b. Total liabilities at fair value

2. The fair value measurements in Level 3 of the hierarchy as of March 31, 2019:

	Amount (\$)									
	Beginning Balance at 01/01/2019	Transfers Into Level 3	Transfers Out of Level 3	Return on Assets in Net Income	Return on Assets in Surplus	Purchases	Issuances	Sales	Settlements	Ending Balance at 03/31/2019

3. The Company's policy is to recognize transfers in and out as of the end of the reporting period. Previously, other invested assets, which consisted of three hedge funds, were categorized as Level 3; in 2019, the Company has determined NAV to be the more accurate measurement of the value of these assets as opposed to Level 3.

4. As of March 31, 2019, the reported fair value of the entity's investments categorized within Level 2 and Level 3 of the fair value hierarchy are as follows:

Bonds – According to statutory accounting rules, fixed income securities with a rating of NAIC 1 or 2 are reported at amortized cost. Securities with a rating of NAIC 3 thru 6, or non-investment grade ratings, are measured and reported at the lower of amortized cost or fair value on the statement of financial position. At the end of every quarter and at year end, the Company utilizes fair values provided by its custodian. Fair value is determined by evaluations that are based on observable market information rather than market quotes. Inputs to the evaluations include, but are not limited to, market prices from recently completed transactions and transactions of comparable securities, credit spreads, interest rate yield curves, and other market-observable information. Thus, fixed income securities measured and reported at fair value are included in the amounts disclosed in Level 2 of the hierarchy.

Common Stocks, Industrial & Misc. – According to statutory accounting rules, common stocks are reported at fair value. The Company holds two positions not actively traded. One represents membership in National Association of Mutual Insurance Company and is valued by the SVO. The other represents membership with FHLB of Cincinnati. Therefore, these securities are included in level 2.

Parent, Subsidiaries, and Affiliates – The Company's investments in four subsidiaries are measured and reported at fair value as of March 31, 2019, for each respective entity totaling \$225.6 million. Fair value measurement is determined by the individual entity's surplus at the end of a period, or the amount by which assets exceed liabilities. All subsidiaries are in the insurance industry, whereby its assets are largely comprised of fixed income securities carried at amortized cost and its liabilities represent reserves for underwriting losses. Some inputs to the valuation methodology are unobservable and significant to the fair value measurement and result in disclosure at Level 3.

5. Derivative Assets and Liabilities: None

B. Other Fair Value Disclosures: None

C. Fair Values for All Financial Instruments by Levels 1, 2 and 3 and NAV as of March 31, 2019:

STATEMENT AS OF MARCH 31, 2019 OF THE GRANGE INSURANCE COMPANY

NOTES TO FINANCIAL STATEMENTS

E. Investments Measured using NAV:

Mutual Funds

BMO Pyrford International Stock Fund (\$72.2 million) – The fund seeks capital appreciation by investing in equity securities of companies located in a number of countries outside the United States. The funds may meet redemption requests by redeeming shares in-kind, although the Funds do not intend to do so. These redemption methods will be used regularly and may be used in stressed market conditions.

DFA International Core Equity Portfolio (\$71.0 million) – The portfolio purchases a broad and diverse group of securities of non-U.S. companies in developed markets with a greater emphasis on small capitalization, value and high profitability companies as compared to their representation in the international universe. The portfolio reserves the right to meet redemption requests through an in-kind redemption, typically in response to a particularly large redemption, at the request of a client or in stressed market conditions.

TCW Emerging Markets Income Fund (\$71.9 million) – The fund invests primarily in debt securities issued or guaranteed by companies, financial institutions and government entities in emerging market countries. The fund reserves the right to make a "redemption in kind" (payment in portfolio securities) rather than cash if the amount redeemed in any 90-day period is large enough to effect fund operations.

Transamerica International Equity Fund (\$71.7 million) – The fund seeks maximum long-term total return, consistent with reasonable risk to principal, by investing in a diversified portfolio of common stocks of primarily non-U.S. issuers. Shares will normally be redeemed for cash, although each fund retains the right to wholly or partly redeem its shares in kind, under unusual circumstances (such as adverse or unstable market, economic, or political conditions), in an effort to protect the interests of shareholders by the delivery of securities selected from its assets at its discretion.

