NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies and Going Concern

A. Accounting Practices

The accompanying statutory financial statements of Aetna Health of Ohio Inc. (the “Company”), indirectly a wholly-owned subsidiary of CVS Health Corporation (“CVS Health”), have been prepared in conformity with accounting practices prescribed or permitted by the Ohio Department of Insurance (“Ohio Department”) ("Ohio Accounting Practices"). The Ohio Department recognizes statutory accounting practices prescribed or permitted by the State of Ohio for determining and reporting the financial condition and results of operations of an insurance company, which include accounting practices and procedures adopted by the National Association of Insurance Commissioners’ (“NAIC”) *Accounting Practices and Procedures Manual* (“NAIC SAP”).

A reconciliation of the Company’s net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of Ohio for the years ending December 31, 2021 and 2020 is as follows:

	SSAP #	F/S Page	F/S Line #	2021	2020

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of these financial statements in conformity with Ohio Accounting Practices requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and revenue and expenses. Actual results could differ from those estimates.

C. Accounting Policies

The Company applies the following significant accounting policies:

(1) Cash, Cash Equivalents and Short-Term Investments

Cash, cash equivalents and short-term investments, consisting primarily of money market instruments and other debt issues with an original maturity of up to one year, are carried at amortized cost. Short-term investments consist primarily of investments purchased with an original maturity date of greater than three months but less than one year. Cash equivalents consist of highly liquid instruments, which mature within three months from the date of purchase. The carrying amount of cash, cash equivalents and short-term investments approximates fair value. Cash accounts with positive balances shall not be reported separately from cash accounts with negative balances. If in the aggregate, the reporting entity has a net negative cash balance, it shall be reported as a negative asset and shall not be recorded as a liability.

(2) Bonds

Bonds, which include special deposits, are carried at amortized cost except for those bonds with an NAIC designation of 3 through 6, which are carried at the lower of amortized cost or fair value. The amount carried at fair value is not material to the financial statements. Bond premiums and discounts are amortized using the scientific interest method.

NOTES TO FINANCIAL STATEMENTS

When quoted prices in active markets for identical assets are available, the Company uses these quoted market prices to determine the fair value of bonds. This is used primarily for U.S. government securities. In other cases where a quoted market price for identical assets in an active market is either not available or not observable, the Company estimates fair values using valuation methodologies based on available and observable market information or by using a matrix pricing model. If quoted market prices are not available, the Company determines fair value using broker quotes or an internal analysis of each investment's financial performance and cash flow projections. The Company had no investments where fair value was determined using broker quotes or an internal analysis of financial performance and cash flow projections at December 31, 2021 or 2020. Bonds include all investments whose maturity is greater than one year when purchased. All adjustments between amortized cost and carrying value are reflected in unrealized capital gains and losses and are reported as direct adjustments to surplus.

Bonds are recorded as purchases or sales on the trade date.

The Company periodically reviews its bonds to determine whether a decline in fair value below the carrying value is other-than-temporary. For bonds, an other-than-temporary impairment ("OTTI") shall be recorded if it is probable that the Company will be unable to collect all amounts due according to the contractual terms in effect at the date of acquisition. Declines deemed to be OTTI in the cost basis are recognized as realized capital losses. Yield-related impairments are deemed other-than-temporary when the Company intends to sell an investment at the reporting date before recovery of the cost of the investment.

The Company analyzes all relevant facts and circumstances for each investment when performing its analysis to determine whether an OTTI exists. Among the factors considered in evaluating whether a decline is other-than-temporary, management considers whether the decline in fair value results from a change in the quality of the investment security itself, whether the decline results from a downward movement in the market as a whole, the prospects for realizing the carrying value of the bond based on the investee's current and short-term prospects for recovery and other factors. The risks inherent in assessing the impairment of an investment include the risk that market factors may differ from the Company's expectations and the risk that facts and circumstances factored into its assessment may change with the passage of time. Unexpected changes to market factors and circumstances that were not present in past reporting periods may result in a current period decision to sell securities that were not other-than-temporarily-impaired in prior reporting periods.

