NOTES TO STATUTORY FINANCIAL STATEMENTS

Note 1. Summary of Significant Accounting Policies

Organization and Operation

Cigna Dental Health of Ohio, Inc. (“the Company”) is a health insuring corporation (HIC) which provides dental insurance services throughout the region. Principal products and services include managed care products and services. The Company is a wholly-owned subsidiary of Cigna Dental Health, Inc. (“the Parent”), which is a wholly-owned subsidiary of Connecticut General Corporation (“CGC”), which is an indirect wholly-owned subsidiary of Cigna Corporation (“Cigna”). Cigna is a global health services organization incorporated in Delaware.

The Company had two customers from which it earned 13% and 25% of total revenue, excluding investment income for the years ended December 31, 2020 and December 31, 2019, respectively. Individually, these customers amounted to greater than 10% of total revenue.

Industry Developments

COVID-19 and Related Economic Impact

The novel strain of coronavirus (“COVID-19”) was declared a pandemic by the World Health Organization in March 2020. From the onset of the COVID-19 pandemic, Cigna and its subsidiaries (including the Company) have taken actions to drive affordability, reduce uncertainty, and make health care easier. For customers, these actions include COVID-19 related cost share waivers, expanded access to virtual care, support for access to medication, and advocating for whole person health through various behavioral health initiatives. The COVID-19 pandemic has pervasively impacted the economy and financial markets. The Company closely monitors its financial instruments and maintains effective controls to identify risks and evaluate potential exposures. As of December 31, 2020, the Company has not experienced a material decline in fair value relating to its financial instruments including investments and accounts receivable. Please refer to notes 5, 8, and 20 for additional information related to the Company’s financial instruments.

A. Accounting Practices

The financial statements of the Company are presented in conformity with accounting practices prescribed or permitted by the State of Ohio Department of Insurance (“The Department”), which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (“GAAP”) and include management’s estimates and assumptions, such as those regarding dental costs and interest rates, that affect the recorded amounts. The National Association of Insurance Commissioners’ (NAIC) *Accounting Practices and Procedures Manual* (“NAIC SAP” or “SSAPs”) has been adopted as a component of prescribed or permitted practices by the State of Ohio (“the State”).

The principal differences between statutory-basis financial statements presented herein and those prepared on a GAAP basis include nonadmitted assets, deferred income taxes, unrealized appreciation (depreciation) on bonds, and bad debt allowances and expenses. These statutory accounting practices disallow certain assets from admission in the Statutory Balance Sheets. These nonadmitted assets, otherwise included on the Company’s balance sheets prepared under GAAP, include receivables greater than 90 days past due and certain non-current assets. Under GAAP, bonds classified as available-for-sale are carried at fair value with the related unrealized appreciation (depreciation) recorded as a component of equity. Under statutory accounting principles, bonds are carried principally at amortized cost. Under GAAP, deferred taxes are recorded for any temporary differences between the tax basis of assets and liabilities to the extent it is more likely than not that the deferred tax assets are realizable, with changes in deferred tax assets and liabilities recorded as a component of net income tax expense. Under statutory accounting principles, the amount of deferred tax assets that may be admitted is generally limited based on the Realization Threshold Limitation Table in Statement of Statutory Accounting Principles (SSAP) No. 101, *Income Taxes, a Replacement of SSAP 10R and SSAP 10*. The net change in the deferred tax assets and liabilities is recognized as a separate component of changes in unassigned surplus.

ANNUAL STATEMENT FOR THE YEAR 2020 OF THE CIGNA DENTAL HEALTH OF OHIO INC

A reconciliation of the Company's net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State is shown below:

	<u>SSAP#</u>	<u>F/S Page</u>	<u>F/S Line #</u>	<u>2020</u>	<u>2019</u>

The Company maintained the minimum surplus required by state laws and regulatory agencies of \$250,000 as of December 31, 2020 and December 31, 2019. Minimum required surplus is the greater of \$250,000 or that amount required pursuant to the risk based capital provisions.

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with NAIC SAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. NAIC SAP also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Significant estimates are disclosed throughout these Notes, however actual results could differ from those estimates.

