## **NOTES TO FINANCIAL STATEMENTS**

## 1. Summary of significant accounting policies and going concern

#### A. Accounting practices

The accompanying statutory financial statements of Aetna Better Health Inc. (an Ohio corporation) (the "Company"), indirectly a wholly-owned subsidiary of Aetna Inc. ("Aetna"), have been prepared in conformity with accounting practices prescribed or permitted by the Ohio Department of Insurance ("Ohio Department") ("Ohio Accounting Practices"). The Ohio Department recognizes only statutory accounting practices prescribed or permitted by the State of Ohio for determining and reporting the financial condition and results of operations of an insurance company, which include accounting practices and procedures adopted by the National Association of Insurance Commissioners' ("NAIC") *Accounting Practices and Procedures Manual* ("NAIC SAP").

A reconciliation of the Company's net income (loss) and capital between NAIC SAP and practices prescribed and permitted by the State of Ohio for the years ending December 31, 2016 and 2015 is as follows:

	SSAP #	F/S Page	F/S Line #	2016	2015

**B. Use of estimates in the preparation of the financial statements**

The preparation of these financial statements in conformity with Ohio Accounting Practices requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and revenue and expenses. Actual results could differ from those estimates.

### C. Significant accounting policies

The Company applies the following significant accounting policies:

## (1) Cash, cash equivalents and short-term investments

Cash, cash equivalents and short-term investments, consisting primarily of money market instruments and other debt issues with an original maturity of up to one year, are carried at amortized cost. Short-term investments consist primarily of investments purchased with an original maturity date of greater than three months but less than one year. Cash equivalents consist of highly liquid instruments, which mature within three months from the date of purchase. The carrying amount of cash, cash equivalents and short-term investments approximates fair value. If a reporting entity has multiple cash accounts, the net amount of all accounts shall be reported jointly.

## (2) Bonds

Bonds, which include special deposits, are carried at amortized cost except for those bonds with an NAIC designation of 3 through 6, which are carried at the lower of amortized cost or fair value. The amount carried at fair value is not material to the financial statements. Bond premiums and discounts are amortized using the scientific interest method. When quoted prices in active markets for identical assets are available, the Company uses these quoted market prices to determine the fair value of bonds. This is used primarily for U.S. government securities. In other cases where a quoted market price for identical assets in an active market is either not available or not observable, the Company estimates fair values using valuation methodologies based on available and observable market information or by using a matrix pricing model. If quoted market prices are not available, the Company determines fair value using broker

quotes or an internal analysis of each investment's financial performance and cash flow projections. The Company had no investments where fair value was determined using broker quotes or an internal analysis of financial performance and cash flow projections at December 31, 2016 and 2015. Bonds include all investments whose maturity is greater than one year when purchased.

The Company periodically reviews its bonds to determine whether a decline in fair value below the carrying value is other-than-temporary. For bonds, other than loan-backed and structured securities, an other-than-temporary impairment ("OTTI") shall be recorded if it is probable that the Company will be unable to collect all amounts due according to the contractual terms in effect at the date of acquisition. Declines deemed to be OTTI in the cost basis are recognized as realized capital losses. Yield-related impairments are deemed other-than-temporary when the Company intends to sell an investment at the reporting date before recovery of the cost of the investment.

For loan-backed and structured securities, the Company records OTTI when the fair value of the loan-backed or structured security is less than the amortized cost basis at the balance sheet date and (1) the Company intends to sell the investment, or (2) the Company does not have the intent and ability to retain the investment for the time sufficient to recover the amortized cost basis, or (3) the Company does not expect to recover the entire amortized cost basis of the security, even if it does not intend to sell the security and has the intent and ability to hold. If it is determined an OTTI has occurred because of (1) or (2), the amount of the OTTI is equal to the difference between the amortized cost and the fair value of the security at the balance sheet date and this difference is recorded as a realized capital loss. If it is determined an OTTI has occurred because of (3), the amount of the OTTI is equal to the difference between the amortized cost and the present value of cash flows expected to be collected, discounted at the loan-backed or structured security's effective interest rate and this difference is also accounted for as a realized capital loss.

The Company analyzes all relevant facts and circumstances for each investment when performing its analysis to determine whether an OTTI exists. Among the factors considered in evaluating whether a decline is other-than-temporary, management considers whether the decline in fair value results from a change in the quality of the investment security itself, whether the decline results from a downward movement in the market as a whole, the prospects for realizing the carrying value of the bond based on the investee's current and short-term prospects for recovery and other factors. The risks inherent in assessing the impairment of an investment include the risk that market factors may differ from our expectations and the risk that facts and circumstances factored into our assessment may change with the passage of time. Unexpected changes to market factors and circumstances that were not present in past reporting periods may result in a current period decision to sell securities that were not other-than-temporarily-impaired in prior reporting periods.

- (3) The Company did not own any common stock at December 31, 2016 or 2015.
- (4) The Company did not own any preferred stock at December 31, 2016 or 2015.
- (5) The Company did not have any mortgage loans at December 31, 2016 or 2015.
- (6) Securities lending

The Company engages in securities lending by lending certain securities from its investment portfolio to other institutions for short periods of time. Borrowers must post cash collateral in the amount of 102% to 105% of the fair value of a loaned security. The fair value of the loaned securities is monitored on a daily basis, with additional collateral obtained or refunded as the fair value of the loaned securities fluctuates. The collateral is retained and invested by a lending agent according to the Company's guidelines to generate additional investment income for the Company. Pursuant to SSAP No. 103 - *Transfers and Servicing of Financial Assets and Extinguishments of Liabilities* ("SSAP No. 103"), collateral required under the Company's securities lending program is carried on the Company's Statutory Statements of Assets and Liabilities, Capital and Surplus as both a receivable and payable. Also pursuant to SSAP No. 103, if the collateral received from a counterparty is less than 100 percent at the reporting date, the difference between the actual collateral and 100 percent is nonadmitted. Collateral value is measured and compared to the loaned securities in aggregate by counterparty. The Company did not have any loaned securities at December 31, 2016 or 2015.

- (7) The Company did not have any investments in any subsidiaries or affiliated companies at December 31, 2016 or 2015.
- (8) The Company did not have any investments in any joint ventures, partnerships and limited liability companies at December 31, 2016 or 2015.
- (9) The Company did not have any derivatives at December 31, 2016 or 2015.

(10) Aggregate health policy reserves and related expenses

Premium deficiency reserves (“PDR”) are recognized when it is probable that the expected future hospital and medical costs, including maintenance costs, will exceed anticipated future premiums and reinsurance recoveries on existing contracts. Where allowed, anticipated investment income is considered in the calculation of any PDR. For purposes of calculating a PDR, contracts are grouped in manner consistent with the method of acquiring, servicing and measuring the profitability of such contracts. The Company had no PDR at December 31, 2016 or 2015.