The Company had no Securities Valuation Office-identified investments that are being reported at a different measurement method from the prior year annual statement.

(3) Common Stocks

The Company did not own any common stock at December 31, 2021 or 2020.

(4) Preferred Stocks

The Company did not own any preferred stock at December 31, 2021 or 2020.

(5) Mortgage Loans

The Company did not have any mortgage loans at December 31, 2021 or 2020.

(6) Loan-Backed and Structured Securities

The Company did not have any loan-backed and structured securities at December 31, 2021 or 2020.

(7) Investments in Subsidiaries, Controlled or Affiliated Companies

The Company did not have any investments in subsidiaries, controlled or affiliated companies at December 31, 2021 or 2020.

(8) Investments in Joint Ventures, Partnerships and Limited Liability Companies

The Company did not have any investments in any joint ventures, partnerships and limited liability companies at December 31, 2021 or 2020.

(9) Derivatives

The Company did not have any derivatives at December 31, 2021 or 2020.

(10) Aggregate Health Policy Reserves and Related Expenses

Premium deficiency reserves ("PDR") are recognized when it is probable that the expected future hospital and medical costs, including maintenance costs, will exceed anticipated future premiums and reinsurance recoveries on existing contracts. Anticipated investment income is not considered in the calculation of any PDR. For purposes of calculating a PDR, contracts are grouped in a manner consistent with the method of acquiring, servicing and measuring the profitability of such contracts.

NOTES TO FINANCIAL STATEMENTS

Unearned premium reserves ("UEP") are recognized for premiums that are recorded by the Company that have not been earned as of the statement date. The Company had no UEP at December 31, 2021 or 2020.

The Company is required to make premium rebate payments to customers that are enrolled under certain health insurance policies if specific minimum annual medical loss ratios ("MLR") were not met in the prior year. The Company's results for full year 2021 and 2020 include estimates of \$1,223,761 and \$1,089,314, respectively, of minimum MLR rebates, which were included in aggregate health policy reserves in the Statutory Statements of Liabilities and Capital and Surplus.

For Medicare plans, the Company's annual contract with Centers for Medicare & Medicaid Services ("CMS") provides a risk-sharing arrangement to limit exposure to unexpected expenses. The risk-sharing arrangement provides a risk corridor whereby the amount the Company received in premiums from members and CMS based on its annual bid is compared to actual drug costs incurred during the contract year. Based on the risk corridor provision and Part D activity-to-date, estimated risk-sharing payables of \$512,282 and \$87,053 were included in aggregate health policy reserves in the Statutory Statements of Liabilities, Capital and Surplus at December 31, 2021 and 2020, respectively.

The Company reported liabilities associated with contracts subject to redetermination as aggregate health policy reserves in accordance with SSAP No. 54 - Revised - *Individual and Group and Accident Health Contracts* ("SSAP No. 54"). Liabilities associated with estimated adjustments to premium payments to the Company's Medicare plans based on the health status of its Medicare members are included as part of the Company's contracts subject to redetermination. Amount related to these liabilities is \$273,579 and is included in aggregate health policy reserves at December 31, 2021. There was no amount related to these liabilities at December 31, 2020.

(11) Hospital and Medical Costs and Claims Adjustment Expenses and Related Reserves

Hospital and medical costs consist principally of fee-for-service medical claims and capitation costs. Claims unpaid and aggregate health claim reserves include the Company's estimate of payments to be made on claims reported but not yet paid and for health care services rendered to enrollees but not yet reported to the Company as of the Statutory Statements of Assets and Liabilities, Capital and Surplus date. Such estimates are developed using actuarial principles and assumptions, which consider, among other things, historical and projected claim submission and processing payment patterns, medical cost trends, historical utilization of health care services, claim inventory levels, medical inflation, contract requirement changes in membership and product mix, seasonality and other relevant factors. The Company reflects changes in estimates in hospital and medical costs in the Statutory Statements of Revenue and Expenses in the period they are determined. Capitation costs, which are recorded in hospital and medical expenses in the Statutory Statements of Revenue and Expenses, represent contractual monthly fees paid to participating physicians and other medical providers for providing medical care, regardless of the medical services provided to the enrollee.