C. Accounting Policy

The Company uses the following accounting policies:

- (1) **Cash, Cash Equivalents and Short-term Investments:** Cash equivalents consist of investments with original maturities of three months or less from the time of purchase. Investments with original maturities of one year or less from the time of purchase are classified as short term. Cash equivalents and short-term investments are carried at cost.
- (2) **Bonds:** Bonds designated highest quality and high quality are carried at amortized cost. All other bonds are carried at the lower of cost or fair value. Amortization of bond premium or discount is calculated using the scientific (constant yield) interest method. Bonds containing call provisions are amortized to call date which produces the lowest asset value (yield to worst). Bonds are considered impaired and their cost basis is written down to fair value through net realized gains (losses), when management expects a decline in value to persist (i.e., the decline is other than temporary).

The Company holds no mandatory convertible securities or Securities Valuation Office (SVO) Identified bond Exchange-Traded Funds (ETFs) as of December 31, 2020 and 2019.

- (3) **Common Stocks:** The Company holds no common stocks as of December 31, 2020 and 2019.
- (4) **Preferred Stocks:** The Company holds no preferred stocks as of December 31, 2020 and 2019.
- (5) **Mortgage Loans:** The Company holds no mortgage loans as of December 31, 2020 and 2019.

- (6) Loan-Backed Securities: The Company holds no loan-backed securities as of December 31, 2020 and 2019.
- (7) Investments in Subsidiaries, Controlled and Affiliated Entities (“SCA”): The Company holds no investments in subsidiaries, controlled and affiliated entities as of December 31, 2020 and 2019.
- (8) Joint Ventures, Partnerships and Limited Liability Companies: The Company holds no investments in joint ventures, controlled and affiliated entities as of December 31, 2020 and 2019.
- (9) Derivatives: The Company has no derivative instruments as of December 31, 2020 and 2019.
- (10) Premium Deficiency Reserves: The Company anticipates investment income as a factor in its premium deficiency calculations.
- (11) Claims Payable and Unpaid Claims Adjustment Expenses: Claims payable and unpaid claims adjustment expenses include an amount determined from individual case estimates and loss reports and an amount, based on past experience, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liabilities are continually reviewed and any adjustments are reflected in the period determined. Management develops these estimates using actuarial methods based upon historical data for claim payment patterns, cost trends, product mix, seasonality, utilization of dental care services and other relevant factors. When estimates change, the Company records the adjustment in dental expenses in the period the change in estimate occurs. Unpaid claim adjustment expenses represents a reserve for additional administrative expenses associated with unpaid dental claims that are in the process of settlement, as well as those that have been incurred but not yet reported. This reserve is based on the historical relationship between claims handling expenses and incurred claims.
- (12) Asset Capitalization Policy: Changes were made to Cigna’s asset capitalization policies during the years ended December 31, 2020 and 2019 which included increasing the capitalization threshold on electronic data processing, furniture purchases and certain building and property improvements. The Company had no fixed assets in 2020 and 2019.
- (13) Pharmaceutical Rebate Receivables: The Company has no pharmaceutical rebate receivables as of December 31, 2020 and 2019.
- (14) Net Investment Income: When interest and principal payments on investments are current, the Company recognizes interest income when it is earned. The Company stops recognizing interest income on bonds when interest payments are 90 days past due. Investment income on these investments is only recognized when interest payments are received. See Note 7 for further information.
- (15) Investment Gains and Losses: Unrealized capital gains and losses on investments carried at fair value are reflected directly in unassigned surplus. Realized capital gains and losses resulting from sales, investment asset write-downs and changes in valuation reserves are based on specifically identified assets and are recognized in net income.
- (16) Nonadmitted Assets: In accordance with NAIC SAP, certain assets or certain portions of assets are excluded from the Company’s admitted assets on its Statutory Balance Sheet through a direct charge to unassigned surplus. Certain assets are limited by factors, such as percentage of surplus, as to the amounts that qualify as admitted assets.
- (17) Income Taxes: The Company is included in the consolidated United States federal income tax return filed by Cigna. Pursuant to the Tax Sharing Agreement with Cigna, federal income taxes are allocated to the Company as if it were filing on a separate return basis. The tax benefit of net operating losses, capital losses and tax credits are funded to the extent they reduce the consolidated federal income tax liability. The Company generally recognizes deferred income taxes when assets and liabilities have different values for financial statement and tax reporting purposes (temporary difference). Limitations of the admitted

amount of the deferred tax asset are calculated in accordance with SSAP No. 101. See Note 9 for more detailed information about the Company's income taxes.

