STATEMENT AS OF MARCH 31, 2020 OF THE Mount Carmel Health Insurance Company

NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies and Going Concern

A. Accounting Practices

The financial statements of the Company are presented on the basis of accounting practices prescribed or permitted by the Ohio Department of Insurance ("ODI").

The ODI Regulation recognizes only statutory accounting practices prescribed or permitted by the State of Ohio for determining and reporting the financial condition and results of operations of an insurance company, for determining its solvency under the Ohio Insurance law. The National Association of Insurance Commissioners' ("NAIC") *Accounting Practices and Procedures Manual* ("NAIC SAP") has been adopted as a component of prescribed or permitted practices by the State of Ohio. The Commissioner of Insurance has the right to permit other specific practices that deviate from prescribed practices. No deviations exist.

A reconciliation of the Company's net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of Ohio is shown below:

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during that period. Actual results could differ from those estimates.

C. Accounting Policy

Premiums are reported as earned in the period in which members are entitled to receive services, and are net of retroactive membership adjustments. Retroactive membership adjustments result from enrollment changes not yet processed, or not yet reported by the government. Premiums received prior to such period are recorded as advanced premiums.

Benefits incurred and loss adjustment expenses include claims payments, capitation payments, pharmacy costs net of rebates, allocations of certain centralized expenses, and various other costs incurred to provide health insurance coverage to members, as well as estimates of future payments to hospitals and others for medical care provided prior to the date of the Statements of Admitted Assets, Liabilities and Surplus. Capitation payments represent monthly contractual fees disbursed to participating primary care physicians, and other providers who are responsible for providing medical care to members. Pharmacy costs represent payments for members' prescription drug benefits, net of rebates from drug manufacturers and other cost adjustments based on CMS provisions of the Part D Pharmacy benefit program.

In addition, the Company uses the following accounting policies:

- (1) Short-term investments include investments mainly in U.S. Government obligations with a maturity of twelve months or less from the date of purchase. Short-term investments are recorded at amortized cost. The carrying value of short-term investments approximate fair value due to the short-term maturities of the investments.
- (2) – (4) Investments are valued and classified in accordance with methods prescribed by the NAIC. Bonds are carried at amortized cost.

The Company regularly evaluates investment securities for impairment. The related investment is written down to its estimated value.

Amortization of bond premium or discount is computed using the effective yield method.

Income from investments is recorded on an accrual basis. For the purpose of determining realized gains and losses, the cost of securities sold is based upon specific identification. Investment income due and accrued over 90 days past due is nonadmitted.

- (5) The Company does not have any mortgage loans on real estate investments.
- (6) The Company does not have any loan-backed security investments.

STATEMENT AS OF MARCH 31, 2020 OF THE Mount Carmel Health Insurance Company

- (7) The Company does not have any investments in subsidiaries.
- (8) The Company does not have any joint venture investments.
- (9) Not applicable.
- (10) - (11) The estimates of future medical benefit payments are developed using actuarial methods and assumptions based upon claim payment patterns, medical cost inflation, historical development such as claim inventory levels and claim receipt patterns, and other factors. Corresponding administrative costs to process outstanding claims are estimated and accrued. Estimates of future payments relating to services incurred in the current period and prior periods are continually reviewed by management and adjusted as necessary.

The Company assesses the profitability of its contracts for providing health insurance coverage to its members when current operating results or forecasts indicate probable future losses. The Company records premium deficiency liability in current operations to the extent that the sum of expected future medical costs, claim adjustment expenses, and maintenance costs exceed related future premiums. Investment income is not contemplated in the calculation of the premium deficiency liability.

Management believes the Company's benefits payable and loss adjustment expense are adequate to cover future claims and loss adjustment expense payments required, however such estimates are based on knowledge of current events and anticipated future events and, therefore, the actual liability could differ from the amounts provided.

- (12) The Company has not modified its capitalization policy from the prior period.
- (13) The Company estimates anticipated Pharmacy Rebate Receivables using the analysis of historical recovery patterns.

D. Going Concern

After evaluating the entity's ability to continue as a going concern, management was not aware of any conditions or events which raised substantial doubts concerning the entity's ability to continue as a going concern as of the date of the filing of this statement. As a condition of the Company receiving licensure approval from ODI and in accordance with section 3901.32 of the Ohio Revised Code, Parent has agreed to guarantee to maintain the amount of the Company's capital and surplus at the greater of (i.) minimum capital requirements of \$5,000,000, (ii.) the amount of the Company's Action Level RBC of 400% or (iii.) an amount as reasonably determined by the Superintendent of Insurance, State of Ohio in relation to the level of the Company's enrollees and its outstanding liabilities.
