The financial statements of North American Swiss Alliance are presented on the basis of accounting practices prescribed or permitted by the Ohio Insurance Department.

The Ohio Insurance Department recognizes only statutory accounting practices prescribed or permitted by the state of Ohio for determining and reporting the financial condition and results of operations of a Fraternal Benefit Society, for determining its solvency under the Ohio Insurance Law. The National Association of Insurance Commissioners' (NAIC) Accounting Practices and Procedures manual, (NAIC SAP), has been adopted as a component of prescribed or permitted practices by the state of Ohio. The state has adopted certain prescribed accounting practices that differ from those found in NAIC SAP. Specifically, 1) goodwill arising from the purchase of a subsidiary, controlled or affiliated entity is written off directly to surplus in the year it originates by Ohio domiciled companies. In NAIC SAP, goodwill in amounts not to exceed 10% of an insurer's capital and surplus may be capitalized and all amounts of goodwill are amortized to unrealized gains and losses on investments over periods not to exceed 10 years, and, 2) 100% of all fixed assets are admitted by Ohio domiciled Fraternal Benefit Societies. In NAIC SAP, fixed assets are not admitted. The Commissioner of Insurance has the right to permit other specific practices that deviate from prescribed practices.

A reconciliation of the Society's net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the state of Ohio results in no change.

## B. Use of Estimates in the Preparation of the Financial Statement

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

## C. Accounting Policy

Life premiums are recognized as income over the premium paying period of the related policies. If applicable, annuity considerations are recognized as revenue when received. If applicable, health premiums are earned ratably, over the term of the related insurance policies. Expenses incurred in connection with acquiring new insurance business, including acquisition costs such as sales commissions, are charged to operations as incurred.

The amount of dividends to be paid to policyholders is determined annually by the Society's Board of Directors. The aggregate amount of policyholders' dividends is related to actual interest, mortality, morbidity, and expense experience for the year and judgment as to the appropriate level of statutory surplus to be retained by the Society.

In addition, the society uses the following accounting policies:

- (1) Basis for Short-Term Investments  
Short-term investments are stated at amortized cost.
- (2) Basis for Bonds, Mandatory Convertible Securities, SVO-Identified Investments and Amortization Method  
Bonds: Not backed by other loans at amortized cost using the interest method:  
  
loan-backed bonds and structured securities at amortized cost using the interest method including anticipated prepayments at the date of purchase; significant changes in estimated cash flows from the original purchase assumptions are accounted for using the composite method. Bonds rated NAIC Class 6 are valued at market and the basis is reduced and a realized loss is recognized.
- (3) Basis for Common Stocks  
None, no common stocks owned.
- (4) Basis for Preferred Stocks  
Preferred Stock: Cost or Amortized Value in accordance with NAIC procedure
- (5) Basis for Mortgage Loans  
None, no mortgage loans.
- (6) Basis for Loan-Backed Securities and Adjustment Methodology