The Company uses the triangulation method to estimate reserves for claims incurred but not reported. The method of triangulation makes estimates of completion factors that are then applied to the total paid claims (net of coordination of benefits) to date for each incurral month. This provides an estimate of the total projected incurred claims and total amount outstanding or claims incurred but not reported (claims unpaid). For the most current dates of service where there is insufficient paid claim data to rely solely on the triangulation method, the Company examines cost and utilization trends as well as environmental factors, plan changes, provider contracts, changes in membership and/or benefits, and historical seasonal patterns to estimate the reserve required for these months.

Claims adjustment expenses, which include cost containment expenses, represent the costs incurred related to the claim settlement process such as costs to record, process and adjust claims. These expenses are included in the Company's management agreement with an affiliate described in Note 10.

(12) Capitalization Policy

The Company has not modified its capitalization policy from the prior period.

(13) Pharmaceutical Rebate Receivables

The Company estimates pharmaceutical rebate receivables based upon historical payment trends, actual utilization and other variables. Pharmaceutical rebates for a quarter are billed to the vendor within one month of the completion of the quarter with any adjustment to previously recorded amounts reflected at the time of billing. The Company reports pharmaceutical rebate receivables as health care receivables. Pharmacy rebate receivables not in accordance with SSAP No. 84 – *Health Care and Government Insured Plan Receivables* or are over 90 days past due are nonadmitted. All rebates are processed and settled monthly with an affiliated entity, including adjustments to previously billed periods. The pharmaceutical rebate receivables are more fully discussed in Note 28.

(14) Premiums and Amounts Due and Unpaid

Premium revenue for prepaid health or dental care products is recognized as income in the month in which enrollees are entitled to health or dental care services. Premiums collected before the effective period are reported as premiums received in advance. Premiums related to unexpired contractual coverage periods are reported as unearned premiums and are included in aggregate health policy reserves in the Statutory Statements of Liabilities, Capital and Surplus.

Nonadmitted amounts consist of all premiums due and unpaid greater than 90 days past due, with the exception of amounts due under government insured plans, which may be admitted assets under certain circumstances. In addition, for any customer for which the premiums due and unpaid greater than 90 days past due is more than a de minimus portion of

NOTES TO FINANCIAL STATEMENTS

the entire balance of premiums due and unpaid for that customer, the entire balance of premiums due and unpaid for that customer is nonadmitted. Management also performs a specific review of accounts and based on the results of the review, additional amounts may be nonadmitted. Uncollectible amounts are generally written-off and charged to revenue in the period in which the customer reconciliations are completed and agreed to by the customer (retroactivity) or when the account is determined to be uncollectible by the Company.

Through the Company's Medicare Advantage Part D annual contract with CMS, the Company receives monthly premium payments from CMS and members, as determined by the Company's annual bid process. The Company recognizes the revenue related to the CMS contract ratably over the term of its annual contract.

The CMS payment is subject to risk sharing provisions through the CMS risk corridor provision, which is accounted for as a retrospectively rated contract in accordance with SSAP No. 66 - *Retrospectively Rated Contracts*. Receivables related to the CMS risk corridor provision are included in accrued retrospective premiums and contracts subject to redetermination on the Statutory Statements of Assets.

The Company's CMS payment is also subject to the CMS risk adjustment process for each member, which is accounted for as a contract subject to redetermination in accordance with SSAP No. 54. Receivables related to the CMS risk adjustment process are included in accrued retrospective premiums and contracts subject to redetermination on the Statutory Statements of Assets.

(15) Investment Income Due and Accrued

Accrued investment income consists primarily of interest. Interest is recognized on an accrual basis and dividends are recorded as earned on the ex-dividend date. Due and accrued income is not recorded on: (a) bonds in default; and (b) bonds delinquent more than 90 days or where collection of interest is improbable. At December 31, 2021 and 2020, the Company did not have any nonadmitted investment income due and accrued.