Unearned premium reserves (“UEP”) are recognized for premiums that are recorded by the Company that have not been earned as of the statement date. The Company had no UEP at December 31, 2016. The UEP balance of \$6,681,540 was included in aggregate health policy reserves in the Statutory Statements of Liabilities, Capital and Surplus at December 31, 2015.

Medicaid experience rebate payable consists of estimates of amounts due under Medicaid contracts with the State of Ohio. These amounts are computed based on a percentage of Medicaid profits as defined in the contract with the State. The profitability computation includes premium revenue earned from the state less actual medical and administrative costs incurred and paid and less estimated unpaid claims payable for the applicable membership. The unpaid claims payable estimates are based on historical payment patterns using actuarial techniques. A final settlement is generally made 334 days after the contract period ends using paid claims data and is subject to audit by the State any time thereafter. Any adjustment made to the experience rebate payable as a result of final settlement is included in current operations. The Company had no Medicaid experience rebate payable at December 31, 2016. The Medicaid experience rebate payable of \$2,670,139 was included in aggregate health policy reserves in the Statutory Statements of Liabilities, Capital and Surplus at December 31, 2015.

(11) Hospital and medical costs and claims adjustment expenses and related reserves

Hospital and medical costs consist principally of fee-for-service medical claims and capitation costs. Claims unpaid and aggregate health claim reserves include the Company's estimate of payments to be made on claims reported but not yet paid and for health care services rendered to enrollees but not yet reported to the Company as of the Statutory Statements of Assets and Liabilities, Capital and Surplus date. Such estimates are developed using actuarial principles and assumptions, which consider, among other things, historical and projected claim submission and processing payment patterns, medical cost trends, historical utilization of health care services, claim inventory levels, medical inflation, contract requirement changes in membership and product mix, seasonality and other relevant factors. The Company reflects changes in estimates in hospital and medical costs in the Statutory Statements of Revenue and Expenses in the period they are determined. Capitation costs, which are recorded in hospital and medical expenses in the Statutory Statements of Revenue and Expenses, represent contractual monthly fees paid to participating physicians and other medical providers for providing medical care, regardless of the medical services provided to the enrollee.

The Company uses the triangulation method to estimate reserves for claims incurred but not reported. The method of triangulation makes estimates of completion factors that are then applied to the total paid claims (net of coordination of benefits) to date for each incurrable month. This provides an estimate of the total projected incurred claims and total amount outstanding or claims incurred but not reported (claims unpaid). For the most current dates of service where there is insufficient paid claim data to rely solely on the triangulation method, the Company examines cost and utilization trends as well as environmental factors, plan changes, provider contracts, changes in membership and/or benefits, and historical seasonal patterns to estimate the reserve required for these months.

Claims adjustment expenses, which include cost containment expenses, represent the costs incurred related to the claim settlement process such as costs to record, process and adjust claims. These expenses are included in the Company's management agreement with an affiliate described in Note 10.

(12) The Company did not modify its capitalization policy from the prior period.

(13) Pharmaceutical rebate receivables

The Company estimates pharmaceutical rebate receivables based upon historical payment trends, actual utilization and other variables. Pharmaceutical rebates for a quarter are billed to the vendor within one month of the completion of the quarter with any adjustment to previously recorded amounts reflected at the time of billing. The Company reports pharmaceutical rebate receivables as health care receivables. Pharmacy rebate receivables not in accordance with SSAP No. 84 – *Health Care and Government Insured Plan Receivables* or are over 90 days past due are nonadmitted. All rebates are processed and settled with an affiliated entity.

(14) Premiums and amounts due and unpaid

Premium revenue for prepaid health care products is recognized as income in the month in which enrollees are entitled to health care services.

Nonadmitted amounts consist of all premiums due and unpaid greater than 90 days past due, with the exception of amounts due under government insured plans, which may be admitted assets under certain circumstances.

The Company did not have any premiums or amounts due and unpaid at December 31, 2016 or 2015.

(15) Medicare Hierarchy Categorization Program

Within the Duals Demonstration Programs, there is a component of revenue that is subject to change based on documented changes in members' clinical health status over the year presented in the accompanying financial statements. That documentation will not be complete until all claims are paid for the year. The Company does not believe there will be a material impact to the financial statements from these changes.

(16) Investment income due and accrued

Accrued investment income consists primarily of interest. Interest is recognized on an accrual basis and dividends are recorded as earned on the ex-dividend date. Due and accrued income is not recorded on: (a) bonds in default; and (b) bonds delinquent more than 90 days or where collection of interest is improbable. At December 31, 2016 and 2015, the Company did not have any nonadmitted investment income due and accrued.

(17) Covered and uncovered expenses and related liabilities

Covered expenses and related liabilities represent costs for health care expenses for which a member is not responsible in the event of the insolvency of the Company. Uncovered expenses and related liabilities represent costs to the Company for health care services that are the obligation of the Company and for which a member may also be liable in the event of the Company's insolvency.

(18) Fees Paid to the Federal Government by Health Insurers

Beginning January 1, 2014, SSAP No. 106 – *Affordable Care Act Section 9010 Assessment* (“SSAP No. 106”) required (1) that the health insurer fee be recognized in full on January 1 of the fee year (the calendar year in which the assessment must be paid to the federal government), in the operating expense category of insurance taxes, licenses and fees, excluding federal income taxes and (2) that in each data year preceding a fee year a reporting entity pro-ratably accrue by reclassifying from unassigned funds (surplus) to aggregate write-ins for special surplus funds an amount equal to its estimated subsequent fee year assessment. This reclassification has no impact on total capital and surplus and is reversed in full on January 1 of the fee year beginning with fee years starting on January 1, 2015 and after. In December 2015, the Consolidated Appropriation Act was enacted which included a one year suspension in 2017 of the health insurer fee. As interpreted in INT 16-01: ACA Section 9010 Assessment 2017 Moratorium, because there is not an ACA Section 9010 fee due in September 2017, there is not an accrual of a liability on January 1, 2017 based on 2016 data year net written premiums. Accrual of a liability on January 1, 2018 for the ACA Section 9010 assessment based on 2017 data year net written premiums and the reclassification from unassigned funds (surplus) to aggregate write-ins for special surplus funds equal to the estimated 2018 fee year assessment accrued in data year 2017 will both continue as prescribed under SSAP No. 106. See Note 22 for disclosure of all amounts related to the health insurer fee for the Company.

