B. Uses of Estimate in the Preparation of the Financial Statements

The preparation of financial statement in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities. It also requires disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results differ from those estimates.

C. Accounting Policy

Premiums are earned over the terms of the related insurance policies. Unearned premium reserves are established to cover the un-expired portion of premiums written. Such reserves are computed by pro rata methods for direct business.

Expenses incurred in connection with acquiring new insurance business, including such acquisition costs as sales commissions, are charged to operations as incurred.

In addition, the company uses the following accounting policies:

- (1) Short-term investments are stated at amortized value using the interest method.
- (2) Bond investments are stated at amortized value using the interest method.
- (3-10) Not applicable
- (11) Unpaid losses and loss adjustment expenses include an amount determined from individual case estimates and loss reports and an amount, based on past experience, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liabilities are continually reviewed and any adjustments are reflected in the period determined.
- (12) Not applicable
- (13) Not applicable

D. Going Concern

Based upon it's evaluation of relevant conditions and events, management does not have substantial doubt about the Company's ability to continue as a going concern.

2. Accounting Changes and Corrections of Errors

- A. No material changes or correction of errors were found during the preparation of the current year's financial statement.
- B. The Company prepares its statutory financial statements in conformity with accounting practices prescribed or permitted by the State of OHIO. Effective January 1, 2001, the State of OHIO required that insurance companies domiciled in the State of OHIO prepare their statutory basis financial statements in accordance with the *NAIC Accounting Practices and Procedures Manual* subject to any deviations prescribed or permitted by the State of OHIO insurance commissioner.

For measurement purposes, a 0.0 percent annual rate of increase in the per capita cost of covered health care benefits was assumed for the year ending December 31, 2018. Due to plan changes during 2013 & 2014, Ohio FAIR Plan's postretirement benefit obligation is no longer tied to the medical inflation rates since they are contributing a fixed amount each year to the plans.

- (9) The amount of the accumulated benefit obligation for defined benefit pension plans was (\$11,619,399) for the current year and (\$12,708,900) for the prior year.
- (10) The company has multiple non-pension postretirement benefit plans. The health care plans are contributory, with participants' contributions adjusted annually; the life insurance plan is noncontributory. The accounting for the health care plans anticipates future cost-sharing changes to the written plan that are consistent with the company's expressed intent to change retiree contributions each year to coincide with the changes in employees contributions.
- (11) Assumed health care cost trend rates have a significant effect on the amounts reported for the health care plans. A one-percentage-point change in assumed health care cost trend rates would have the following effects:

	1 Percentage Point Increase	1 Percentage Point Decrease
a. Effect on total of service and interest cost components	\$0	\$0
b. Effect on postretirement benefit obligation*	\$0	\$0

* Due to the plan changes that occurred during 2013, Ohio FAIR Plan's postretirement benefit obligation is no longer tied to medical inflation rates since they are contributing a fixed amount each year.

NOTES TO FINANCIAL STATEMENTS

B. The Company participates in the Pension Plan for Insurance companies (PPIO) who are responsible for managing the Company's pension plan assets. All investment decisions are made at the discretion of PPIO in accordance with their policies. Once money is contributed to the Plan, the money is invested by plan officials called fiduciaries. Specific investments are made in accordance with the Plan's investment policy. The investment policy of the Plan is to limit the impact of capital market fluctuations on the plan by investing in a mix of assets that aligns with the plan's liability profile. The total portfolio is expected to be less volatile than the market the vast majority of the time. The plan assets are invested in a mix of equity and fixed income investments subject to target allocation ranges. The target allocation range for domestic equity investments is 30% and 50%. The target allocation range for fixed income investments is between 50% and 70%. The target allocation range for international equity investments ins between 0% and 10%. Remaining funds not invested in the categories above are to be invested in short-term cash equivalents such as money market funds. Target allocation ranges are guidelines, not limitations, and occasionally the Named Fiduciaries will approve allocations above or below a target range.

The plan assets are invested in various classes including U.S. equity securities, foreign equity securities, fixed income (debt) securities, and cash. Market values are used to measure the fair value of plan assets. To the best of our knowledge, PPIO does not invest in any assets that would need to be measured using significant unobservable inputs (Level 3). PPIO has not identified that there are any significant concentrations of risk within the plan assets.

(3) Discussed in response to Note 12-B

D. Expected long-term rate of return on plan assets assumption is 5.50%. As defined under Accounting Standards Codification 715-30, this assumption represents the rate of return on plan assets reflecting the average rate of earning expected on funds invested or to be invested to provide for the benefits included in the benefit obligation. The assumption has been determined by reflecting expectations regarding future rates of return for the invested portfolio, with consideration given to the distribution of investments by asset class and historical rates of return for each individual asset class. This rate is used based on the investment allocation strategy implemented by PPIO, which is targeted at minimizing volatility.

NOTES TO FINANCIAL STATEMENTS

E. Defined Contribution Plans

Insurance company employees are covered by a qualified defined contribution pension plan sponsored by the Company.

Contributions of up to 100% of 6 percent of each employee's compensation are made each year. The Company's contribution for the plan was \$127,021 and \$129,687 for 2018 and 2017, respectively. At December 31, 2018, the fair value of plan assets was \$4,708,855.

I. Impact of Medicare Modernization Act on Postretirement Benefits

The Medicare Prescription Drug, Improvement and Modernization Act of 2003 (the Act) was signed into law in December of 2003. The Act includes the following two new features to Medicare Part D that could affect the measurement of the accumulated postretirement benefit obligation (APBO) and net periodic postretirement cost for the Plan:

- A federal subsidy, which is not taxable, to sponsors of retiree healthcare benefit plans that provide a prescription drug benefit that is at least actuarially equivalent to Medicare Part D; and
- The opportunity for a retiree to obtain a prescription drug benefit under Medicare.

