## C. Accounting Policy

## A. Presentation Basis

The financial statements of the Czech Catholic Union are presented on the basis of the accounting practices prescribed or permitted by the Ohio Department of Insurance.

The Ohio Department of Insurance recognizes only statutory accounting practices prescribed by the State of Ohio for determining and reporting the financial condition and results of operations of a Fraternal Benefit Society, for determining its solvency under the Ohio Insurance Law. The National Association of Insurance Commissioners (NAIC) Accounting Practices and Procedures manual, (NAIC SSAP) has been adopted as a component of prescribed or permitted practices by the State of Ohio.

## B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities. It also requires disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

## C. Other

Life premiums are recognized as income over the premium paying period of the related policies. Annuity considerations are recognized as revenue when received. Expenses incurred in connection with acquiring new insurance business, including acquisition costs such as sales commissions, are to operations as incurred.

The aggregate amount of policyholders' dividends is related to actual interest, mortality, morbidity and expense experience for the year and judgment as to the appropriate level of statutory surplus to be retained by the Society.

Bonds are stated at amortized cost. Bonds rated NAIC Class 6 are valued at market.

Common Stocks are valued at market.

Preferred stocks are valued at cost in accordance with NAIC procedures.
