(“the Parent”), which is a wholly-owned subsidiary of Connecticut General Corporation (“CGC”), which is an indirect wholly-owned subsidiary of Cigna Corporation (“Cigna”). Cigna is a global health services organization incorporated in Delaware.

The Company had two customers from which it earned 24% of total revenue, excluding investment income as of June 30, 2017 and the Company had two customers from which it earned 23% of total revenue, excluding investment income for the year ended December 31, 2016. Individually, these customers amounted to greater than 10% of total revenue.

Proposed Merger

On May 12, 2017, Cigna announced that the merger agreement between Cigna and Anthem had been terminated. See Note 14 for discussion of ongoing litigation related to the termination of the merger agreement.

Affordable Care Act Section 9010 Insurer Fee

In January 2016, the federal appropriations legislation imposed a one-year moratorium on the Affordable Care Act (“ACA”) Section 9010 insurer fee for 2017, with reinstatement expected in 2018. On January 1, 2016, the Company was subject to an annual fee under section 9010 of the Federal Affordable Care Act (ACA). Cigna covered entities’ share of the annual fee is based on the ratio of the amount of their aggregate net premiums written during the preceding calendar year to the amount of health insurance for any U.S. health risk that is written during the preceding year. A health insurance entity’s portion of the annual fee becomes payable once the entity provides health insurance for any U.S. health risk for each calendar year beginning on or after January 1 of the year the fee is due. As of June 30, 2017, the Company has written health insurance subject to the ACA assessment.

A. Accounting Practices

The financial statements of the Company are presented in conformity with accounting practices prescribed or permitted by the State of Ohio Department of Insurance (“The Department”), which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (“GAAP”) and include management’s estimates and assumptions, such as those regarding dental costs and interest rates, that affect the recorded amounts.

The Department recognizes only statutory accounting practices prescribed or permitted by the State of Ohio (“the State”) for determining and reporting the financial condition and results of operations of a HIC, for determining its solvency under the State Insurance Law. The National Association of Insurance Commissioners’ (NAIC) Accounting Practices and Procedures Manual (“NAIC SAP” or “SSAPs”) has been adopted as a component of prescribed or permitted practices by the State.

The principal differences between statutory-basis financial statements presented herein and those prepared on a GAAP basis include nonadmitted assets, deferred income taxes, unrealized appreciation (depreciation) on bonds, and bad debt allowances and expenses. These statutory accounting practices disallow certain assets from admission in the Statutory Balance Sheets. These assets, otherwise included on the Company's balance sheets prepared under GAAP, include receivables greater than 90 days past due and certain non-current assets. Under GAAP, bonds classified as available-for-sale are carried at fair value with the related unrealized appreciation (depreciation) recorded as a component of equity. Under statutory accounting principles, bonds are carried principally at amortized cost. Under GAAP, deferred taxes are recorded for any temporary differences between the tax basis of assets and liabilities to the extent it is more likely than not that the deferred tax assets are realizable, with changes in deferred tax assets and liabilities recorded as a component of net income tax expense. Under statutory accounting principles, the amount of deferred tax assets that may be admitted is generally limited based on the Realization Threshold Limitation Table in Statement of Statutory Accounting Principles (SSAP) No. 101, Income Taxes, a Replacement of SSAP 10R and SSAP 10. The net change in the deferred tax assets and liabilities is recognized as a separate component of changes in unassigned surplus.

STATEMENT AS OF JUNE 30, 2017 OF THE CIGNA DENTAL HEALTH OF OH INC

A reconciliation of the Company's net income and capital and between NAIC SAP and practices prescribed and permitted by the State is shown below:

	SSAP#	F/S Page	F/S Line #	2017	2016
NET INCOME					
(1) State basis				\$ 1,032,951	\$ 1,805,378

(7) State Permitted Practices that increase/(decrease)				-	-
(8) NAIC SAP (5-6-7=8)				<u>\$ 3,224,840</u>	<u>\$ 2,192,163</u>

The Company maintained the minimum surplus required by state laws and regulatory agencies of \$250,000 as of June 30, 2017 and December 31, 2016. Minimum required surplus is the greater of \$250,000 or that amount required pursuant to the risk based capital provisions. Applicable net worth is calculated as the Company's net worth less any required special contingency reserve.