(16) Covered and Uncovered Expenses and Related Liabilities

Covered expenses and related liabilities represent costs for health care expenses for which a member is not responsible in the event of the insolvency of the Company. Uncovered expenses and related liabilities represent costs to the Company for health care services that are the obligation of the Company and for which a member may also be liable in the event of the Company's insolvency.

(17) The Patient Protection and Affordable Care Act and the Health Care and Education Reconciliation Act of 2010's (collectively, the "ACA") Risk Adjustment

The ACA established a permanent risk adjustment program to transfer funds from qualified individual and small group insurance plans with below average risk scores to plans with above average risk scores. Based on the risk of the Company's qualified plan members relative to the average risk of members of other qualified plans in comparable markets, the Company estimates its ultimate risk adjustment receivable or payable for the current calendar year and reflects the impact as an adjustment to its premium revenue in accordance with SSAP No. 107 - Risk-Sharing Provisions of the Affordable Care Act ("SSAP No. 107").

(18) Reinsurance

In the normal course of business, the Company seeks to reduce the loss that may arise from catastrophes or other events that cause unfavorable underwriting results and to help balance its risks and capital by reinsuring certain levels of risk with other insurance enterprises. The reinsurance coverage does not relieve the Company of its primary obligations. Reinsurance premiums and reserves related to reinsured business are accounted for on a basis consistent with those used in accounting for the original policies issued and the terms of the reinsurance contracts. Premiums and claims ceded and the related unpaid reserves have been reported as reductions of these items. The reinsurance agreements are more fully discussed in Note 23.

(19) Federal and State Income Taxes

Aetna Inc. ("Aetna") and its wholly-owned subsidiaries are included in the consolidated federal income tax return of its ultimate parent company, CVS Health, pursuant to the terms of a tax sharing agreement. In accordance with the agreement, the Company's current federal and state income tax provisions are generally computed as if the Company were filing a separate federal and state income tax return; current income tax benefits, including those resulting from net operating losses, are recognized to the extent expected to be realized in the consolidated return. Pursuant to the agreement, the Company has the enforceable right to recoup federal and state income taxes paid in prior years in the event of future net losses, which it may incur, or to recoup its net losses carried forward as an offset to future net income subject to federal and state income taxes.

Income taxes are accounted for under the asset and liability method. Deferred income tax assets ("DTAs") and liabilities ("DTLs") represent the expected future tax consequences of temporary differences generated by statutory accounting as defined in SSAP No. 101 - *Income Taxes*. DTAs and DTLs are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. DTAs and DTLs are computed by means of identifying temporary differences which are measured using a balance sheet approach whereby statutory and tax basis balance sheets are compared. Current income tax recoverables include all current income taxes, including interest, reasonably expected to be recovered in a subsequent accounting period.

NOTES TO FINANCIAL STATEMENTS

Pursuant to SSAP No. 101, gross DTAs are first reduced by a statutory valuation allowance adjustment to an amount that is more likely than not to be realized (“adjusted gross DTAs”). Adjusted gross DTAs are then admitted in an amount equal to the sum of paragraphs a. b. and c. below:

- a. Federal income taxes paid in prior years that can be recovered through loss carrybacks for existing temporary differences that reverse during a timeframe corresponding with Internal Revenue Code (“IRC”) tax loss carryback provisions.
- b. The amount of adjusted gross DTAs, after the application of paragraph a. above, expected to be realized within the applicable period and that is no greater than the applicable percentage as determined using the applicable Realization Threshold Limitation Table. The applicable period refers to the number of years in which the DTA will reverse in the Company’s tax return and the applicable percentage refers to the percentage of the Company’s statutory capital and surplus as required to be shown on the statutory balance sheet adjusted to exclude any net DTAs, electronic data processing equipment and operating system software and any net positive goodwill (“Stat Cap ExDTA”).