(19) Accounting for the Patient Protection and Affordable Care Act and the Health Care and Education Reconciliation Act of 2010's (collectively, “Health Care Reform”) Reinsurance, Risk Adjustment and Risk Corridor (the “3Rs”) pursuant to SSAP No. 107 – Risk-Sharing Provisions of the Affordable Care Act (“SSAP No. 107”) and INT 15-01: ACA Risk Corridors Collectibility (“INT 15-01”)

Reinsurance

Health Care Reform established a temporary reinsurance program that expired at the end of 2016. Under this program, all issuers of major medical commercial insurance products and self-insured plan sponsors are required to contribute funding in amounts set by the U.S. Department of Health and Human Services (“HHS”). A portion of the funds collected will be utilized to reimburse issuers' high claims costs incurred for qualified individual members. The expense related to this required funding is reflected in insurance, taxes, licenses and fees for all of the Company's insurance products with the exception of products associated with qualified individual members; this expense for qualified individual members is reflected as a reduction of premium revenue. When annual claim costs incurred by the Company's qualified individual members exceed a specified attachment point, the Company is entitled to certain reimbursements from this program. The Company records amounts recoverable for claims paid and unpaid and ceded claim benefit recoveries to reflect its estimate of these recoveries. At December 31, 2016 and 2015, the Company did not record a payable or a receivable under the temporary three-year reinsurance program.

Risk Adjustment

Health Care Reform established a permanent risk adjustment program to transfer funds from qualified individual and small group insurance plans with below average risk scores to plans with above average risk scores. Based on the risk of the Company's qualified plan members relative to the average risk of members of other qualified plans in comparable markets, the Company estimates its ultimate risk adjustment receivable or payable for the current calendar year and reflects the impact as an adjustment to its premium revenue. At December 31, 2016 and 2015, the Company did not record a payable or a receivable under the risk adjustment program.

Risk Corridor

Health Care Reform established a temporary risk sharing program, which expires at the end of 2016, for qualified individual and small group insurance plans. Under this program the Company makes (or receives) a payment to (or from) HHS based on the ratio of allowable costs to target costs (as defined by Health Care Reform). The Company records a risk corridor receivable or payable as an adjustment to premium revenue based on the Company's estimate of the ultimate risk sharing amount for the current calendar year. In October 2015, HHS announced that 2014 Health Care Reform risk corridor receivables would be funded at 12.6% to the extent HHS fully collects risk corridor payables. In November 2015, INT 15-01 was issued as guidance to address the accounting for risk corridor receivables. In conjunction with this guidance, the Company recorded a risk corridor receivable at December 31, 2015 that coincided with the portion of the 2014 Health Care Reform risk corridor receivables that were considered collectible. The Company currently has not recorded any risk corridor receivables for the 2016 and 2015 program years or any amount in excess of HHS's announced pro-rated funding amount for the 2014 program year because payments from HHS are uncertain. The Company currently has not recorded any risk corridor receivables for the 2016 and 2015 program years.

The Company expects to perform an annual final reconciliation and settlement with HHS of the 3Rs in each subsequent year.

(20) Federal income taxes

The Company is included in the consolidated federal income tax return of its parent company, Aetna and Aetna's other wholly-owned subsidiaries pursuant to the terms of a tax sharing agreement. In accordance with a written tax sharing agreement with an affiliate, the Company's current federal income tax provisions are generally computed as if the Company were filing a separate federal income tax return; current income tax benefits, including those resulting from net operating losses, are recognized to the extent realized in the consolidated return. Pursuant to this agreement, the Company has the enforceable right to recoup federal income taxes paid in prior years in the event of future net losses, which it may incur, or to recoup its net losses carried forward as an offset to future net income subject to federal income taxes.

Income taxes are accounted for under the asset and liability method. Deferred income tax assets ("DTAs") and liabilities ("DTLs") represent the expected future tax consequences of temporary differences generated by statutory accounting as defined in SSAP No. 101. DTAs and DTLs are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. DTAs and DTLs are computed by means of identifying temporary differences which are measured using a balance sheet approach whereby statutory and tax basis balance sheets are compared. Current income tax recoverables include all current income taxes, including interest, reasonably expected to be recovered in a subsequent accounting period.

Pursuant to SSAP No. 101, gross DTAs are first reduced by a statutory valuation allowance adjustment to an amount that is more likely than not to be realized ("adjusted gross DTAs"). Adjusted gross DTAs are then admitted in an amount equal to the sum of paragraphs a. b. and c. below:

- a. Federal income taxes paid in prior years that can be recovered through loss carrybacks for existing temporary differences that reverse during a timeframe corresponding with Internal Revenue Service ("IRS") tax loss carryback provisions.
- b. The amount of adjusted gross DTAs, after the application of paragraph a. above, expected to be realized within the applicable period and that is no greater than the applicable percentage as determined using the applicable Realization Threshold Limitation Table. The applicable period refers to the number of years in which the DTA will reverse in the Company's tax return and the applicable percentage refers to the percentage of the Company's statutory capital and surplus as required to be shown on the statutory balance sheet adjusted to exclude any net DTAs, electronic data processing equipment and operating system software and any net positive goodwill ("Stat Cap ExDTA").

The Realization Threshold Limitation Tables allow DTAs to be admitted based upon either realization within 3 years and 15% of Stat Cap ExDTA, 1 year and 10% of Stat Cap ExDTA, or no DTA admitted pursuant to this paragraph b. In general, the Realization Threshold Limitation Tables allow the Company to admit more DTAs if total DTAs as reported by the Company are a smaller percentage of statutory capital and surplus.

- c. The amount of gross DTAs, after the application of paragraphs a. and b. above that can be offset against existing gross DTLs. In applying this offset, the Company considers the character (i.e. ordinary versus capital) of the DTAs and DTLs such that offsetting would be permitted in the tax return under existing enacted federal income tax laws and regulations and the reversal patterns of temporary differences.

Changes in DTAs and DTLs are recognized as a separate component of gains and losses in surplus ("Change in net deferred income tax") except to the extent allocated to changes in unrealized gains and losses. Changes in DTAs and DTLs allocated to unrealized gains and losses are netted against the related changes in unrealized gains and losses and are reported as "Change in net unrealized capital gains (losses)", also a separate component of gains and losses in surplus.

(21) Reinsurance

In the normal course of business, the Company seeks to reduce the loss that may arise from catastrophes or other events that cause unfavorable underwriting results and to help balance its risks and capital by reinsuring certain levels of risk with other insurance enterprises. The reinsurance coverage does not relieve the Company of its primary obligations. Reinsurance premiums and reserves related to reinsured business are accounted for on a basis consistent with those used in accounting for the original policies issued and the terms of the reinsurance contracts. Premiums ceded for medical losses and the related unpaid reserves have been reported as reductions of these items. The reinsurance agreements are more fully discussed in Note 23.