The Company is unable to conclude whether the benefits provided by the Plan are actuarially equivalent to Medicare Part D under the Act. As a result, the effects of the Act on accumulated postretirement benefit obligation are not reflected in the financial statement or accompanying notes.

NOTES TO FINANCIAL STATEMENTS

C. Items Measured and Reported at Fair Value by Levels 1, 2 and 3

The Company has categorized its assets that are reported on the balance sheet at fair value into the three-level fair value hierarchy as reflected in the table below. The three-level fair value hierarchy is based on the degree of subjectivity inherent in the valuation method by which fair value was determined. The three levels are defined as follows:

Level 1 - Quoted Prices in Active Markets for Identical Assets: This category for items measured at fair value on a recurring basis includes short-term investments and cash equivalents. The estimated fair value of the equity securities within this category are based on quoted prices in active markets and are thus classified as Level 1.

Level 2 - Significant Other Observable Inputs: This category for items measured at fair value on a recurring basis includes bonds which are not exchange-traded. The estimated fair values of some of these items were determined by independent pricing services using observable inputs. Others were based on quotes from markets which were not considered actively traded.

Level 3 - Significant Unobservable Inputs: The Company has no assets measured at fair value in this category.

Type of Financial Instrument	Aggregate Fair Value	Admitted Assets	(Level 1)	(Level 2)	(Level 3)	Net Asset Value (NAV)	Net Practicable (Carrying Value)

The decrease in 2018 is a continued development from settling case-basis reserves established in prior years for amounts that were less than expected, in part, due to a change in the reserving policy that was implemented in 2011 and a continued decrease in reported losses. No additional premiums or return premiums have been accrued as a result of the prior-year effects.

9.1 Has the reporting entity ceded any risk under any reinsurance contract (or under multiple contracts with the same reinsurer or its affiliates) for which during the period covered by the statement: (i) it recorded a positive or negative underwriting result greater than 5% of prior year-end surplus as regards policyholders or it reported calendar year written premium ceded or year-end loss and loss expense reserves ceded greater than 5% of prior year-end surplus as regards policyholders; (ii) it accounted for that contract as reinsurance and not as a deposit; and (iii) the contract(s) contain one or more of the following features or other features that would have similar results:
(a) A contract term longer than two years and the contract is noncancellable by the reporting entity during the contract term;
(b) A limited or conditional cancellation provision under which cancellation triggers an obligation by the reporting entity, or an affiliate of the reporting entity, to enter into a new reinsurance contract with the reinsurer, or an affiliate of the reinsurer;
(c) Aggregate stop loss reinsurance coverage;
(d) A unilateral right by either party (or both parties) to commute the reinsurance contract, whether conditional or not, except for such provisions which are only triggered by a decline in the credit status of the other party;
(e) A provision permitting reporting of losses, or payment of losses, less frequently than on a quarterly basis (unless there is no activity during the period); or
(f) Payment schedule, accumulating retentions from multiple years or any features inherently designed to delay timing of the reimbursement to the ceding entity.

Yes ☐ No ☒

9.2 Has the reporting entity during the period covered by the statement ceded any risk under any reinsurance contract (or under multiple contracts with the same reinsurer or its affiliates), for which, during the period covered by the statement, it recorded a positive or negative underwriting result greater than 5% of prior year-end surplus as regards policyholders or it reported calendar year written premium ceded or year-end loss and loss expense reserves ceded greater than 5% of prior year-end surplus as regards policyholders; excluding cessions to approved pooling arrangements or to captive insurance companies that are directly or indirectly controlling, controlled by, or under common control with (i) one or more unaffiliated policyholders of the reporting entity, or (ii) an association of which one or more unaffiliated policyholders of the reporting entity is a member where:
(a) The written premium ceded to the reinsurer by the reporting entity or its affiliates represents fifty percent (50%) or more of the entire direct and assumed premium written by the reinsurer based on its most recently available financial statement; or
(b) Twenty-five percent (25%) or more of the written premium ceded to the reinsurer has been retroceded back to the reporting entity or its affiliates in a separate reinsurance contract.

Yes ☐ No ☒

9.3 If yes to 9.1 or 9.2, please provide the following information in the Reinsurance Summary Supplemental Filing for General Interrogatory 9:
(a) The aggregate financial statement impact gross of all such ceded reinsurance contracts on the balance sheet and statement of income;
(b) A summary of the reinsurance contract terms and indicate whether it applies to the contracts meeting the criteria in 9.1 or 9.2; and
(c) A brief discussion of management's principle objectives in entering into the reinsurance contract including the economic purpose to be achieved.

9.4 Except for transactions meeting the requirements of paragraph 31 of SSAP No. 62R, Property and Casualty Reinsurance, has the reporting entity ceded any risk under any reinsurance contract (or multiple contracts with the same reinsurer or its affiliates) during the period covered by the financial statement, and either:
(a) Accounted for that contract as reinsurance (either prospective or retroactive) under statutory accounting principles ("SAP") and as a deposit under generally accepted accounting principles ("GAAP"); or
(b) Accounted for that contract as reinsurance under GAAP and as a deposit under SAP?

Yes ☐ No ☒

9.5 If yes to 9.4, explain in the Reinsurance Summary Supplemental Filing for General Interrogatory 9 (Section D) why the contract(s) is treated differently for GAAP and SAP.