- (18) Provider Incentives and Other Risk Sharing Arrangements: The Company contracts with dentists or provider groups to provide dental services to its members. The Company pays capitation or negotiated fees for defined services provided by the dentists. The Company and dentists have not entered into incentive sharing agreements.
- (19) Premium Revenue: Amounts charged for dental care services are recognized as revenue in the month for which customers are entitled to dental care. Unearned premiums represent that portion of premiums received which are applicable to the unexpired terms of contracts in force.
- (20) Other Liabilities: Other liabilities include accrued commission payable and state taxes payable.

As of December 31, 2020 and December 31, 2019, the gross unrealized appreciation for bonds by type of issuer, were as follows:

Total	<u>\$ 100,211</u>	<u>\$ 664</u>	<u>-</u>	<u>\$ 100,875</u>

Management reviews bonds with a decline in fair value from cost for impairment based on criteria that include length of time and severity of decline; financial health and specific near term prospects of the issuer; changes in the regulatory, economic or general market environment of the issuer's industry or geographic region; and the Company's intent to sell or the likelihood of a required sale prior to recovery.

The unrealized appreciation of bonds is primarily due to the decrease in market yield since purchase.

There were no other-than-temporary impairments of bonds as of December 31, 2020 and 2019.

The net unrealized appreciation on bonds that are carried at amortized cost of \$1,394 at December 31, 2020 and \$664 at December 31, 2019, are not reflected in the statutory financial statements.

G. Federal or Foreign Income Tax Loss Contingencies

- (1) The statute of limitations for Cigna's consolidated income tax returns through 2016 have closed. Cigna has filed amended consolidated tax returns for various years and the pending refunds are subject to Internal Revenue Service (IRS) review. Cigna is currently under examination for 2015 and 2017. The IRS has examined Express Scripts, Inc. (ESI) tax returns for 2010 through 2012 for which there is a significant disputed tax matter, and ESI is currently under examination for 2013 through 2017. No material impacts are anticipated for the Company.
- (2) In Management's opinion, the Company has adequate tax liabilities to address potential exposures involving tax positions the Company has taken that may be challenged by the IRS upon audit. These liabilities could be revised in the near term if estimates of Cigna's ultimate liability change as a result of new developments or a change in circumstances. No material contingent tax liability is included in the Company's current federal income tax payable. The Company does not expect a significant increase in federal or foreign contingent tax liability within the next twelve months.

Note 10. Information Concerning Parent, Subsidiaries and Affiliates and Other Related Parties

- A. The Company is indirectly owned by Cigna.
- B. Except for transactions reported under Part F of this footnote, insurance contracts that were issued by the Company in the ordinary course of its business are not reported in this footnote.
- C. See Part F of this footnote for the dollar amounts of material transactions with affiliates.
- D. At December 31, 2020 and at December 31, 2019, the Company reported \$8,430 and \$1,029 as due from parent. Cash settlements are processed according to the terms of the Administrative Services Agreement between the Company and its Parent, generally within 30 days of the balance sheet date.
- E. The Company does not have any guarantees or undertakings, written or otherwise, for the benefit of an affiliate or related party that result in a material contingent exposure.
- F. Administrative Services Agreements:
 - (1) Pursuant to arrangements with certain affiliated companies, the Company's products are billed by affiliated companies as a single product or in conjunction with other Cigna products. Related premiums billed on behalf of the Company were \$8,925,743 in 2020 and \$8,658,083 in 2019. Net accounts receivable, including the non-admitted portion, were \$798,422 at December 31, 2020 and \$736,896 at December 31, 2019.
 - (2) The Administrative Services Agreement, as amended, is by and among the Parent and each of its subsidiaries or affiliates which are signatories thereto. Under this agreement, the Parent and certain affiliates provide administrative services (as defined and described in said agreement) to the Company. The terms of the agreement require that these amounts be settled within 30 days. The fees charged are based largely on the Company's plan participants as a percentage of total applicable participants for the Company and its affiliates. The fee charges are based on a fixed monthly fee per individual, per couple or per family. The Parent charged the Company the following for the years December 31, 2020 and December 31, 2019:

	2020	2019
Administrative and management services fees	\$ 691,764	\$ 601,829
Claims adjustment expenses	10,908	12,309
Services critical to the delivery of dental care	<u>301,145</u>	<u>263,202</u>

