## NOTES TO FINANCIAL STATEMENTS

### Note 1: Summary of Significant Accounting Policies and Going Concern

#### Basis of Accounting

The accompanying statutory financial statements of the Plan have been prepared in accordance with accounting practices outlined by the *National Association of Insurance Commissioners ("NAIC") Accounting Practices and Procedures* manual subject to deviations permitted by the Ohio Department of Insurance ("ODI"). There are no material differences in the accounting practices followed by the Plan from those designed by the NAIC. However, the practices by designated by the NAIC vary in certain respects from accounting principles generally accepted in the United States of America ("GAAP").

The significant differences from GAAP include the following: a) certain assets are designated as "non-admitted" assets; b) errors from prior years, if applicable, are corrected in the years financial statements as an adjustment to surplus in the aggregate write-ins for gains and losses in surplus; c) loss reserves are reported net of reinsurance ceded; and d) policy acquisition costs are expensed in the year incurred and not amortized over the life of the policy; e) surplus notes payable are included as surplus in the statements of admitted assets, liabilities, and surplus as opposed to a liability; f) interest payable on surplus notes are not accrued until approved for payment by the ODI. The Plan was formed under the MEWA laws of the Official Code of Ohio Annotated §1739.

The following table is a reconciliation of the Plan's net income and surplus between NAIC SAP and practices prescribed and permitted by the State of Ohio is shown below:

#### Estimates

The preparation of financial statements in conformity with the statutory basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the statutory financial statements and the reported amounts of revenue and expenses during the reporting period. The primary estimate made by management includes the establishment of claims reserve. Actual results could differ from those estimates.

#### Health Care Fees and Deferred Health Care Fees

Health care fees are recorded as revenue when earned. Deferred health care fees are recognized for amounts paid in advance by individual employers for covered benefits, prior to the effective date of the policy or for which services have not yet been provided.

#### Cash and Cash Equivalents

For purposes of the statements of cash flows – statutory basis, the plan considers short-term investments with an initial maturity of one year or less to be cash equivalents.

#### Concentration of Credit Risk

The Plan maintains cash balances at one financial institution in excess of amounts insured by the Federal Deposit Insurance Corporation. Management monitors the soundness of this institution in an effort to minimize collection risk.

# STATEMENT AS OF MARCH 31, 2021 OF THE Ohio Dental Association Wellness Trust

## Statement as of March 31, 2021 of the Ohio Dental Association Wellness Trust

### Reserve for Incurred but Not Reported Claims

Claims are recorded on the accrual basis of accounting, including a reserve for incurred but not reported claims ("IBNR"). The IBNR is estimated by the Plan's actuarial consultant in accordance with accepted actuarial principles using prior claims experience, current enrollment, health service costs, health service utilization statistics and other related information. Such estimate is reported in the accompanying statements of admitted assets, liabilities and surplus – statutory basis at present value.

### Non-admitted assets

Non-admitted assets for the period ended March 31, 2021 totaled \$141,052 and consisted of prepaid assets totaling \$29,767 and amounts recoverable from reinsurers over ninety days outstanding totaling \$111,285.

In accordance with statutory accounting principles, prepaid expenses are reported as non-admitted assets and charged against unassigned surplus. Such expenses are amortized against net income as the estimated economic benefit expires.

In accordance with statutory accounting principles, amounts recoverable from reinsurers over ninety days outstanding meets the definition of non-admitted assets and will remain as an offset to unassigned surplus until collected. The Plan anticipates collecting the entire balance due from its reinsurer.

### Going Concern

For the period ended March 31, 2021, management has determined there are no events or conditions that raise substantial doubt about the Plan's ability to continue as a going concern.

### Note 9: Income Taxes

The Plan is a taxable entity under the IRC. For the period ended March 31, 2021, income tax expense to the Plan totaled \$86. The Plan has no significant items which would result in a deferred tax asset or liability.
