency Reserve - The Company uses anticipated investment income as a factor in the premium deficiency calculation.

Premium Recognition - Premiums are earned over the terms of the related insurance policies and reinsurance contracts. Unearned premium reserves are established to cover the unexpired portion of premiums written. Such reserves are computed by pro rata methods for direct business and are based on reports received from ceding companies for reinsurance.

Underwriting Expense Recognition - Expenses incurred in connection with acquiring new insurance business, including such acquisition costs as sales commissions, are charged to operations as incurred. Expenses incurred are reduced for ceding allowances received or receivable.

D. Going Concern - Not applicable.

Employee Retirement Plan

All employees meeting minimum requirements regarding service are eligible to participate in the Infinity Property and Casualty Corporation's ("Parent") 401(k) Retirement Plan ("the Plan") for the benefit of employees of the Parent and its participating subsidiaries. The Plan is a defined contribution plan in which participating employees are entitled to share in contributions made by the Company on their behalf. The Plan has two types of contributions, including 401(k) Contributions made by participating employees and Contributions made by the Company. Participating employees are permitted to make 401(k) Contributions to the Plan. Matching Contributions may be made by the Company based on the amount of 401(k) Contributions made by the participating employees. The Parent also has a Supplemental Executive Retirement Plan ("SERP") for a select group of management or highly compensated employees. The SERP enables eligible employees to receive additional retirement contributions from the Company that are precluded by law due to limitations of a qualified retirement plan. SERP costs are funded as they accrue and vested benefits are fully funded. Matching Contributions to the SERP are subject to the discretion of the Parent, and the Company has no liability for future contributions to the SERP. The Company's share of the expense for the Plan and the SERP during 2015 was \$4,893.
