Notes to Financial Statements

1. Summary of Significant Accounting Policies

A. Accounting Practices

The accompanying financial statements of Healthcare Underwriters Group, Inc. (the Company) have been prepared in conformity with the National Association of Insurance Commissions’ (NAIC) *Annual Statement Instructions and Accounting Practices & Procedures Manual* (NAIC SAP).

The Ohio Department of Insurance recognizes only statutory accounting practices prescribed or permitted by the state of Ohio for determining and reporting the financial condition and results of operations of an insurance company and for determining its solvency under Ohio insurance laws. NAIC SAP has been adopted as a component of prescribed or permitted practices by the state of Ohio. The Director of the Ohio Department of Insurance has the right to permit other specific practices that deviate from prescribed practices. The Company has no practices prescribed or permitted by the state of Ohio.

A reconciliation of the Company’s net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the state of Ohio is shown below:

	State of Domicile	2016	2015

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

Premiums written directly, net of premiums ceded pursuant to reinsurance agreements, are earned ratably over the terms of the underlying policies. Premiums written, net of reinsurance ceded, relating to the unexpired portion of policies in-force at the balance sheet date are recorded as unearned premiums. Unearned premiums include a provision for death, disability and retirement reserves, which is accrued based on management’s estimate of future earned free tail policies. Premiums collected in advance of the effective date of the policy are recorded as advance premiums. Policy acquisition costs are charged to current operations as incurred.

Expenses incurred in connection with acquiring new insurance business, including such acquisition costs as sales commissions, are charged to operations as incurred. Expenses incurred are reduced for ceding allowances received or receivable.

In addition, the Company uses the following accounting policies:

- (1) Short-term investments are stated at amortized cost.
- (2) Bonds not backed by other loans are stated at amortized cost using the straight-line method.
- (3) Common stocks are stated at market.
- (4) The Company has no investments in preferred stocks.
- (5) The Company has no mortgage loans on real estate.
- (6) Loan-backed securities, consisting entirely of U.S. Government residential mortgage-backed securities, are stated at amortized cost using the straight-line method.
- (7) The Company has no investments in subsidiaries, controlled and affiliated companies.
- (8) The Company has no investments in joint ventures, partnerships and limited liability companies.
- (9) The Company has no derivatives.
- (10) The Company anticipates investment income as a factor in the premium deficiency calculation, in accordance with SSAP No. 53, Property-Casualty Contracts - Premiums.
- (11) Unpaid losses and loss adjustment expenses include an amount determined from individual case estimates and loss reports and an amount, based on past experience and actuarial input, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and, while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liabilities are continually reviewed and any adjustments are reflected in the period determined.

Notes to Financial Statements

3. Business Combinations and Goodwill

On January 8, 2015, a merger was completed among Healthcare Underwriters Group of Florida, Inc., Healthcare Underwriters Group Insurance of Kentucky, Inc. and Healthcare Underwriters Group of Ohio, Inc. and their respective management companies to form a combined medical professional liability insurance company. The combined company, Healthcare Underwriters Group, Inc. (HU), is wholly owned by a holding company, Global Insurance Management Company, Inc. (GIMC), which is owned by the former owners of all of the companies. For future financial reporting purposes, the combination was treated as though it occurred on January 1, 2015.

As a result of the merger and changes to the structure of the organization, an Administrative Service Agreement, including cost sharing and provision of management services, was executed. In addition, certain consolidating and adjusting entries were required to reflect the financial results of the combined entities.

The adjustments mentioned above had no effect on post merger operating results and therefore were not reflected in the 2015 operating results of the company but as adjustments to HU’s surplus on the Balance Sheet. The adjustments totaled \$2,539,581, net of tax of \$1,308,269, and are shown on the Statement of Income, line 37 Prior Year as a reduction in surplus.