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with NAIC SAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

The Company uses the following accounting policies:

1. Cash, Cash Equivalents and Short-term Investments: Cash equivalents consist of investments with original maturities of three months or less from the time of purchase. Investments with original maturities of one year or less from the time of purchase are classified as short term. Cash equivalents and short-term investments and are carried at amortized cost.
2. Bonds: Bonds designated highest quality and high quality are carried at amortized cost. All other bonds are carried at the lower of cost or fair value. Amortization of bond premium or discount is calculated using the scientific (constant yield) interest method. Bonds containing call provisions are amortized to call date which produces the lowest asset value (yield to worst). Bonds are considered impaired and their cost basis is written down to fair value through net realized gains (losses), when management expects a decline in value to persist (i.e., the decline is other than temporary).
3. Net Investment Income: When interest and principal payments on investments are current, the Company recognizes interest income when it is earned. The Company stops recognizing interest income on bonds when interest payments are 90 days past due. Investment income on these investments is only recognized when interest payments are received. See Note 7 for further information.
4. Investment Gains and Losses: Unrealized capital gains and losses on investments carried at fair value are reflected directly in unassigned surplus. Realized capital gains and losses resulting from sales, investment asset write-downs and changes in valuation reserves are based on specifically identified assets and are recognized in net income.
5. Nonadmitted Assets: In accordance with NAIC SAP, certain assets or certain portions of assets are excluded from the Company's admitted assets on its Statutory Balance Sheet through a direct charge to unassigned surplus. Certain assets are limited by factors, such as percentage of surplus, as to the amounts that qualify as admitted assets. Such assets may include deferred tax assets.
6. Claims Unpaid and Unpaid Claims Adjustment Expenses: Claims unpaid and unpaid claims adjustment expenses include an amount determined from individual case estimates and loss reports and an amount, based on past experience, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liabilities are continually reviewed and any adjustments are reflected in the period determined. Management develops these estimates using actuarial methods based upon historical data for claim payment patterns, cost trends, product mix, seasonality, utilization of health care services and other relevant factors. When estimates change, the Company records the adjustment in dental expenses in the period the change in estimate occurs.

Unpaid claim adjustment expenses represents a reserve for additional administrative expenses associated with unpaid dental claims that are in the process of settlement, as well as those that have been incurred but not yet reported. This reserve is based on the historical relationship between claims handling expenses and incurred claims.

7. **Income Taxes:** The Company is included in the consolidated United States federal income tax return filed by Cigna. Pursuant to the Tax Sharing Agreement with Cigna, federal income taxes are allocated to the Company as if it were filing on a separate return basis. The tax benefit of net operating losses, capital losses and tax credits are funded to the extent they reduce the consolidated federal income tax liability. The Company generally recognizes deferred income taxes when assets and liabilities have different values for financial statement and tax reporting purposes (temporary difference). Limitations of the admitted amount of the deferred tax asset are calculated in accordance with SSAP No. 101.
8. **Provider Incentives and Other Risk Sharing Arrangements:** The Company contracts with dentists or provider groups to provide dental services to its customers. The Company pays capitation or negotiated fees for defined services provided by the dentists. The Company and dentists have not entered into incentive sharing agreements.
9. **Premium Revenue:** Amounts charged for dental care services are recognized as revenue in the month for which customers are entitled to dental care. Unearned premiums represent that portion of premiums received which are applicable to the unexpired terms of contracts in force.
10. **Section 9010 Insurer Fee:** Effective January 1, 2014, the Company adopted SSAP 106, Affordable Care Act Section 9010 Assessment, for the annual health insurance industry fee imposed under Section 9010 of the ACA.

Litigation and Other Legal Matters

Cigna and its subsidiaries (including the Company, and collectively known as Cigna) are routinely involved in numerous claims, lawsuits, regulatory audits, investigations and other legal matters arising, for the most part, in the ordinary course of managing a global health services business. These actions may include benefit disputes, breach of contract claims, tort claims, provider disputes, disputes regarding reinsurance arrangements, employment and employment discrimination-related suits, employee benefit claims, wage and hour claims, privacy, claims arising from consumer protection laws intellectual property claims and real estate-related disputes. There are currently, and may be in the future, attempts to bring class action lawsuits against the industry. Cigna and its subsidiaries (including the Company) also are regularly engaged in IRS audits and may be subject to examinations by various state and foreign taxing authorities. Disputed income tax matters arising from these examinations, including those resulting in litigation, are accounted for under the NAIC's accounting guidance for tax loss contingencies.