D. Going concern

After evaluation at December 31, 2016, management has no concern over the Company's ability to continue as a going concern at this time. Management will continuously evaluate the Company's ability to continue as a going concern and will take appropriate action and will make appropriate disclosures if there is any change in any condition or events that would raise substantial doubt about the Company's ability to continue as a going concern.

2. Accounting changes and corrections of errors

The Company did not have any accounting changes or corrections of errors in the years ended December 31, 2016 and 2015.

3. Business combinations and goodwill

The Company was not a part of any business combinations that involved the statutory purchase method, a statutory merger, an assumption reinsurance, or an impairment loss in the years ending December 31, 2016 and 2015.

4. Discontinued operations

The Company did not have any discontinued operations in the years ending December 31, 2016 and 2015.

5. Investments

A. The Company did not have any mortgage loans, including Mezzanine Real Estate Loans, at December 31, 2016 or 2015.

B. The Company did not have any debt restructuring in the years ending December 31, 2016 and 2015.

C. The Company did not have any reverse mortgages at December 31, 2016 or 2015.

D. Loan-Backed Securities

(1) Prepayment assumptions for single class and multi-class mortgage backed/asset backed securities were obtained from industry market sources.

(2) The Company had no OTTI losses during 2016 on loan-backed and structured securities in which the Company had the (1) intent to sell, (2) did not have the intent and ability to retain for a period of time sufficient to recover the amortized cost basis or (3) present value of cash flows expected to be collected is less than the amortized cost basis of the securities in accordance with SSAP No. 43R - *Loan-Backed and Structured Securities*.

(3) The Company had no recognized OTTI on loan-backed and structured securities currently held, in which the present value of cash flows expected to be collected is less than the amortized cost basis, at December 31, 2016.

(4) The Company's unrealized loss position on loan-backed and structured securities held by the Company at December 31, 2016 is as follows:

a. The aggregate amount of unrealized losses:

1. Less than 12 months	\$ (3,963)
2. 12 months or longer	-

b. The aggregate related fair value of securities with unrealized losses:

1. Less than 12 months	\$ 4,995,529
2. 12 months or longer	-

(5) The Company has reviewed the loan-backed and structured securities in accordance with SSAP No. 43R in the table above and have concluded that these are performing assets generating investment income to support the needs of the business. Furthermore, the Company has no intention to sell the securities at December 31, 2016 before their cost can be recovered and does have the intent and ability to retain the securities for the time sufficient to recover the amortized cost basis; therefore, no OTTI write-down to fair value was determined to have occurred on these securities.

E. Repurchase Agreements and/or Securities Lending Transactions

(1) The Company did not have any repurchase agreements or loaned securities transactions at December 31, 2016.

(2) The Company did not pledge any of its assets as collateral, which are classified as securities pledged to creditors as of December 31, 2016.

(3) Neither the Company nor its agent has accepted collateral that is permitted by contract or custom to sell or repledge as of December 31, 2016.

(4) The Company did not have securities lending transactions administered by an affiliated agent which is "one line" reported at December 31, 2016.

(5) The Company did not have any repurchase agreements, loaned securities or dollar repurchase agreements at December 31, 2016.

(6) The Company has not accepted collateral that is not permitted by contract or custom to sell or repledge as of December 31, 2016.

(7) The Company did not have any collateral for transactions that extend beyond one year from the reporting date.

F. The Company did not have any real estate at December 31, 2016 or 2015.

G. The Company did not have any low-income housing tax credits at December 31, 2016.

H. Restricted Assets

(2) The Company did not have any assets pledged as collateral not captured in other categories at December 31, 2016.

(3) The Company did not have any other restricted assets at December 31, 2016.

(4) The Company did not have any collateral received and reflected within its financial statements at December 31, 2016.

I. The Company did not have any working capital finance investments at December 31, 2016.

- J. The Company did not have any offsetting and netting of financial assets or liabilities at December 31, 2016.
- K. The Company did not have any structured notes at December 31, 2016.
- L. The Company did not have any 5\* securities at December 31, 2016.

**6. Joint ventures, partnerships, and limited liability companies**

- A. The Company did not have any joint ventures, partnerships, or limited liability companies that exceeded 10% of its admitted assets at December 31, 2016 or 2015.
- B. The Company does not have any impaired investments in joint ventures, partnerships, or limited liability companies at December 31, 2016 or 2015.

**7. Investment income**

- A. There was no investment income due and accrued excluded from surplus at December 31, 2016 or 2015, except in bonds where collection of interest was uncertain.
- B. There was no amount excluded at December 31, 2016 or 2015.

**8. Derivative instruments**

The Company did not have any derivative instruments at December 31, 2016 or 2015.

**9. Income taxes**

2. As explained in Note 1, the Company participates in a tax sharing agreement with its parent and affiliates.

G. The Company does not have any tax loss contingencies for which it is reasonably possible that the total liability will significantly increase within twelve months of the reporting date.

**10. Information concerning parent, subsidiaries, affiliates, and related parties**

**A. B. and C.**

The Company did not pay dividends in 2016 or 2015. The Company did not receive any capital contributions in 2016. The Company received a capital contribution in the amount of \$85,000,000 from its parent on December 28, 2015. The Ohio Department approved this transaction on December 28, 2015.

D. Amounts due to and due from affiliates shown in the accompanying Statutory Statements of Assets, Liabilities, Capital and Surplus include the Company's net receipts and disbursements processed by affiliates and transactions related to its administrative services agreement with Aetna Medicaid Administrators LLC (formerly Schaller Anderson, LLC) ("AMA"), indirectly a wholly-owned subsidiary of Aetna.

At December 31, 2016 and 2015, the Company reported \$6,356,381 and \$21,587,832, respectively, due to AMA related to this agreement. The Company also reported \$12,288,174 and \$13,525,466 due to Aetna at December 31, 2016 and 2015, respectively.

E. At December 31, 2016 and 2015, the Company did not have any guarantees or undertakings with its affiliates or parent company.

F. As of and for the years ended December 31, 2016 and 2015, the Company had the following significant transactions with affiliates:

The Company and Aetna Medicaid Administrators LLC (formerly Schaller Anderson, LLC) ("AMA"), indirectly a wholly-owned subsidiary of Aetna, are parties to an administrative services agreement, under which AMA provides certain administrative services, including accounting and processing of premiums and claims. Under this agreement, the Company will remit a percentage of its earned premium revenue, as applicable, to AMA as a fee. For these services, the Company was charged \$67,291,479 and \$62,176,384 in 2016 and 2015, respectively. This agreement also provides for interest on all intercompany balances. There was no interest earned (incurred) on amounts due from (to) affiliates in 2016 and 2015.