- (3) The Company participates in an Investment Advisory Agreement pursuant to which Cigna Investments, Inc. serves as the Company's investment advisor. The expenses related to this agreement were \$2,068 in 2020 and \$2,735 in 2019.
- (4) Several of Cigna's subsidiaries are subject to the Health Insurance Providers Fee ("the Fee"), which is imposed on each covered entity engaged in the business of providing health insurance for any United States health risk. Such entities, along with Cigna, are collectively treated as a single "covered entity" as that term is defined in Section 9010(c) and Treas. Reg. § 57.2(b). By entering into the Fee Sharing Agreement (the "Agreement"), each party has consented to select Cigna as its "designated entity" for the payment of this Fee. The Agreement allows Cigna to pay each year to the Treasury the Fee owed collectively by all covered entities in the group, and to perform all necessary and appropriate actions that may be required to fulfill Cigna's responsibilities as the

designated entity. This Agreement further allows Cigna to delegate to a wholly owned subsidiary the authority to perform these actions on Cigna's behalf. For financial management and reporting purposes, Cigna and the subsidiaries will allocate the Fee for each Fee Year among the subsidiaries in proportion to estimates of each subsidiary's Premiums for that Fee Year. This Agreement was approved by the Department. There were no administrative charges related to this agreement in 2020 and 2019.

Amendment One to the Fee Sharing Agreement is between Cigna Health and Life Insurance Company ("CHLIC"), Connecticut General Life Insurance Company ("CGLIC"), the Company and various other affiliates. Amendment One was filed in response to a request from the Connecticut Department of Insurance for clarification to Section 1 of the Agreement related to both the delegation by Cigna Corporation of the fee payment and related administrative functions to its wholly owned subsidiary CHLIC and clarification regarding any "service fee" charged or allocation of expenses related to the processing of the fee payment and related administrative functions. Amendment One does not materially modify the Agreement, it only clarifies certain sections. Amendment One was approved by the Connecticut Department of Insurance on November 13, 2015. The last regulatory approval of Amendment One was received on May 10, 2016.

- (5) The Company currently participates in the Amended and Restated Consolidated Federal Income Tax Agreement by and between Cigna and its subsidiaries in order to facilitate the filing of a consolidated federal income tax return as an affiliated group under Cigna. Pursuant to this agreement, payments are made to Cigna based on taxable income of the Company. In the case of a taxable loss, Cigna pays the Company a refund to the extent Cigna is able to utilize that loss in the consolidated tax return. There were no administrative charges related to this agreement in 2020 and 2019.

Litigation and Other Legal Matters

Cigna and its subsidiaries including the Company are routinely involved in numerous claims, lawsuits, regulatory inquiries and audits, government investigations, including under the federal False Claims Act and state false claims acts initiated by a government investigating body or by a qui tam relator's filing of a compliant under court seal, and other legal matters arising, for the most part, in the ordinary course of managing a health services business. Any disputed tax matters arising from audits by the Internal Revenue Service or other state and foreign jurisdictions, including those resulting in litigation, are accounted for under the NAIC's accounting guidance for tax loss contingencies.

As of December 31, 2020 there were no pending litigation and legal or regulatory matters determined to have a reasonably possible material loss. In light of the uncertainties involved in these matters, there is no assurance that their ultimate resolution will not exceed current expectations. An adverse outcome in one or more of these matters could be material to Cigna's results of operations, financial condition or liquidity for any particular period. The outcomes of lawsuits are inherently unpredictable, and Cigna may be unsuccessful in these ongoing litigation matters or any future claims or litigation.

Note 20. Fair Value Measurements

A. Fair Value Measurements

Fair value is defined as the price at which an asset could be exchanged in an orderly transaction between market participants at the balance sheet date. The Company's financial assets have been classified based upon a hierarchy defined by SAP. The hierarchy gives the highest ranking to fair values determined using unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest ranking to fair values determined using methodologies and models with unobservable inputs (Level 3). An asset's or a liability's classification is based on the lowest level input that is significant to its measurement. For example, a financial asset or liability carried at fair value would be classified in Level 3 if unobservable inputs were significant to the instrument's fair value, even though the measurement may be derived using inputs that are both observable (Levels 1 and 2) and unobservable (Level 3).

Level 1 Inputs for instruments classified in Level 1 include unadjusted quoted prices for identical assets in active markets accessible at the measurement date. Active markets provide pricing data for trades occurring at least weekly and include exchanges and dealer markets.

