The impact of the COVID-19 pandemic on the Plan's operations and financial results are being closely monitored by management. During the second quarter, the pandemic resulted in reduced healthcare utilization, and as a result the Plan reported lower than expected claims expenses. Subsequently, utilization levels have returned to historical levels. The Plan's claim expenses directly related to COVID-19 have not been significant. In addition, the Plan has not observed adverse impacts to overall enrollment resulting from the pandemic. Future impacts of the pandemic are uncertain but may be material to the Plan's operations and financial results.