The business of administering and insuring health services programs, particularly health care and group insurance programs, is heavily regulated by federal and state laws and administrative agencies, such as state departments of insurance, the U.S. Departments of Health and Human Services, Treasury, Labor and Justice, as well as the courts. Health care regulation and legislation in its various forms, including the Health Care Reform Act, other regulatory reform initiatives, such as those relating to Medicare programs, or additional changes in existing laws or regulations or their interpretations, could have a material adverse effect on Cigna and its subsidiaries' (including the Company) business, results of operations and financial condition.

In addition, there is heightened review by federal and state regulators of the health care, disability and life insurance industry business and related reporting practices. Cigna and its subsidiaries (including

the Company) are frequently the subject of regulatory market conduct reviews and other examinations of its business and reporting practices, audits and investigations by state insurance and health and welfare departments, state attorneys general, the Centers for Medicare and Medicaid Services (“CMS”) and the Office of Inspector General (“OIG”). With respect to Cigna's Medicare Advantage business, the CMS and OIG perform audits to determine a health plan's compliance with federal regulations and contractual obligations, including compliance with proper coding practices (sometimes referred to as Risk Adjustment Data Validation Audits or “RADV audits”), that may result in retrospective adjustments to payments made to health plans. Regulatory actions can result in assessments, civil or criminal fines or penalties or other sanctions, including loss of licensing or exclusion from participating in government programs.

Regulation, legislation and judicial decisions have resulted in changes to industry and Cigna and its subsidiaries’ (including the Company) business practices, financial liability or other sanctions and will continue to do so in the future.

When the Company (in the course of its regular review of pending litigation and legal or regulatory matters) has determined that a material loss is reasonably possible, the matter is disclosed. Such matters are described below. In accordance with Statutory Accounting Principles, when litigation and regulatory matters present loss contingencies that are both probable and estimable, the Company accrues the estimated loss by a charge to shareholders’ net income. The amount accrued represents the Company’s best estimate of the probable loss at the time. If only a range of estimated losses can be determined, the Company accrues an amount within the range that, in the Company’s judgment, reflects the most likely outcome; if none of the estimates within that range is a better estimate than any other amount, the Company accrues the minimum amount of the range.

In cases when the Company has accrued an estimated loss, the accrued amount may differ materially from the ultimate amount of the loss. In many proceedings, it is inherently difficult to determine whether any loss is probable or even possible or to estimate the amount or range of any loss. The Company provides disclosure in the aggregate for material pending litigation and legal or regulatory matters, including accruals, range of loss, or a statement that such information cannot be estimated. As a litigation or regulatory matter develops, the Company monitors the matter for further developments that could affect the amount previously accrued, if any, and updates such amount accrued or disclosures previously provided as appropriate.

The outcome of litigation and other legal or regulatory matters is always uncertain and unfavorable outcomes that are not justified by the evidence or existing law can occur. Cigna and its subsidiaries (including the Company) believe that they have valid defenses to the matters pending against them and are defending themselves vigorously. Except as otherwise noted, Cigna and its subsidiaries (including the Company) believe that the legal actions, regulatory matters, proceedings and investigations currently pending against them should not have a material adverse effect on Cigna and its subsidiaries’ (including the Company’s) results of operations, financial condition or liquidity based upon our current knowledge and taking into consideration current accruals. Due to numerous uncertain factors presented in these cases, it is not possible to estimate an aggregate range of loss (if any) for these matters at this time. In light of the uncertainties involved in these matters, there is no assurance that their ultimate resolution will not exceed the amounts currently accrued by Cigna and its subsidiaries (including the Company). An adverse outcome in one or more of these matters could be material to Cigna and its subsidiaries’ (including the Company’s) results of operations, financial condition or liquidity for any particular period.

Litigation Matters

Ingenix. In April 2004, Cigna and its subsidiaries’ (including the Company) was sued in a number of putative nationwide class actions alleging that Cigna and its subsidiaries’ (including the Company) improperly underpaid claims for out-of-network providers through the use of data provided by Ingenix, Inc., a subsidiary of one of Cigna and its subsidiaries’ (including the Company’s) competitors. These actions were consolidated into *Franco v. Connecticut General Life Insurance Company, et al.*, pending in the U.S. District Court for the District of New Jersey. The consolidated amended complaint, filed in 2009 on behalf of subscribers, health care providers and various medical associations, asserted claims related to benefits and disclosure under ERISA, the Racketeer Influenced and Corrupt Organizations (“RICO”) Act, the Sherman Antitrust Act and New Jersey state law and seeks recovery for alleged underpayments from 1998 through the present. Other major health insurers have been the subject of, or have settled, similar litigation.