4. Discontinued Operations

20. Fair Value Measurements

- A. The Company's estimates of fair value for financial assets and financial liabilities are based on the framework established in the Fair Value Measurements and Disclosures accounting guidance. The framework is based on the inputs used in valuation and requires that observable inputs be used in the valuations when available. The disclosure of fair value estimates in the fair value accounting guidance includes a hierarchy based on whether significant valuation inputs are observable. In determining the level of the hierarchy in which the estimate is disclosed, the highest priority is given to unadjusted quoted prices in active markets and the lowest priority to unobservable inputs that reflect HU's significant market assumptions. The only assets and liabilities measured and reported at fair value are common stocks. The three levels of the hierarchy are as follows:

Level 1 – Quoted prices in active markets for identical securities.

Level 2 – Quoted prices in active markets for similar securities.

Level 3 – Inputs to the valuation methodology are unobservable for the asset or liability and are significant to the fair value measurement.

22. Events Subsequent
Subsequent events have been considered through February 24, 2017 for the 2016 Annual Statement. There have been no material recognized or nonrecognized subsequent events.

23. Reinsurance
Effective October 1, 2016, losses and allocated loss adjustment expenses (LAE) on such losses were reinsured under a primary excess of loss reinsurance contract whereby HU reinsures all risks in excess of its initial \$500,000 retention (losses and allocated LAE) up to \$1,000,000. HU retains 25% of these excess losses. Prior to October 1, 2016, HU did not retain a percentage of these excess losses. HU’s recovery of losses from reinsurers under this contract was limited to 325% of the maximum reinsurance premiums paid or payable per reinsurance contract period.

Prior to April 1, 2015, losses and a pro-rata share of allocated loss adjustment expenses (LAE) on such losses were reinsured under a primary excess of loss reinsurance contract whereby HU reinsured all risks in excess of its initial \$250,000 retention (losses only) up to \$1,000,000. HU retained a percentage of these excess losses: 20% for Florida losses and 10% for Kentucky and Ohio losses, respectively. HU's recovery of losses from reinsurers under this contract was limited to 325% of the maximum reinsurance premiums paid or payable per reinsurance contract period.

The ultimate reinsurance premiums paid by HU on the primary excess of loss contract are based on 100% (102.5% prior to April 1, 2015) of cumulative ceded losses and LAE paid and reserved under the contract plus a percentage of written premiums, subject to certain minimum and maximum limitations. HU recognizes ceded premiums based on its estimate of ultimate reinsurance premiums to be paid. Estimates of ultimate reinsurance premiums to be paid are continually reviewed by management and updated with any resulting adjustment reflected in current operating results.

Losses in excess of \$1,000,000 up to \$2,000,000 are reinsured under a fixed-cost reinsurance contract at December 31, 2016 and 2015 respectively. HU’s fixed-cost reinsurance contract contains a provision for ceding commissions. HU retains 25% of these excess losses. Prior to October 1, 2016, HU did not retain a percentage of these excess losses.

Effective April 1, 2015, HU entered into a quota share reinsurance treaty with another carrier whereby HU assumes 75% of its medical professional liability policies’ unearned premiums and related losses at April 1, 2015 and on policies’ premiums and losses incepting on and after April 1, 2015. At December 31, 2016, the Company held securities and a short-term investment with a fair market value of \$5,523,009 and a book carrying value of \$5,596,715 in a separate trust account as collateral pertaining to this quota share reinsurance treaty.

Ceded reinsurance premiums payable related to insured events of prior years were increased by \$137,154 during 2016 as a result of re-estimation on unpaid reinsured claims. Management determined to increase ceded reinsurance premiums payable based on management’s judgment and evaluation of the payable based in part on advice received from its independent consulting actuary.

25. Changes in Incurred Losses and Loss Adjustment Expenses

Net reserves for losses and loss adjustment expenses as of December 31, 2016 related to insured events of prior years decreased \$2,234,732 as a result of re-estimation of unpaid claims primarily for the loss years 2012, 2013 and 2015 because the Company has reduced its estimates of claims severity (i.e. the average size of a claim) related to those years. Based on recent internal and industry claims data, management believes claims severity for those earlier years will be less than was actuarially projected and that claims severity is increasing at a rate slower than was estimated when reserves for those years were established. No return premiums have been accrued as a result of the prior-year effects.