The Realization Threshold Limitation Tables allow DTAs to be admitted based upon either realization within 3 years and 15% of Stat Cap ExDTA, 1 year and 10% of Stat Cap ExDTA, or no DTA admitted pursuant to this paragraph b. In general, the Realization Threshold Limitation Tables allow the Company to admit more DTAs if total DTAs as reported by the Company are a smaller percentage of statutory capital and surplus.

- c. The amount of gross DTAs, after the application of paragraphs a. and b. above that can be offset against existing gross DTLs. In applying this offset, the Company considers the character (i.e. ordinary versus capital) of the DTAs and DTLs such that offsetting would be permitted in the tax return under existing enacted federal income tax laws and regulations and the reversal patterns of temporary differences.

Changes in DTAs and DTLs are recognized as a separate component of gains and losses in surplus (“Change in net deferred income tax”) except to the extent allocated to changes in unrealized gains and losses. Changes in DTAs and DTLs allocated to unrealized gains and losses are netted against the related changes in unrealized gains and losses and are reported as “Change in net unrealized capital gains (losses)”, also a separate component of gains and losses in surplus.

The Company is subject to state income taxes in various states. State income tax expense is recorded in general administrative expenses in the Statutory Statements of Revenue and Expenses. For the years ended December 31, 2021 and 2020, the Company incurred state income tax expenses of \$355,073 and \$70,923, respectively.

The Company had \$16,772 and \$87,692 of state income tax payables at December 31, 2021 and 2020, respectively. These balances were included in general expenses due or accrued in the Statutory Statements of Liabilities, Capital and Surplus.

D. Going Concern

As of February 25, 2022, management evaluated whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company’s ability to continue as a going concern and management has determined that it is not probable that the Company will be unable to meet its obligations as they become due within one year after the financial statements are available to be issued. Management will continuously evaluate the Company’s ability to continue as a going concern and will take appropriate action and will make appropriate disclosures if there is any change in any condition or events that would raise substantial doubt about the Company’s ability to continue as a going concern.

2. Accounting Changes and Corrections of Errors

The Company did not have any accounting changes or correction of errors in the years ended December 31, 2021 and 2020.

3. Business Combinations and Goodwill

The Company was not a part of any business combinations that involved the statutory purchase method, a statutory merger, an assumption reinsurance, or an impairment loss in the years ending December 31, 2021 and 2020.

4. Discontinued Operations

The Company did not have any operations receiving discontinued operations accounting treatment during the years ending December 31, 2021 and 2020.

5. Investments

- A. The Company did not have any mortgage loans, including Mezzanine Real Estate Loans, at December 31, 2021 or 2020.
- B. The Company did not have any debt restructuring in the years ending December 31, 2021 or 2020.
- C. The Company did not have any reverse mortgages at December 31, 2021 or 2020.
- D. The Company did not have any loan-backed securities at December 31, 2021 or 2020.

NOTES TO FINANCIAL STATEMENTS

- E. The Company had no dollar repurchase agreements and/or securities lending transactions at December 31, 2021.
- F. The Company did not have any repurchase agreements transactions accounted for as secured borrowing at December 31, 2021.

Change in Net Deferred Income Tax			\$ 123,905

NOTES TO FINANCIAL STATEMENTS

There was no valuation allowance adjustment to gross DTAs as of December 31, 2021 or 2020. The Company bases its estimates of the future realization of DTAs primarily on historic taxable income and existing DTLs.