The Company, AMA and Aetna Health Management, LLC ("AHM"), indirectly a wholly-owned subsidiary of Aetna, entered into a plan joinder agreement effective February 1, 2014. Under this agreement, AHM has contracted with Caremark PCS Health, LLC. ("Caremark") to deliver pharmacy benefit management services to the Company. The Company will make payments to AMA in accordance with the administrative services agreement.

As explained in Note 1, the Company participates in a tax sharing agreement with Aetna and Aetna's other subsidiaries. All federal income tax receivables/payables were due from/due to Aetna.

- G. All outstanding shares of the Company are owned by Aetna Health Holdings, LLC, whose ultimate parent is Aetna.
- H. At December 31, 2016, the Company did not own shares of any upstream intermediate of Aetna.
- I. At December 31, 2016, the Company did not hold any investments in any subsidiary, controlled or affiliated ("SCA") entity that exceeded 10% of the Company's admitted assets.
- J. At December 31, 2016, the Company did not hold any investments in any impaired SCA entity.
- K. At December 31, 2016, the Company did not hold any investments in any foreign insurance subsidiaries.

- B. The Company did not have any Federal Home Loan Bank agreements at December 31, 2016.

12. Retirement plans, deferred compensation, postemployment benefits and compensated absences and other postretirement benefit plans

The Company did not have a retirement plan, deferred compensation plan, or other postretirement benefit plan at December 31, 2016 or 2015.

13. Capital and surplus, shareholders' dividend restrictions and quasi-reorganizations

- (1) The Company had 1,000 shares of common stock authorized with a par value of \$.01, with 100 shares issued and outstanding at December 31, 2016 and 2015.
- (2) The Company did not have any preferred stock outstanding at December 31, 2016 and 2015.
- (3) Dividend restrictions

Pursuant to Ohio statute, the Company shall not pay any extraordinary dividend unless the Company has notified the superintendent on a form provided by the superintendent at least 30 days prior thereto or such shorter period as the superintendent may permit and the superintendent has not disapproved it within such period. An extraordinary dividend is any dividend or other distribution which, together with other dividends and distributions made within the preceding 12 months, exceeds the greater of: ten percent of such insurer's surplus as regards policyholders as of the next preceding December 31; or the net income of such insurer for the period covered by such statement, but shall not include pro rata distributions of any class of the insurer's own securities. The Company may not make a non-extraordinary dividend without prior notification to the Insurance Department within five business days following the declaration thereto and at least ten days, commencing from the date of receipt by the superintendent, prior to the payment thereof. Ordinary dividends are ultimately limited to earned surplus.

- (4) The Company did not pay dividends in 2016 or 2015.
- (5) At December 31, 2016, the portion of the Company's profits that may be paid as ordinary dividends to stockholders was \$2,278,506. At December 31, 2015, there was no portion of the Company's profits that may be paid as ordinary dividends to stockholders.
- (6) There were no restrictions placed on the Company's surplus, including for whom the surplus was being held at December 31, 2016 or 2015, except as noted in Note 21.
- (7) Not applicable to the Company.

- (8) The Company did not hold any stock for any special purposes at December 31, 2016 or 2015.
- (9) Changes in the balances of special surplus funds from the prior year are due to the accrual of estimated ACA health insurer fees reclassified from unassigned funds or surplus to aggregate write-ins for special surplus funds as discussed more fully in Note 1.C and Note 22.
- (10) At December 31, 2016 and 2015, there was no portion of unassigned funds (surplus) that was represented or reduced by unrealized gains and losses.
- (11) The Company has not issued any surplus notes or debentures or similar obligations at December 31, 2016 or 2015.
- (12) The Company did not participate in any quasi-reorganizations during the statement year.

19. Direct premium written/produced by managing general agents/third party administrators

The Company did not have any material direct premiums written/produced by managing general agents or third party administrators for the years ended December 31, 2016 and 2015.

20. Fair value measurements

A. and B.

The Company had no material assets or liabilities measured and reported at fair value at December 31, 2016 or 2015.

C. Certain of the Company's financial instruments are measured at fair value in the financial statements. The fair values of these instruments are based on valuations that include inputs that can be classified within one of three levels of a hierarchy established by U.S. generally accepted accounting principles. The following are the levels of the hierarchy and a brief description of the type of valuation information ("inputs") that qualifies a financial asset or liability for each level:

- **Level 1** – Unadjusted quoted prices for identical assets or liabilities in active markets.
- **Level 2** – Inputs other than Level 1 that are based on observable market data. These include: quoted prices for similar assets in active markets, quoted prices for identical assets in inactive markets, inputs that are observable that are not prices (such as interest rates and credit risks) and inputs that are derived from or corroborated by observable markets.
- **Level 3** – Developed from unobservable data, reflecting our own assumptions.

Financial assets and liabilities are classified based upon the lowest level of input that is significant to the valuation. When quoted prices in active markets for identical assets and liabilities are available, we use these quoted market prices to determine the fair value of financial assets and liabilities and classify these assets and liabilities as Level 1. In other cases where a quoted market price for identical assets and liabilities in an active market is either not available or not observable, we estimate fair value using valuation methodologies based on available and observable market information or by using a matrix pricing model. These financial assets and liabilities would then be classified as Level 2. If quoted market prices are not available, we determine fair value using broker quotes or an internal analysis of each investment's financial performance and cash flow projections. Thus, financial assets and liabilities may be classified in Level 3 even though there may be some significant inputs that may be observable.

The carrying values and estimated fair values of the Company's financial instruments at December 31, 2016 and 2015 were as follows:

December 31, 2016

	Aggregate fair value	Admitted assets	Level 1	Level 2	Level 3	Not practicable (carrying value)
Bonds, short-term investments and cash equivalents	\$255,261,458	\$255,708,415	\$15,088,507	\$240,172,951	-	-
Total	\$255,261,458	\$255,708,415	\$15,088,507	\$240,172,951	-	-

December 31, 2015

	Aggregate fair value	Admitted assets	Level 1	Level 2	Level 3	Not practicable (carrying value)
Bonds, short-term investments and cash equivalents	\$280,041,561	\$279,620,758	\$11,001,994	\$269,039,567	-	-
Total	\$280,041,561	\$279,620,758	\$11,001,994	\$269,039,567	-	-

The valuation methods and assumptions used by the Company in estimating the fair value of debt securities are discussed in Note 1.

There were no material realized and unrealized capital gains, purchases, sales, settlements, or transfers into or out of the Company's Level 3 financial assets during 2016 or 2015. There were no transfers between the Company's Level 1 or 2 financial assets during 2016 or 2015.

