NOTES TO FINANCIAL STATEMENTS

These items are based on illustrations taken from the NAIC Annual Statement Instructions

1. Summary of Significant Accounting Policies and Going Concern

A. Organization and Accounting Practices

Premier Health Plan, Inc. (the Company) is a "for profit" organization incorporated on September 5, 2013 under the provisions of chapter 3907 of the Ohio Revised Code. Its insurance license was granted by ODI on March 13, 2014. During 2014, the Company established its financial, technology and operational infrastructure and began marketing commercial health benefit plans to qualified individuals and employer groups in Montgomery County, Ohio and its contiguous eight counties (Company's "service area").

The Company began providing health benefits under individual and employer group commercial policies issued effective January 1, 2015. In 2017, the Company made the decision to end its participation in the ON and OFF Exchange December 31st 2017 and April 1st, 2018 respectively. As of the filing date of these footnotes, the Company provides health care benefits to approximately 800 members under Large Group commercial benefit plans. All member contracts will end on December 31, 2018.

The Company is wholly-owned subsidiary of Premier Health Insurance Corporation (PHIC). PHIC is a wholly owned subsidiary of Premier Health Partners (Parent), a not-for-profit corporation, which was established to operate and jointly manage four health systems, Premier Health Group LLC (PHG), PHIC, and other affiliated healthcare related companies. PHG is a healthcare provider network organization established as a provider credentialing, network contracting, utilization management and risk bearing entity with affiliated and other unaffiliated health plan organizations. PHG provides network contracting, physician incentive programs and other health plan operations services to the Company and PHIC.

The statutory financial statements of the Company are presented in accordance with accounting practices prescribed or permitted by the National Association of Insurance Commissioners (NAIC) and the Ohio Department of Insurance (ODI). ODI recognizes statutory accounting practices prescribed or permitted by the State of Ohio for determining and reporting the financial condition and results of operations of an insurance company, for determining its solvency under the Ohio Insurance Law. The Accounting Practices and Procedures Manual (NAIC SAP) was adopted as a component of prescribed or permitted practices by the state of Ohio.

Effective January 1, 2014, The Company became subject to an annual fee under section 9010 of the Federal Affordable Care Act ("ACA"). This annual fee will be allocated to individual health insurers based on their net premiums written from the preceding calendar year compared to such health insurance premiums for any U.S. health risk written during the same preceding calendar year. Under the terms of Section 9010, the first \$25 million of net premiums written are exempt. Accordingly, for the quarter ending September 30, 2018, the Company did incur annual fees expense under this sect of ACA.

A reconciliation of the Company's net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of Ohio is shown below:

B. Use of Estimates

The preparation of statutory financial statements requires management to make estimates and assumptions that affect the reported amount of admitted assets and liabilities as well as the reported amounts of revenues and expenses for the reporting period of the Annual Statement. Accordingly, actual results reported in the accompanying statutory financial statements may differ materially from those estimates.

C. Accounting Policies

Short term investments and cash equivalents are stated at amortized cost. The Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash & cash equivalents. The Company considers all highly liquid debt instruments with a maturity of one year or less but greater than three months to be short term investments.

Investment grade bonds, including those held by Ohio Department of Insurance as Guaranty funds, are stated at amortized value using the interest method. U.S. government agency loan-backed and structured securities are valued at amortized cost.

At the end of September 30, 2018:

- The Company has no unaffiliated common stocks.
- The Company has no preferred stocks.
- The Company has no first-lien mortgage loans on real estate.
- The Company has no loan-backed securities.
- The Company has no wholly owned subsidiaries.
- The Company has no investments in joint ventures or limited partnerships.
- The Company holds no derivatives.
- The Company has no investments in furniture & equipment.
- The Company has no premium deficiency reserve. The Company incorporated investment income as a factor in the premium deficiency calculation.
- Premiums for health policies are earned over their respective policy terms. Unearned premium reserves are established for that portion of the premium received beyond the current accounting period.

Unpaid Claims and Claims Loss Adjustment Liability – Unpaid policy claims liabilities are based on reported claims and on estimates for unreported claims. Such liabilities are based on assumptions and actuarial estimates. While management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided based on computations described in this paragraph. The methods for making such estimates and for establishing the resulting liability will be continually reviewed and any adjustments are reflected in the period determined. The Company will compute its claims loss adjustments expense liability based on a historical estimated cost as percent of the amount of unpaid claims.

Non-admitted Assets - Assets included in the statutory balance sheet are at admitted asset value in accordance with NAIC Accounting Practices and Procedures Manual. Such assets not defined as admitted assets are considered "non-admitted assets" such as principally deferred tax assets in excess of certain amounts, receivable or agents' balances over 90-days past due, computer software, other equipment, investments in unaudited subsidiaries, intangibles assets and investments in excess of 10% of admitted assets are excluded through a charge against capital and surplus.

Federal Medical Loss Ratio Rebate – The Company is subject to the provisions of the Public Health Service Act, which requires the payment of rebates to commercial individual, small and large group policyholders when the amounts paid for healthcare benefits and quality improvement initiatives are below certain percent of premiums paid by such respective policyholders.

Premiums – Premium earned from policyholders is recorded, net of amounts assumed & ceded under reinsurance treaties, pro rata over the policy period for which coverage is provided. Premiums collected prior to the coverage period are reported as "premiums received in advance".

The company estimates pharmaceutical rebates utilizing past experience and accumulated statistical data. These estimates are continuously reviewed and any adjustments are reflected in current operations.

D. Going concern

After evaluating the entity's ability to continue as a going concern, management was not aware of any conditions or events which raised substantial doubts concerning the entity's ability to continue as a going concern as of the date of the filing of this statement. As a condition of the Company receiving licensure approval from ODI and in accordance with section 3901.32 of the Ohio Revised Code, Parent has agreed to guarantee to maintain the amount of the Company's capital and surplus at the greater of i.) minimum capital requirements as defined in section 1751.28 of the Ohio Revised Code, ii.) the amount of the Company's Action Level RBC as defined in section 1753.31 of the Ohio Revised Code or iii.) an amount as reasonably determined by the Superintendent of Insurance, State of Ohio in relation to the level of the Company's enrollees and its outstanding liabilities.