In September 2011, the District Court (1) dismissed all claims by the health care provider and medical association plaintiffs for lack of standing; and (2) dismissed the antitrust claims, the New Jersey state law claims and the ERISA disclosure claim. In January 2013 and again in April 2014, the District Court denied separate motions by the plaintiffs to certify a nationwide class of subscriber plaintiffs. The Third Circuit denied plaintiff’s request for an immediate appeal of the January 2013 ruling. As a result, the case is proceeding on behalf of the named plaintiffs only. In June 2014, the District Court granted the Cigna and its subsidiaries’ (including the Company) motion for summary judgment to terminate all claims, and denied the plaintiffs’ partial motion for summary judgment. In July 2014, the plaintiffs appealed all of the District Court’s decisions in favor of Cigna and its subsidiaries (including

the Company), including the class certification decision, to the Third Circuit. On May 2, 2016, the Third Circuit affirmed the District Court's decisions denying class certification for the claims asserted by members, the granting of summary judgment on the individual plaintiffs' claims, as well as the dismissal of the antitrust claims. However, the Third Circuit also reversed the earlier dismissal of the providers' ERISA claims. Cigna and its subsidiaries (including the Company) will continue to vigorously defend its position.

Other Legal Matters

Antitrust Litigation. On July 21, 2016, the DOJ and certain state attorneys general filed a civil antitrust lawsuit in the U.S. District Court for the District of Columbia (the "District Court") seeking to block the merger with Anthem. On February 8, 2017, the District Court issued an order enjoining the proposed merger and on April 28, 2017, the Appeals Court affirmed the decision of the District Court. On May 5, 2017, Anthem filed a petition for a writ of certiorari with the United States Supreme Court seeking appeal of the U.S. Court of Appeals decision affirming the District Court's order enjoining the merger. As a result of the termination of the merger agreement as further described below, the petition to the Supreme Court is now moot.

Litigation with Anthem. On February 14, 2017, Cigna delivered a notice to Anthem terminating the merger agreement, and notifying Anthem that it must pay Cigna the \$1.85 billion reverse termination fee pursuant to the terms of the merger agreement. Also on February 14, 2017, Cigna filed suit against Anthem in the Delaware Court of Chancery (the "Chancery Court"). The complaint sought declaratory judgments that Cigna's termination of the merger agreement was valid and that Anthem was not permitted to extend the termination date. The complaint also sought payment of the reverse termination fee and additional damages in an amount exceeding \$13 billion, which includes the lost premium value to Cigna's shareholders caused by Anthem's willful breaches of the merger agreement.

Also on February 14, 2017, Anthem filed a lawsuit in the Chancery Court against Cigna seeking (i) a temporary restraining order to enjoin Cigna from terminating and taking any action contrary to the terms of the merger agreement, (ii) specific performance compelling Cigna to comply with the merger agreement and (iii) damages.

On February 15, 2017, the Chancery Court granted Anthem's motion for a temporary restraining order and issued an order temporarily enjoining Cigna from terminating the merger agreement. On May 11, 2017, the Chancery Court denied Anthem's motion for a preliminary injunction to enjoin Cigna from terminating the merger agreement but stayed its ruling pending Anthem's determination as to whether to seek an appeal. On May 12, 2017, Anthem notified Cigna and the Chancery Court that it did not intend to appeal the Chancery Court's decision. As a result, the merger agreement was terminated.

The litigation between the parties remains pending. Cigna believes in the merits of their claims and disputes Anthem's claims, and intends to vigorously defend themselves and pursue their claims. The outcomes of lawsuits are inherently unpredictable, and Cigna may be unsuccessful in the ongoing litigation or any future claims or litigation.

Shareholder Litigation. Following announcement of Cigna's merger agreement with Anthem in 2015, putative class action complaints (collectively the "complaints" or "Cigna Merger Litigation") were filed by purported Cigna shareholders on behalf of a purported class of Cigna shareholders.

