**B. Use of Estimates in Preparation of Financial Statements** - The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

**C. Accounting Policy** - Premiums are earned over the terms of the related insurance policies. Unearned premium reserves are established to cover the unexpired portion of premiums written. Such reserves are computed by pro rata methods for direct business.

Expenses incurred in the connection with acquiring new insurance business, including such acquisition costs as sales commissions, are charged to operations as incurred. Expenses incurred are reduced for ceding allowances received or receivable.

Short-term investments are securities with an original maturity greater than 3 months, but less than 1 year, are stated at cost.

Bonds not backed by loans are stated at amortized cost. Premiums and discounts on bonds are amortized or accreted, respectively, over the life of the related debt security as an adjustment to the yield, using the scientific method. Interest income is recognized when it is earned.

Common stocks at market value except for its investment in uncombined subsidiaries and affiliates in which the Company has an interest of 20% or more are carried on the equity basis.

No preferred stocks are held by the Company.

No Mortgage Loans are held by the company

Loan-backed securities at amortized cost provided that the SVO designation is 1 or 2. If the SVO designation is 3 or greater, the Company states the securities at the lower of amortized cost or fair market value. The Company uses the retrospective method to make valuation adjustments when necessary.

No subsidiary controlled or affiliated investments to report.

No investments in joint ventures, partnerships, and limited liability companies to report.

The Company does not have any derivative financial instruments.

The Company does utilize anticipated investment income as a factor in premium deficiency calculations.

Unpaid losses and loss adjustment expenses include an amount determined from individual case estimates and loss reports and an amount, based on past experience, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and while management believes the amounts is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liability is continually reviewed and any adjustments are reflected in the period determined.

**D. Going Concern** - The Company was previously in runoff mode but has been acquired by IBOD Company Inc. who plans to write personal auto insurance. IBOD Company Inc. plans to invest further capital into the Company as part of its future plan of operations.