Other Invested Assets

Eaton Vance Institutional Senior Loans Fund (\$70.1 million) – The Fund's investment objective is to provide as high a level of current income as is consistent with the preservation of capital, by investing in a portfolio primarily of senior floating-rate loans. Grange does not have any unfunded commitments as of March 31, 2019. Redemption requests must be for amounts of \$100,000 or more. Upon commencement of redemption privileges, a Shareholder may redeem its Shares upon advance written notice to the Fund pursuant to the following schedule: for amounts up to one-third of a Shareholder's account, Shares of an equivalent amount in value will be redeemed and the redemption proceeds resulting therefrom will be paid no later than thirty (30) days after the Fund receives the redemption request (the "Notice Date"); for amounts up to two-thirds of a Shareholder's account, Shares of an equivalent amount in value will be redeemed and the redemption proceeds resulting therefrom will be paid no later than sixty (60) days after the Notice Date; and for amounts greater than two-thirds of a Shareholder's account, Shares of an equivalent amount in value will be redeemed and the redemption proceeds resulting therefrom will be paid no later than ninety (90) days after the Notice Date. For the avoidance of doubt, a Notice Date must be a day on which the NYSE is open for trading. Notwithstanding the foregoing, if cash is available to pay redemption requests sooner than hereinbefore provided, the Fund may do so to remain more fully invested. Redemption proceeds will equal the net asset value of Shares redeemed on the date of redemption and will be paid by wire.

Q-Black Appreciation Fund II (\$21.4 million) – The Funds' objective is to provide its investors with capital appreciation while endeavoring to minimize corresponding risk. The Fund seeks to achieve its objective through direct and/or indirect investments that pursue a variety of investment strategies. Grange does not have any unfunded commitments as of March 31, 2019. A Committed Interest Member may withdraw its capital on the third anniversary of the end of the fiscal quarter in which the contribution was made, with at least 370 days written notice. On each 3-year anniversary any committed capital account that is not withdrawn will automatically be re-committed for an additional 3-year lock-up period. In the event the Managing Member permits a withdrawal prior to the lapse of 3 years, the member shall be assessed an early withdrawal fee. Members may convert all or a portion of their capital account to a Standard Interest Member with shorter lock-up periods.

Goldentree Partners, LP (\$11.8 million) – The principal investment objective of the Partnership is to achieve superior risk-adjusted total returns by investing, directly or through its investment in the Master Fund, primarily in public and private non-investment grade and non-rated debt securities. Securities and other instruments acquired by the Partnership may include, but are not limited to, all types of debt obligations including bank debt, public and private equity, options, swaps, and real estate related instruments. The Partnership may acquire the foregoing instruments through the Master Fund, directly, or indirectly through investments in securitizations, structured financings, special purpose vehicles or other collective investment vehicles, some of which may be managed by the Investment Manager or its affiliates. Grange does not have any unfunded commitments as of March 31, 2019. Each limited partner upon 90 days' notice has the right to withdraw all or any portion of their capital account (excluding its pro rata share in any Special Investments) subject to the lock up provisions in which the class Grange is an investor (Class F) has a lock-up period of 1 year with semi-annual withdrawal frequency after the lock-up period.

Diamond-Hill Investment Partners (\$9.3 million) – The Partnership's purpose is to achieve long-term capital appreciation by investing in a broad range of securities (long and short positions) primarily in the U.S. equity market and other financial instruments. Grange does not have any unfunded commitments as of March 31, 2019. Each Limited Partner shall have the right, upon 30 days' prior written notice to the General Partner, to withdraw either (i) all of its Capital Account balance, (ii) any portion of its Capital Account balance in excess of \$500,000 or (iii) any other portion of its Capital Account balance if the General Partner, in its sole and absolute discretion so approves, in each case at the end of the Accounting Period ending on March 31, June 30, September 30 or December 31 of any fiscal year.

Goldentree Partners II, LP (\$1.8 million) – Effective February 22, 2017, the General Partner, in consultation with the Investment Manager, authorized the commencement of the wind down of the Partnership. On March 31, 2017, the Partnership sold all of its securities, excluding Special Investments, to funds affiliated with the Investment Manager, and redeemed its investment in the Master Fund. All partners interests were redeemed with the exception of interests associated with Special Investments. Prior to liquidation, the principal investment objective of the Partnership was to achieve superior risk-adjusted total returns by investing primarily in public and private non-investment grade and non-rated debt securities. Securities and other instruments acquired by the Partnership may include, but are not limited to, all types of debt obligations, including bank debt, public and private equity, options, swaps and real estate related instruments. Grange does not have any unfunded commitments as of March 31, 2019. All partners interests were redeemed with the exception of interests associated with Special Investments and no further subscriptions or redemption requests will be accepted.

Updata Venture Partners II, LP (\$0.2 million) – The primary objective of the Partnership is to achieve returns for their partners by investing in equity and equity-related securities in privately negotiated transactions, across the full investment life cycle, in the information technology industry. Grange does not have any unfunded commitments as of March 31, 2019. No transfer of a Limited Partner's interest in the Partnership, in whole or in part, shall be made without prior written consent of the General Partner. Consent, which will not be unreasonably withheld or delayed, shall be required for any transfer of part or all of any Limited Partner's economic interest in the Partnership.