Cigna, members of the Cigna board of directors, Anthem and Anthem Merger Sub Corp ("Merger Sub") were named as defendants. The plaintiffs generally asserted that the members of the Cigna board of directors breached their fiduciary duties to the Cigna shareholders during merger negotiations and by entering into the merger agreement and approving the merger, and that Cigna, Anthem and Merger Sub aided and abetted such breaches of fiduciary duties. The allegations include, among other things, that (1) the merger consideration undervalued Cigna, (2) the sales process leading up to the merger was flawed due to purported conflicts of interest of members of the Cigna board of directors and (3) certain provisions of the merger agreement inappropriately favored Anthem and inhibited competing bids. Plaintiffs sought, among other things, injunctive relief enjoining the merger, rescission of the merger agreement to the extent already implemented, and costs and damages.

Solely to avoid the costs, risks and uncertainties inherent in litigation, and without admitting any liability or wrongdoing, Cigna, Cigna's directors, Anthem and Merger Sub previously entered into a Memorandum of Understanding ("MOU") to settle the Cigna Merger Litigation. The termination of the proposed acquisition of the Company by Anthem, as announced on May 12, 2017, has rendered moot both the MOU and the Cigna Merger Litigation. On July 21, 2017, a Stipulation and Proposed Order for Dismissal With Prejudice was submitted to the Connecticut Superior Court, Judicial District of Hartford (the "Court"). Subject to approval by the Court, the Cigna Merger Litigation has been resolved.

NOTE 19 – DIRECT PREMIUM WRITTEN/PRODUCED BY MANAGING GENERAL AGENTS/THIRD PARTY ADMINISTRATORS

The Company has no direct premiums written or produced by managing agents or third-party administrators.

NOTE 20 – FAIR VALUE MEASUREMENTS

A. Fair Value Measurements

The Company's financial assets measured at fair value include bonds valued at the lower of cost or fair value when reported at fair value at the balance sheet date.

Fair value is defined as the price at which an asset could be exchanged in an orderly transaction between market participants at the balance sheet date. The Company's financial assets have been classified based upon a hierarchy defined by SAP. The hierarchy gives the highest ranking to fair values determined using unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest ranking to fair values determined using methodologies and models with unobservable inputs (Level 3). An asset's or a liability's classification is based on the lowest level input that is significant to its measurement. For example, a financial asset or liability carried at fair value would be classified in Level 3 if unobservable inputs were significant to the instrument's fair value, even though the measurement may be derived using inputs that are both observable (Levels 1 and 2) and unobservable (Level 3).

- Level 1 Inputs for instruments classified in Level 1 include unadjusted quoted prices for identical assets in active markets accessible at the measurement date. Active markets provide pricing data for trades occurring at least weekly and include exchanges and dealer markets.
- Level 2 Inputs for instruments classified in Level 2 include quoted prices for similar assets in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are market observable or can be corroborated by market data for the term of the instrument. Such other inputs include market interest rates and volatilities, spreads and yield curves. An instrument is classified in Level 2 if the Company determines that unobservable inputs are insignificant. Level 2 assets primarily include corporate bonds valued using recent trades of similar securities or pricing models that discount future cash flows at estimated market interest rates.
- Level 3 Certain inputs for instruments classified in Level 3 are unobservable (supported by little or no market activity) and significant to their resulting fair value measurement. Unobservable inputs reflect the Company's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

1. As of June 30, 2017 and December 31, 2016, the Company had no bonds reported at fair value in the financial statements.

2. As of June 30, 2017 and December 31, 2016, the Company had no bonds reported at fair value in Level 3 of the Fair Value Hierarchy in the financial statements.
3. As of June 30, 2017 and December 31, 2016, the Company had no bonds reported at fair value in Level 3 Transfers in the financial statements.

4. Valuation Techniques and Inputs

The Company estimates fair values using prices from third parties or internal pricing methods. Fair value estimates received from third-party pricing services are based on reported trade activity and quoted market prices when available, and other market information that a market participant may use to estimate fair value. Such other inputs include market interest rates and volatilities, spreads, and yield curves. The internal pricing methods are performed by the Company's investment professionals and generally involve using discounted cash flow analyses, incorporating current market inputs for similar financial instruments with comparable terms and credit quality, as well as other qualitative factors. In instances where there is little or no market activity for the same or similar instruments, the fair value is estimated using methods, models, and assumptions that the Company believes a hypothetical market participant would use to determine a current transaction price. These valuation techniques involve some level of estimation and judgment that becomes significant with increasingly complex instruments or pricing models.

B. Other Fair Value Disclosures

The Company provides additional fair value information in Notes 1 and 5.