In evaluating the Company's management of interest rate and liquidity risk and currency exposures, the fair values of all assets and liabilities should be taken into consideration, not only those presented above.

D. The Company did not have any financial instruments where it was not practicable to estimate the fair value.

21. Other items

A. Extraordinary items

The Company did not have any extraordinary items for the years ended December 31, 2016 and 2015.

B. Troubled debt restructuring: debtors

The Company did not have any troubled debt restructuring in the years ended December 31, 2016 and 2015.

C. Other disclosures and unusual items

(1) Minimum capital and surplus

Pursuant to the laws of Ohio, the Company is required to maintain admitted assets equal to 110% of the Company's liabilities with a minimum net worth equal to \$1,700,000.

The NAIC and the State of Ohio adopted risk-based ("RBC") standards for health organizations, including HMOs, that are designed to identify weakly capitalized companies by comparing each company's adjusted capital and surplus to its required capital and surplus (the "RBC Ratio"). The RBC Ratio is designed to reflect the risk profile of the company. Within certain ratio ranges, regulators have increasing authority to take action as the RBC Ratio decreases. There are four levels of regulatory action, ranging from requiring insurers to submit a comprehensive plan to the state insurance commissioner to requiring the state insurance commissioner to place the insurer under regulatory control.

At December 31, 2016 and 2015, the Company had capital and surplus that exceeded the highest threshold specified by the State of Ohio's RBC requirements and minimum net worth requirements.

(2) Health Care Reform

The Patient Protection and Affordable Care Act and the Health Care and Education Reconciliation Act of 2010 (as amended, collectively, "Health Care Reform" or "ACA"), has made broad-based changes to the U.S. health care system. On January 20, 2017, the President signed an executive order that gives the regulatory agencies that enforce the ACA the authority to interpret regulations issued under the ACA in a way that limits fiscal burdens on states and financial or regulatory burdens on individuals, providers, health insurers and others. The practical implications of that order are unclear, and the future of the ACA is uncertain. While we anticipate efforts in 2017 and beyond to substantially modify, repeal or replace the ACA, the Company expects aspects of the ACA to continue to significantly impact the Company's business operations and operating results, including the Company's pricing, medical benefit ratios and the geographies in which the Company's products are available. Health Care Reform has presented the Company with business opportunities, but also with financial and regulatory challenges. Most of the ACA's key components were phased in during or prior to 2014, including Public Exchanges, required minimum MLRs in commercial and Medicare products, the individual coverage mandate, guaranteed issue, rating limits in individual and small group products, significant new industry-wide fees, assessments

and taxes, enhanced premium rate review and disclosure processes, reduced Medicare Advantage payment rates to insurers, and linking Medicare Advantage payments to a plan's CMS quality performance ratings or "star ratings." The effects of these changes are reflected in the Company's operating results. If the ACA is not amended, repealed or replaced, certain of its components will continue to be phased in until 2020.

The Company has dedicated and expects to continue to be required to dedicate significant resources and incur significant expenses during 2017 to implement and comply with Health Care Reform and changes in Health Care Reform as well as state level health care reform. While most of the significant aspects of Health Care Reform became effective during or prior to 2014, significant parts of Health Care Reform, including aspects of nondiscrimination requirements, continue to evolve through the promulgation of executive orders, regulations and guidance. Additional changes to Health Care Reform and those regulations and guidance at the federal and/or state level are likely, and those changes are likely to be significant. Growing state and federal budgetary pressures make it more likely that any changes, including changes at the state level in response to changes to, or repeal or replacement of, Health Care Reform and/or changes in the funding levels and/or payment mechanisms of federally supported benefit programs, will be adverse to us. Given the inherent difficulty of foreseeing the nature and scope of future changes to Health Care Reform and how states, businesses and individuals will respond to those changes, the Company cannot predict the impact to the Company of future changes to Health Care Reform. It is reasonably possible that repeal or replacement of or other changes to Health Care Reform and/or states' responses to such changes, in the aggregate, could have a significant adverse effect on the Company's business operations and financial results.

Potential repeal of Health Care Reform, ongoing legislative and regulatory changes to Health Care Reform, other pending efforts in the U.S. Congress to amend or restrict funding for various aspects of Health Care Reform (including risk corridors and Health Care Reform's Cost Sharing Subsidy program), the results of the 2016 presidential, congressional and state level elections, pending litigation challenging aspects of the law and federal budget negotiations continue to create uncertainty about the ultimate impact of Health Care Reform. Examples of recent legislative and regulatory changes include: the January 20, 2017 executive order relating to Health Care Reform; the November 2016 HHS announcement that risk corridor collections for the 2015 program year will be applied first to amounts owed to plans for the 2014 program year; the May 2016 final regulations relating to Health Care Reform's non-discrimination requirements; the December 2015 suspension of the health insurer fee for 2017 and two year delay of the "Cadillac" tax on high-cost employer-sponsored health coverage; the October 2015 PACE, which leaves groups with 51 to 100 employees within the large group category for each state unless the state exercises its option to include these groups within the small group category; and the October 2015 HHS announcement that Health Care Reform's risk corridor receivables for the 2014 program year would only be funded at 12.6%. With respect to pending litigation, in May 2016, the U.S. District Court for the District of Columbia ruled that the U.S. Department of Health and Human Services does not have the authority to make payments under Health Care Reform's Cost Sharing Subsidy program. Implementation of this decision has been stayed pending appeal. A final ruling that adversely impacts the Cost Sharing Subsidy program could cause significant adverse selection in individual Public Exchange products and instability in the individual Public Exchange marketplace and could have a material adverse effect on the Company's business, cash flows, financial condition and operating results as well as hinder the Company's ability to offer Public Exchange products.

As described above, the availability of funding for the ACA's temporary risk corridor program is an example of this uncertainty. The Company continues to believe that receipt of any risk corridor payment from HHS for the 2016 or 2015 program year and receipt of such payments in excess of the announced prorated amount for the 2014 program year are uncertain. At December 31, 2016, the Company had no receivable for the remaining 2014 program year prorated amount that had not been collected from HHS and had no receivable for either of the 2015 or 2016 program years. In addition, these limited risk corridor payments created additional instability in the marketplace for individual commercial products in 2016 and going forward by contributing to decisions by health plans to change or stop offering their Public Exchange products. 2016 was the last program year for Health Care Reform's risk corridor program. Ongoing uncertainty regarding the funding of Health Care Reform-related programs and subsidies can be expected to create additional instability in the marketplace.

