20. Fair Value Measurement:**A. Inputs Used for Assets and Liabilities Measured and Reported at Fair Value or Net Asset Value:**

The Company has categorized its assets and liabilities that are reported on the balance sheet at fair value into the three-level fair value hierarchy as reflected in the table below. The three-level fair value hierarchy is based on the degree of subjectivity inherent in the valuation method by which fair value was determined. The three levels are defined as follows.

Level 1 - Quoted Prices in Active Markets for Identical Assets and Liabilities: This category, for items measured at fair value on a recurring basis, includes exchange-traded common stocks and other invested assets. The estimated fair value of the equity securities within this category are based on unadjusted market prices provided by a nationally recognized pricing service and are thus classified as level 1. The Company's other invested assets include an investment that consists primarily of holdings in publicly-traded mutual funds. The Company believes that its prices for these publicly-traded mutual funds, which are based on an observable market price for an identical asset in an active market, reflect their fair values.

Level 2 - Significant Other Observable Inputs: The Company has no assets or liabilities measured and reported at fair value in this category.

Level 3 - Significant Unobservable Inputs: This category, for items measured at fair value on a recurring basis, includes common stocks that are not publicly traded. The estimated fair value of the equity securities within this category are based on per share cost and are thus classified as level 3. The Company holds equity securities as a member of Federal Home Loan Bank of Cincinnati (FHLB), which is not publicly traded.

Net asset value (NAV): This category, for items measured at net asset value, includes other invested assets. The Company's other invested assets include one international private equity fund, Silchester International Partners Ltd. ("the fund") that invests in equity securities of foreign issuers and is managed by a third party investment manager. The estimated fair value of the fund within this category is based on net asset value obtained from a third party trustee statement.

1. The Company has categorized its assets that are measured at fair value or net asset value into the three-level fair value hierarchy as reflected in the following table. The Company has no liabilities that are measured and reported at fair value. See item 3 below for a discussion of the Company's transfer policy. See item 4 below for a discussion of Level 2 and Level 3 assets.

3. Transfers between level categorizations may occur due to changes in the availability of market observable inputs. Transfers in and out of level categorizations are reported as having occurred at the beginning of the quarter in which the transfer occurred. There were no transfers between level categorizations as of March 31, 2020.
4. As of March 31, 2020, and December 31, 2019, the reported fair value of the Company's investment in Level 3 equity securities of FHLB, was \$8,282,700 and \$4,892,700, respectively. B. Other Fair Value Disclosures: Not applicable.**C. Fair Values for All Financial Instruments by levels 1, 2, and 3:**

See Item A for a discussion on valuation techniques for assets and liabilities that are measured and reported at fair value or net asset value.

The Company utilizes information provided by a nationally recognized pricing service to estimate fair value measurements for its fixed maturities.

The Company estimates the fair value of the notes payable to affiliates using market quotations for U.S. treasury securities with similar maturity dates and applies an appropriate credit spread.

Additionally, the Special Disability Trust Fund made no assessments and issued no payments to the Company during the year-to-date periods ended March 31, 2020 and December 31, 2019.

22. Events Subsequent:

The Company has evaluated all events occurring after March 31, 2020 through May 7, 2020, the date the quarterly financial statements were available to be issued, to determine whether any event required either recognition or disclosure in the financial statements. Subsequent to March 31, 2020, the spread of the COVID-19 virus has caused significant financial market volatility, economic uncertainty, and interruptions to normal business activities. As of the date of issuance of these financial statements, the full impact to the Company is unknown, but management expects continued interruptions to day-to-day business activities, impacts to claim and premium activity, and fluctuations in the fair value of certain investments, as well as possible impacts to liquidity. As of the date of issuance, the outbreak is still evolving and thus there is significant uncertainty as to its ultimate impact on the Company.

23. Reinsurance:

No substantial change from December 31, 2019.

24. Retrospectively Rated Contracts and Contracts Subject to Redetermination:
