STATEMENT AS OF MARCH 31, 2017 OF THE Premier Health Insuring Corporation

NOTES TO FINANCIAL STATEMENTS

These items are based on illustrations taken from the NAIC Annual Statement Instructions

1. Summary of Significant Accounting Policies and Going Concern

Premier Health Insurance Corporation (the Company) is a "not for profit" organization for state tax purposes incorporated on January 30, 2014 under the provisions of chapter 1701 of the Ohio Revised Code. The Company is a taxable entity for federal income tax purposes. Its insurance license was granted by ODI on April 22, 2014. During 2014, the Company established its financial, technology and operational infrastructure and began marketing Medicare Advantage benefit plans to qualified individuals in Montgomery County, Ohio and its contiguous eight counties (Company's "service area").

The Company began covering health benefits under policies issued effective January 1, 2015 under contract with the Center for Medicare and Medicaid Services ("CMS"). As of the filing date of these footnotes, the Company served approximately 9940 Medicare Advantage members.

The Company is wholly-owned subsidiary of Premier Health Partners (Parent), a not-for-profit corporation, which was established to operate and jointly manage four health systems, Premier Health Group LLC (PHG), the Company and other affiliated healthcare related companies. PHG is a healthcare provider network organization established as a provider credentialing, utilization management, network contracting and risk bearing entity with affiliated and other unaffiliated health plan organizations. PHG provides network contracting, physician incentive programs and other health plan operations services to the Company and its subsidiary Premier Health Plan, Inc. (PHPLAN).

Effective January 1, 2014, Section 9010 of the Affordable Care Act also requires health insurance issuers to pay an annual fee based on net written premiums. The Company is not subject to the annual fee as it does not meet the definition of a covered entity. The Company was incorporated as a nonprofit in the state of Ohio and receives greater than 80 percent of gross revenues from Medicare Advantage Plans.

The statutory financial statements of the Company are presented in accordance with accounting practices prescribed or permitted by the National Association of Insurance Commissioners (NAIC) and the Ohio Department of Insurance (ODI). ODI recognizes statutory accounting practices prescribed or permitted by the State of Ohio for determining and reporting the financial condition and results of operations of an insurance company, for determining its solvency under the Ohio Insurance Law. The Accounting Practices and Procedures Manual (NAIC SAP) was adopted as a component of prescribed or permitted practices by the state of Ohio.

A reconciliation of the Company's net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of Ohio is shown below:

B. Use of Estimates

The preparation of statutory financial statements requires management to make estimates and assumptions that affect the reported amount of admitted assets and liabilities as well as the reported amounts of revenues and expenses for the reporting period of the Annual Statement. Accordingly, actual results reported in the accompanying statutory financial statements may differ materially from those estimates.

C. Accounting Policies

Short term investments and cash equivalents are stated at amortized cost. The Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash & cash equivalents. The Company considers all highly liquid debt instruments with a maturity of one year or less but greater than three months to be short term investments.

Investment grade bonds, including those held by Ohio Department of Insurance as Guaranty funds, are stated at amortized value using the interest method. U.S. government agency loan-backed and structured securities are valued at amortized cost.

- ii. The Company has no preferred stocks.

Unpaid Claims and Claims Loss Adjustment Liability – Unpaid policy claims liabilities are based on reported claims and on estimates for unreported claims. Such liabilities are based on assumptions and actuarial estimates. While management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided based on computations described in this paragraph. The methods for making such estimates and for establishing the resulting liability will be continually reviewed and any adjustments are reflected in the period determined. The Company will compute its claims loss adjustments expense liability based on a historical estimated cost as percent of the amount of unpaid claims.

Non-admitted Assets - Assets included in the statutory balance sheet are at admitted asset value in accordance with NAIC Accounting Practices and Procedures Manual. Such assets not defined as admitted assets are considered "non-admitted assets" such as principally deferred tax assets in excess of certain amounts, receivable or agents' balances over 90-days past due, computer software, other equipment, investments in unaudited subsidiaries, intangibles assets and investments in excess of 10% of admitted assets are excluded through a charge against capital and surplus.

Federal Medical Loss Ratio Rebate – The Company is subject to the provisions of the Public Health Service Act, which requires the payment of rebates to commercial individual, small and large group policyholders when the amounts paid for healthcare benefits and quality improvement initiatives are below certain percent of premiums paid by such respective policyholders.

Premiums – Premium earned from policyholders is recorded, net of amounts assumed & ceded under reinsurance treaties, pro rata over the policy period for which coverage is provided. Premiums collected prior to the coverage period are reported as "premiums received in advance".

The Company estimates pharmaceutical rebates utilizing past experience and accumulated statistical data. These estimates are continuously reviewed and any adjustments are reflected in current operations.

D. Going concern

- A. After evaluating the entity's ability to continue as a going concern, management was not aware of any conditions or events which raised substantial doubts concerning the entity's ability to continue as a going concern as of the date of the filing of this statement.