In addition to efforts to amend, repeal or replace Health Care Reform and the related regulations, the federal and state governments also continue to enact and seriously consider many other broad-based legislative and regulatory proposals that have had a material impact on or could materially impact various aspects of the health care and related benefits system and the Company's business. The Company cannot predict whether pending or future federal or state legislation or court proceedings, including future U.S. Congressional appropriations, will change various aspects of the health care and related benefits system or Health Care Reform or the impact those changes will have on the Company's business operations or operating results, but the effects could be materially adverse.

In addition, Health Care Reform ties a portion of each Medicare Advantage plans' reimbursement to the achievement of favorable CMS quality performance measures ("star ratings"). Since 2015, only Medicare Advantage plans with an overall star rating of four or more stars (out of five stars) are eligible for a quality bonus in their basic premium rates. As a result, the Company's Medicare Advantage plans' operating results in 2017 and going forward will be significantly affected by their star ratings.

(3) Medicare and Medicaid

The Company's Medicaid and dual eligible products also are heavily regulated by CMS and state Medicaid agencies, which have the right to audit the Company's performance to determine compliance with CMS contracts and regulations. The Company's Medicaid products, dual eligible products and Children's Health Insurance Program ("CHIP") contracts also are subject to complex federal and state regulations and oversight by state Medicaid agencies regarding the services the Company provides to Medicaid enrollees, payment for those services, network requirements (including mandatory inclusion of specified high-cost providers), and other aspects of these programs, and by external review organizations which audit Medicaid plans on behalf of the state Medicaid agencies. The laws, regulations and contractual requirements applicable to the Company and other participants in Medicaid and dual eligible programs, including requirements that the Company submit encounter data to the applicable state agency, are extensive, complex and subject to change. The Company has invested significant resources to comply with these standards, and the Company's Medicaid and dual eligible program compliance efforts will continue to require significant resources. CMS and/or state Medicaid agencies may fine the Company, withhold payments to the Company, seek premium and other refunds, terminate the Company's existing contracts, elect not to award the Company new contracts or renew existing contracts, prohibit the Company from continuing to market and/or enroll members in or refuse to automatically assign members to one or more of the Company's Medicaid or dual eligible products, exclude the Company from participating in one or more Medicaid or dual eligible programs and/or institute other sanctions against the Company if it fails to comply with CMS or state regulations or the Company's contractual requirements. The Company cannot predict whether pending or future federal or state legislation or court proceedings will change various aspects of the Medicaid program, nor can it predict the impact those changes will have on its business operations or financial results, but the effects could be materially adverse.

Effective June 1, 2014, the Company began administering a health plan for individuals who qualify for both Medicare and Medicaid coverage. This is known as "dual recipients." The Company's Medicare-Medicaid Plan ("MMP") under the Duals Demonstration Program administered by CMS in partnership with the State of Ohio. The regulations and contractual requirements applicable to the Company and other participants in the Dual Demonstration program are complex, expensive to comply with and subject to change. The Company has invested significant resources to comply with Demonstration standards, and the Company's MMP compliance efforts will continue to require significant resources. CMS and/or the State of Ohio may seek premium refunds, prohibit the Company from continuing to market and/or enroll members in one or more of the Company's Medicare Advantage or Standalone plans, exclude the Company from participating in one or more Medicare programs and/or institute other sanctions against the Company if the Company fails to comply with CMS regulations or the Company's Medicare-Medicaid Demonstration contractual requirements.

- D. The Company did not have any business interruption insurance recoveries for the years ending December 31, 2016 or 2015.
- E. The Company did not have any transferable and non-transferable state tax credits for the years ending December 31, 2016 or 2015.
- F. The Company did not have any subprime mortgage related risk exposures at December 31, 2016 or 2015.
- G. The Company did not have any retained assets at December 31, 2016 or 2015.
- H. The Company did not have any insurance-linked securities ("ILS") contracts at December 31, 2016 or 2015.

22. Events subsequent

A. Type I - Recognized subsequent events

Subsequent events have been considered through February 24, 2017 for the statutory statement issued on March 1, 2017.

The Company had no known reportable recognized subsequent events.

B. Type II - Nonrecognized subsequent events

Subsequent events have been considered through February 24, 2017 for the statutory statement issued on March 1, 2017.

As discussed in Note 1, in December 2015, the Consolidated Appropriation Act was enacted which included a one year suspension in 2017 of the health insurer fee. As a result, there is no annual health insurance industry fee payable on September 30, 2017 and there are no amounts reflected in the Company's aggregate write-ins for special surplus funds related to this payable at December 31, 2016 as a result. There is also no resulting impact to the Company's risk based capital ("RBC") to assess as of December 31, 2016 as a result of this suspension.

	Current year	Prior year
A. Did the reporting entity write accident and health insurance premium that is subject to Section 9010 of the Federal Affordable Care Act (YES/NO)?	No

H. Would reporting the ACA assessment as of December 31, 2016, have triggered an RBC action level (YES/NO)?	No	

### 23. Reinsurance

The Company and Berkley Life and Health Insurance Company ("Berkley") entered into an excess loss reinsurance agreement for Medicaid only dual eligible members. Under this agreement, Berkley is liable for 90% of covered expenses in excess of the specific deductible of \$100,000 per covered member, with a maximum reimbursement of \$2,000,000 per member per agreement year. The Company paid reinsurance premiums of \$122,258 in 2016 and \$121,015 in 2015. Reinsurance premiums are recorded as net premium income in the Statutory Statements of Revenue and Expenses.

#### A. Ceded Reinsurance Report

##### Section 1 – General Interrogatories

(1) Are any of the reinsurers, listed in Schedule S as non-affiliated, owned in excess of 10% or controlled, either directly or indirectly, by the company or by any representative, officer, trustee, or director of the company?

Yes ( )      No (X)

If yes, give full details.

(2) Have any policies issued by the company been reinsured with a company chartered in a country other than the United States (excluding U.S. branches of such companies) that is owned in excess of 10% or controlled directly or indirectly by an insured, a beneficiary, a creditor or an insured or any other person not primarily engaged in the insurance business?

Yes ( )      No (X)

If yes, give full details.

##### Section 2 – Ceded Reinsurance Report – Part A

(1) Does the company have any reinsurance agreements in effect under which the reinsurer may unilaterally cancel any reinsurance for reasons other than nonpayment of premium or other similar credit?

Yes ( )      No (X)

a. If yes, what is the estimated amount of the aggregate reduction in surplus of a unilateral cancellation by the reinsurer as of the date of this statement, for those agreements in which cancellation results in a net obligation of the reporting entity to the reinsurer, and for which such obligation is not presently accrued? Where necessary, the reporting entity may consider the current or anticipated experience of the business reinsured in making this estimate.

\$ N/A.

b. What is the total amount of reinsurance credits taken, whether as an asset or as a reduction of liability for these agreements in this statement?

