B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

Premiums are earned over the terms of the related insurance policies and reinsurance contracts. Unearned premium reserves are established to cover the unexpired portion of premiums written. Such reserves are computed by pro rata methods for direct business and are based on reports received from ceding companies for reinsurance.

Expenses incurred in connection with acquiring new insurance business, including such acquisition costs as sales commissions and premium taxes, are charged to operations as incurred. Expenses incurred are reduced for ceding allowances received or receivable.

In addition, the company uses the following accounting policies:

- (1) When held, short-term investments are stated at amortized cost. Cash deposits are stated at cost.
- (2) Bonds not backed by other loans are stated at amortized cost using the interest method. The Company does not have mandatory convertible securities or SVO-Identified bond ETFs

- (11)Unpaid losses and loss adjustment expenses include an amount determined from individual case estimates and loss reports and an amount, based on experience, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liabilities are continually reviewed and any adjustments are reflected in the period determined.

25. Change in Incurred Losses and Loss Adjustment Expenses

Property and casualty insurance reserves are estimates based on historical experience patterns and current economic trends. Actual loss experience and loss trends are likely to differ from these historical experience patterns and economic conditions. Loss experience and loss trends emerge over several years from the dates of loss inception. The Company monitors such emerging loss trends. Upon concluding, based on the data available, that an emerging loss trend will continue, the Company adjusts its property and casualty insurance reserves to reflect such trend. These changes in loss trend are reflected in the results of the period of change and included in the Company's financial statements net of reinsurance. The business to which this development relates is not retrospectively rated; therefore, they are not subject to premium adjustments. As the Company cedes 100% of its net losses to its parent, Infinity Insurance Company, who has a 100% quote share agreement with Trinity Universal Insurance Company, reserves as of both December 31, 2020 and 2019 were \$0, and the Company experienced no reserve development.

26. Intercompany Pooling Arrangements

The Company and certain of its insurance affiliates maintain an intercompany reinsurance pooling agreement with the Company's parent, Infinity Insurance Company. Lead Entity and all Affiliated Entities	NAIC Company	Pooling

Infinity Security Insurance Company	38873	0.1 %
Infinity Select Insurance Company	20260	0.1 %
Infinity Standard Insurance Company	12599	0.1 %

The Company's net underwriting results are determined after making cessions to various other non-affiliated reinsurers under terms of other reinsurance agreements. Substantially all of these cessions are made subsequent to the pooling of business from the pool members to Infinity Insurance Company. There are no discrepancies between entries regarding pooled business on the assumed and ceded reinsurance schedules of the lead company and the corresponding entries on the assumed and ceded reinsurance schedules of other pool participants. The Provision for Reinsurance (Schedule F, Part 7), if any, is recorded by Infinity Insurance Company and is not shared with the other pool participants.
