NOTES TO FINANCIAL STATEMENTS

Note 1: Summary of Significant Accounting Policies and Going Concern

Basis of Accounting

The accompanying statutory financial statements of the Plan have been prepared in accordance with accounting practices outlined by the *National Association of Insurance Commissioners ("NAIC") Accounting Practices and Procedures* manual subject to deviations permitted by the Ohio Department of Insurance ("ODI"). There are no material differences in the accounting practices followed by the Plan from those designed by the NAIC. However, the practices by designated by the NAIC vary in certain respects from accounting principles generally accepted in the United States of America ("GAAP").

The significant differences from GAAP include the following: a) certain assets are designated as "non-admitted" assets; b) errors from prior years, if applicable, are corrected in the years financial statements as an adjustment to surplus in the aggregate write-ins for gains and losses in surplus; c) loss reserves are reported net of reinsurance ceded; d) policy acquisition costs are expensed in the year incurred and not amortized over the life of the policy; e) surplus notes payable are included as surplus in the statements of admitted assets, liabilities, and surplus as opposed to a liability; f) interest payable on surplus notes are not accrued until approved for payment by the ODI; (g) unrealized gains and losses from equity securities are reflected as a component of surplus, net of deferred taxes, whereas under U.S. GAAP, unrealized gains and losses are reflected in earnings (h) deferred income taxes exclude state income taxes and are admitted to the extent they can be realized within three years subject to a 15% limitation of capital and surplus with changes in the net deferred tax reflected as a component of surplus, whereas under U.S. GAAP, deferred taxes include both Federal and state income taxes and changes in deferred taxes are reflected in earnings. The Plan was formed under the MEWA laws of the Official Code of Ohio Annotated §1739.

The following table is a reconciliation of the Plan's net income and surplus between NAIC SAP and practices prescribed and permitted by the State of Ohio is shown below:

Estimates

The preparation of financial statements in conformity with the statutory basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the statutory financial statements and the reported amounts of revenue and expenses during the reporting period. The primary estimate made by management includes the establishment of claims reserve. Actual results could differ from those estimates.

Health Care Fees and Deferred Health Care Fees

Health care fees are recorded as revenue when earned. Deferred health care fees are recognized for amounts paid in advance by individual employers for covered benefits, prior to the effective date of the policy or for which services have not yet been provided.

Cash and Cash Equivalents

For purposes of the statements of cash flows – statutory basis, the plan considers short-term investments with an initial maturity of one year or less to be cash equivalents.

Statement as of December 31, 2021 of the Ohio Dental Association Wellness Trust

Concentration of Credit Risk

The Plan maintains cash balances at one financial institution in excess of amounts insured by the Federal Deposit Insurance Corporation. Management monitors the soundness of this institution in an effort to minimize collection risk.

Investments

Investments in mutual funds are carried at fair value. Unrealized gains and losses are reflected in surplus, net of deferred taxes. Refer to Note 5 – Investments and Note 9 – Fair Value for further explanation on the Plan's methodology for mutual funds.

Reserve for Incurred but Not Reported Claims

Claims are recorded on the accrual basis of accounting, including a reserve for incurred but not reported claims ("IBNR"). IBNR is estimated by the Plan's actuarial consultant in accordance with accepted actuarial principles using prior claims experience, current enrollment, health service costs, health service utilization statistics and other related information. Such estimate is reported in the accompanying statements of admitted assets, liabilities and surplus – statutory basis at present value.

Non-admitted assets

Non-admitted assets for the year ended December 31, 2021 totaled \$2,179 and consisted of prepaid assets. During December 2021, the Plan wrote off non-admitted assets related to stop loss receivables over 90 days outstanding in the amount of \$111,285.

In accordance with statutory accounting principles, prepaid expenses are reported as non-admitted assets and charged against unassigned surplus. Such expenses are amortized against net income as the estimated economic benefit expires.

Going Concern

For the year ended December 31, 2021, management has determined there are no events or conditions that raise substantial doubt about the Plan's ability to continue as a going concern.

Note 2: Accounting Changes and Correction of Errors

No significant change.

Note 3: Business Combinations and Goodwill

Note 7: Investment Income

The Plan reported investment income totaling \$199,461 for the year ended December 31, 2021 related to interest and dividends from money market accounts and mutual funds. There is no investment income in default that would be excluded from investment income and considered non-admitted for the year ended December 31, 2021.

Note 8: Derivative Investments

None

Note 9: Income Taxes

The Plan is a taxed as a nongrantor trust under the IRC. A nongrantor trust is taxed on the income it earns. This includes the trust's investment income but not employer contributions to the trust, as these are contributions to the trust corpus and do not represent taxable income. For the year ended December 31, 2021, the Plan reported current income tax expense related to investment income of \$56,134. The Plan reported a deferred tax liability of \$6,794 related to unrealized gains and losses on investments.

The Plan applies the provisions of accounting standards for uncertain income tax positions. These standards require that a tax position be recognized or derecognized based on a more likely than not threshold. This applies to positions taken or expected to be taken in a tax return. The Plan does not believe its statutory financial statements include any uncertain tax positions for the year ended December 31, 2021. Further, there were no income tax related penalties or interest incurred by the Plan for the year ended December 31, 2021.

Note 20: Fair Value Measurement

In accordance with SSAP No. 100, Fair Value Measurements, the Plan is required to disclose the valuation methodology used to record assets and liabilities that are recorded at fair value on a recurring basis and financial instruments for disclosure purposes. Additionally, from time to time, the Plan may be required to record at fair value other assets on a nonrecurring basis. These nonrecurring fair value adjustments typically involve application of the lower of cost or market accounting or write-down of individual assets.

The Plan uses the following fair value hierarchy to present its fair value disclosures:

Level 1 – Quotes (unadjusted) prices for identical assets in active markets.

Level 2 – Other observable inputs, either directly or indirectly, including quoted prices for similar assets in active markets.

Level 3 – Unobservable inputs that cannot be corroborated by observable market data.

The Plan's financial assets that are measured at fair value on a recurring basis are all Level 1 investments at December 31, 2021 and are based on quoted market prices.

Mutual funds – Mutual funds are valued using the published quoted price, which is the net asset value ("NAV") of the fund. The NAV is based on the fair value of the underlying securities.

The table below presents the fair value of financial instruments for the year ended December 31, 2021, which the Plan has included as common stock on the accompanying balance sheet per guidance set for the in SSAP No. 30R – *Unaffiliated Common Stock*.