\$ N/A.

(2) Does the reporting entity have any reinsurance agreements in effect such that the amount of losses paid or accrued through the statement date may result in a payment to the reinsurer of amounts that, in aggregate and allowing for offset of mutual credits from other reinsurance agreements with the same reinsurer, exceed the total direct premium collected under the reinsured policies?  
Yes ( ) No (X)  
If yes, give full details.

Section 3 – Ceded Reinsurance Report – Part B

(1) What is the estimated amount of the aggregate reduction in surplus, (for agreements other than those under which the insurer may unilaterally cancel for reasons other than for nonpayment of premium or other similar credits that are reflected in Section 2 above) of termination of ALL reinsurance agreements, by either party, as of the date of this statement? Where necessary, the company may consider the current or anticipated experience of the business reinsured in making this estimate.  
\$ 0.

(2) Have any new agreements been executed or existing agreements amended, since January 1 of the year of this statement, to include policies or contracts that were in force or which had existing reserves established by the company as of the effective date of the agreement?  
Yes ( ) No (X)  
If yes, what is the amount of reinsurance credit, whether an asset or a reduction of liability, taken for such new agreements or amendments? \$ N/A.

B. The Company did not have uncollectible reinsurance at December 31, 2016 or 2015.  
C. The Company did not have any commutation of ceded reinsurance at December 31, 2016 or 2015.  
D. The Company's certified reinsurer's rating has not been downgraded or its status subject to revocation at December 31, 2016 or 2015.

24. Retrospectively rated contracts and contracts subject to redetermination

A. and B.

The Company did not have any retrospectively rated contracts in 2016 or 2015.

C. Contracts subject to redetermination

The Company did not have any contracts subject to redetermination in 2016 or 2015.

D. Medical loss ratio rebates required pursuant to the Public Health Service Act

The Company did not have any medical loss ratios required pursuant to the Public Health Service Act in 2016 or 2015.

E. Risk Sharing Provisions of the Affordable Care Act

(1) Did the reporting entity write accident and health insurance premium which is subject to the ACA risk sharing provisions (YES/NO)? No  
(2) through (5): Not applicable.

**25. Change in incurred claims and claims adjustment expense**

The following table shows the components of the change in claims unpaid, unpaid claims adjustment expense and aggregate health claim reserves for the years ended December 31, 2016 and 2015.

	2016	2015
Balance, January 1	\$149,699,729	\$101,203,720
Health care receivable	13,463,491	1,683,250
Balance, January 1, net of health care receivable	<u>136,236,238</u>	<u>99,520,470</u>
 Incurred related to:		
Current year	733,048,390	750,875,329
Prior years	(12,500,586)	(30,677,076)
Total incurred	<u>720,547,804</u>	<u>720,198,253</u>
 Paid related to:		
Current year	619,903,930	616,961,737
Prior years	123,760,662	66,520,748
Total paid	<u>743,664,592</u>	<u>683,482,485</u>
 Balance, December 31, net of health care receivable	113,119,460	136,236,238
Health care receivable	2,101,029	13,463,491
 Balance, December 31	<u><u>\$115,220,479</u></u>	<u><u>\$149,699,729</u></u>

In 2016, reserves for incurred claims and claim adjustment expenses attributable to insured events of prior years decreased by \$12,500,586 from \$149,699,729 in 2015 to \$137,199,143 in 2016. In 2015, reserves for incurred claims and claim adjustment expenses attributable to insured events of prior years decreased by \$30,677,076 from \$101,203,720 in 2014 to \$70,526,644 in 2015. The lower than anticipated health care cost trend rates observed in 2016 and 2015 for claims incurred in 2015 and 2014 were generally due to the result of ongoing analysis of recent loss development trends. The Company considers historical trend rates together with knowledge of recent events that may impact current trends when developing estimates of current trend rates. Original estimates are increased or decreased as additional information becomes known regarding individual claims. Historical health care cost trend rates are not necessarily representative of current trends. The Company excluded the impact of the change in health care receivables related to pharmacy rebates from the above roll-forward to conform to NAIC Annual Statement presentation.

Net coordination of benefits are implicit in the claims incurred but not reported calculation and could not be specifically identified.

**26. Intercompany pooling arrangements**

The Company did not have any intercompany pooling arrangements at December 31, 2016 or 2015.

**27. Structured settlements**

Not applicable to health entities.

**28. Health care receivables****A. Pharmaceutical rebate receivables**

The Company had admitted pharmaceutical rebates receivables of \$1,491,472 at December 31, 2016. The Company did not have any admitted pharmaceutical rebates receivables at December 31, 2015.

**B. Risk sharing receivables**

The Company did not have any admitted risk sharing receivables at December 31, 2016 or 2015.

**29. Participating policies**

The Company did not have any participating policies at December 31, 2016 or 2015.

**30. Premium deficiency reserves**

December 31, 2016

1. Liability carried for premium deficiency reserves	\$0
2. Date of the most recent evaluation of this liability	12/31/2016
3. Was anticipated investment income utilized in the calculation?	No

**31. Anticipated salvage and subrogation**

See discussion of hospital and medical costs and claims adjustment expenses and related reserves in Note 1.

General Interrogatories Responses

Question 14.21:

The key substantive changes include:

- Updated message from the Chairman
- Updated and expanded examples of conflicts of interest by increasing the threshold of stock ownership and adding running for, or holding, a public office
- Increased the business gift limit from \$25.00 to \$50.00
- Updated gift, reward, incentive and promotional program restrictions for members of government plans
- Added a section on employees' responsibility for their licensure and certification renewals
- Clarified the definition of 'social media' and expanded the rules for its use
- Updated guidance on protecting Aetna's intellectual property
- Expanded guidance regarding personal political contributions
- Clarified reporting requirements for government contract lobbying or procurement activities
- Introduced the requirement to report a felony conviction or plea to Investigative Services
- Added a section that specifically addresses Fraud, Waste and Abuse
- Added a section on proper supplier engagement process

There are also numerous non-substantive clarifying and conforming changes and updates to the factual information contained in the Code of Conduct, such as the level of giving by the Aetna Foundation since 1980, the inclusion of 'bullying' as a form of harassment, and the addition of anti-human trafficking, bribery and kickback laws relating to our government business.

Question 30.4:

Fair value of long term bonds and preferred stocks are determined based on quoted market prices when available, fair values using valuation methodologies based on available and observable market information or by using matrix pricing. If quoted market prices are not available, we determine fair value using broker quoted or an internal analysis of each investment's financial performance and cash flow projections. Short Term investments are carried at amortized cost which approximates fair value. The carrying value of cash equivalents which approximates fair value.
