## STATEMENT AS OF MARCH 31, 2021 OFSOLSTICE HEALTHPLANS OF OHIO, INC.

### NOTES TO FINANCIAL STATEMENTS

#### 1. Summary of Significant Accounting Policies

**A. Reconciliation of the Company's net income and capital & surplus between NAIC SAP and the State of Ohio.**

State of Ohio Department of Insurance (“OHDOI”) granted Solstice Healthplans of Ohio, Inc. (“Company”) a Health Insuring Corporation license on September 30, 2020. The Company’s group plans were approved January 29, 2021 by OHDOI.

The Company prepares its financial statements in conformity with accounting practices prescribed or permitted by the OHDOI. Prescribed statutory accounting practices include a variety of publications of the National Association of Insurance Commissioners (“NAIC”), as well as state laws, regulations and general administrative rules. Permitted statutory accounting practices encompass all accounting practices not so prescribed.

The State of Ohio requires its domestic Specialty Health Care companies to prepare financial statements in conformity with the NAIC Accounting Practices and Procedures Manual (“APPM”), which includes all Statements of Statutory Accounting Principles (“SSAPs”), subject to any deviations prescribed or permitted by the OHDOI.

Reconciliation of the Company's net income and capital & surplus between NAIC SAP and the state of Ohio is shown below.

#### **B. Basis of Presentation**

The preparation of financial statements is in conformity with the NAIC Annual Statement Instructions and accounting practices prescribed or permitted by the OHDOI, which requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

#### **C. Accounting Policy**

##### **Losses and Loss Adjustment Expenses**

The Company records liabilities for unpaid claims, and related loss adjustment expenses (“LAE”) based upon management’s best estimate of aggregate case-basis estimates for losses reported and estimates of incurred but not reported (IBNR) losses related to direct business. Reserves for unreported losses are established using various statistical and actuarial techniques reflecting historical patterns of paid and reported claims adjusted for current trends. The Company has obtained assistance from its actuarial consultant in estimating its reserves and LAE at the end of each calendar year. These reserves are presented on an undiscounted basis.

Because the ultimate settlement of claims is subject to future events, no single loss or LAE reserve can be considered accurate with certainty. The Company’s analysis of the reasonableness of loss or LAE reserve estimates includes an analysis of the amount of variability in the estimate. The Company develops its estimate considering a range of reserve estimates. The high and low ends of the range do not correspond

to an absolute best and worst case scenarios of ultimate settlements because such estimates may be the result of unlikely assumptions. Management's best estimate therefore does not include the set of all possible outcomes but only those outcomes that are considered reasonable.

Management believes the liabilities for losses and LAE are adequate to cover the ultimate liability. However, due to the underlying risks and high degree of uncertainty associated with the determination of the liability for claims, such estimates may be more or less than the amounts ultimately paid when the claims are settled.

### **Use of Estimates**

The preparation of the statutory financial statements requires management to make estimates and assumptions that affect the reported financial statement balances as well as the disclosure of contingent assets and liabilities. Accordingly, actual results reported in the accompanying statutory financial statements could differ materially from those estimates.

As further discussed in the accompanying notes to the statutory financial statements, significant estimates and assumptions affect various provisions including claims. The liabilities for losses and LAE, though supported by actuarial analysis and other data, are ultimately based on management's reasoned expectations of future events.

The estimates are continually reviewed and adjusted as necessary as experience develops or new information becomes known; such adjustments are included in current operations.

### **Cash and Cash Equivalents**

The Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. The Company considers all highly liquid debt instruments with a maturity of one year or less but greater than three months to be short term investments.

### **Bonds**

The Company can invest in bonds that are designated highest-quality and high-quality (NAIC designations 1 and 2, respectively) and as such are reported at amortized cost in accordance with SSAP 26R. Premiums and discounts are amortized over the life of the related securities as an adjustment to yield using the scientific (constant yield) interest method.

### **Premiums, Commissions Received and Policy Acquisition Costs**

Premiums and commissions are recognized in the period during which coverage is provided to the covered individuals. Payments received from customers in advance of the related period of coverage are reflected on the accompanying balance sheet as unearned premiums. The Company evaluates the collectability of all receivables for possible impairment. When the Company determines it is probable a receivable balance will not be collected, the customer's policy is terminated, and the receivable balance is written off.

In connection with the Company's acquisition of new customers and the continued servicing of existing customers, the Company pays brokers' and consultant's commissions based on a percentage of revenue collected. These commissions are recognized as expenses in the period in which the related premium revenue is recognized.

### **Income Taxes**

The Company files a consolidated federal income tax return and Ohio state income tax return. The difference between the statutory rate and the Company's effective rate is due to state income taxes.

The Company is subject to state taxes and includes this under Insurance taxes, licenses, and fees per SSAP 101.

Deferred income tax assets and liabilities reflect the differences between the statutory and income tax reporting bases of admitted and non-admitted assets and liabilities are based on enacted tax rates and laws. The deferred income tax provision or benefit generally reflects the net change in deferred income tax assets and liabilities during the year. Changes in deferred tax assets and deferred tax liabilities are recognized as

a separate component of gains and losses in surplus, except to the extent allocated to changes in unrealized gains and losses.

#### **Non-admitted Assets**

Assets included in the statutory balance sheet are at admitted asset value. Non-admitted assets are principally deferred assets, agents' balances over 90-days past due, computer software, other equipment, intangibles and investments in excess of 10% of admitted assets are excluded through a charge against surplus.

#### **2. Accounting Changes and Corrections of Errors**

The Company did not have any accounting changes or corrections of errors in 2021 or 2020.