Level 2 Inputs for instruments classified in Level 2 include quoted prices for similar assets in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are market observable or can be corroborated by market data for the term of the instrument. Such other inputs include market interest rates and volatilities, spreads and yield curves. An instrument is classified in Level 2 if the Company determines that unobservable inputs are insignificant. Level 2 assets primarily include corporate bonds valued using recent trades of similar securities or pricing models that discount future cash flows at estimated market interest rates.

Level 3 Certain inputs for instruments classified in Level 3 are unobservable (supported by little or no market activity) and significant to their resulting fair value measurement. Unobservable inputs reflect the Company's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

SSAP 100 allows the use of net asset value (NAV) as a practical expedient to fair value for investments in investment companies where there is no readily determinable fair value. There were no such investments owned by the Company for either period presented.

1. **Fair Value Measurements at Reporting Date** – None
2. **Fair Value Measurements in Level 3 of the Fair Value Hierarchy** – None
3. **Level 3 Transfers** – None
4. **Valuation Techniques and Inputs** – No financial instruments at fair value

B. Other Fair Value Disclosures

The Company provides additional fair value information in Notes 1 and 5.

C. Aggregate Fair Value of All Financial Instruments

The following tables provide the fair value, carrying value, and classification in the fair value hierarchy of the Company's financial instruments as of December 31, 2020 and December 31, 2019:

Total	\$ 1,967,594	\$ 1,966,930	\$ 148,049	\$ 1,819,545	\$ -	\$ -	\$ -	\$ -	\$ -

The following valuation methodologies and significant assumptions are used by the Company to determine fair value for each instrument.

Bonds

The Company estimates fair values using prices from third parties or internal pricing methods. Fair value estimates received from third-party pricing services are based on reported trade activity and quoted market prices when available, and other market information that a market participant may use to estimate fair value. Such other inputs include market interest rates and volatilities, spreads, and yield curves. The internal pricing methods are performed by the Company's investment professionals and generally involve using discounted cash flow analyses, incorporating current market inputs for similar financial instruments with comparable terms and credit quality, as well as other qualitative factors. In instances where there is little or no market activity for the same or similar instruments, the fair value is estimated using methods, models, and assumptions that the Company believes a hypothetical market participant would use to determine a current transaction price. Bonds are classified as Level 1 because their fair values are based on unadjusted quotes prices in active markets.

Cash, Cash Equivalents and Short-Term Investments

Short-term investments, cash equivalents and cash are carried at cost which approximates fair value. Short-term investments and cash equivalents are classified in Level 2, and cash is classified in Level 1.

D. Disclosures about Financial Instruments Not Practicable to Estimate Fair Value – None

E. Investments Measured using NAV Practical Expedient – None

ANNUAL STATEMENT FOR THE YEAR 2020 OF THE CIGNA DENTAL HEALTH OF OHIO INC

Note 25. Change in Incurred Claims and Claim Adjustment Expenses

The following table presents an analysis of reserves for claims payable and unpaid claims adjustment expenses and a reconciliation of beginning and ending reserve balances for 2020 and 2019:

	2020	2019
Balances at January 1	\$ 338,890	\$ 315,435
Incurred related to:		
Current year	4,699,551	4,730,943
Prior year	<u>(29,622)</u>	<u>(5,203)</u>
Total incurred	4,669,929	4,725,740
Paid related to:		
Current year	4,311,194	4,392,053
Prior year	<u>309,268</u>	<u>310,232</u>
Total payments	4,620,462	4,702,285
Balances at December 31	<u>\$ 388,357</u>	<u>\$ 338,890</u>

Unpaid claims and claims adjustment expenses attributable to insured events of prior year's decreased by \$29,622 in 2020 and \$5,203 in 2019, as a result of re-estimation of unpaid claims and claims adjustment expenses. The estimation process for determining these liabilities inherently results in adjustments each year for claims incurred (but not paid) in preceding years. Negative amounts reported for incurred related to prior year's results from claims ultimately being settled for amounts less than originally estimated (favorable development). Positive amounts reported for incurred related to prior years result from claims ultimately being settled for amounts greater than originally estimated (unfavorable development). During 2020 and 2019, there were no significant changes in the methodologies and assumptions used in calculating the liability for claims unpaid and unpaid claims adjustment expenses.