D. The provision for federal income taxes is different from that which would be obtained by applying the statutory federal income tax rate to income before income taxes. The items causing this difference were as follows:

	12/31/2021	Effective Tax Rate	12/31/2020	Effective Tax Rate
Provision computed at statutory rate	\$ 2,618,373	21.0 %	\$ 568,504	21.0 %
Transfer pricing adjustment	(296,041)	(2.4)%	(99,317)	(3.7)%
Change in nonadmitted assets	(14,170)	(0.1)%	(3,377)	(0.1)%
Prior year true-up	(107)	0.0 %	—	0.0 %
Other	(1)	0.0 %	—	0.0 %
Total	<u>\$ 2,308,054</u>	<u>18.5 %</u>	<u>\$ 465,810</u>	<u>17.2 %</u>
Federal and foreign income taxes incurred	\$ 2,431,959	19.5 %	\$ 498,684	18.4 %
Change in net deferred income taxes	(123,905)	(1.0)%	(32,874)	(1.2)%
Total statutory income taxes	<u>\$ 2,308,054</u>	<u>18.5 %</u>	<u>\$ 465,810</u>	<u>17.2 %</u>

The transfer pricing adjustment allows taxpayers to apply different methods to price current period intercompany services at arm’s length prices (i.e., prices at which unrelated entities would be willing to transact), which results in a permanent deduction for tax reporting purposes.

E.

- (1) At December 31, 2021 and 2020, the Company had no net capital loss or net operating loss carryforwards for tax purposes.
- (2) The amount of federal income taxes incurred that is available for recoupment in the event of future net losses is as follows:

Year	Ordinary	Capital	Total
2021	\$ 2,432,010	\$ 56	\$ 2,432,066
2020	498,579	—	498,579
2019	NA	1	1
Total	<u>\$ 2,930,589</u>	<u>\$ 57</u>	<u>\$ 2,930,646</u>

- (3) The Company did not report any deposits as admitted assets under Internal Revenue Code Section 6603 at December 31, 2021 and 2020.

C. The Company did not have any transactions with related parties who are not reported on Schedule Y at December 31, 2021.

D. At December 31, 2021, the Company had the following amounts due to affiliates, which exclude amounts related to pharmacy rebate transactions as discussed more fully in Note 28 and the Company's reinsurance agreements if applicable.

	December 31	
	2021	2020
Amounts due to affiliates		
Aetna Health Management, LLC	\$ 3,706,717	\$ 2,574,357
Total due to affiliates	\$ 3,706,717	\$ 2,574,357

At December 31, 2021 and 2020, the Company had no amounts due from or to affiliates.

The terms of settlement require that these amounts be settled within 45 days after the end of the calendar quarter.

E. As of and for the years ended December 31, 2021 and 2020, the Company had the following significant transactions with affiliates:

The Company and Aetna Health Management, LLC (“AHM”) are parties to an administrative services agreement, under which AHM provides certain administrative services, including accounting and processing of premiums and claims. Under this agreement, the Company remits a percentage of its earned Medicare premium revenue, as applicable, to AHM as a fee, subject to an annual true up mechanism as defined in the agreement. Under the agreement, this true-up is due to be settled with the affiliate by April 15th of the following contract year (which is January 1 to December 31 annually). The terms of settlement require that these amounts be settled within 45 days after the end of the calendar quarter. The agreement was amended effective January 1, 2020 and approved by the Ohio Department on August 30, 2019. The amendment allows other affiliates to provide services in accordance to a schedule of services and pricing. For these services, the Company was charged \$27,536,940 and \$7,482,338 in 2021 and 2020, respectively.

The Company is a party to an agreement which enables the Company to receive manufacturers' pharmacy rebates from AHM. The Company earned pharmaceutical rebates of \$22,683,217 and \$4,831,822, which were recorded as a reduction of medical costs, in 2021 and 2020, respectively.

These agreements also provide for interest on all intercompany balances. Interest earned on amounts due from affiliates was \$7,321 in 2021 and \$13,595 in 2020. Interest incurred on amounts due to affiliates was \$4,442 in 2021 and \$1,329 in 2020.

Effective, January 1, 2021, the Company entered into a Sale and Purchase Agreement with Aetna Better Health, Inc., an Ohio corporation ("ABH-OH"), indirectly a wholly-owned subsidiary of CVS Health, whereby, ABH-OH assigned, sold, transferred and sent over to the Company all of their assets and liabilities arising out of or relating to ABH-OH's operations of Medicare contract H5337, whether arising before, on or after the date of the agreement. The purchase price for the sale was \$3,557,045, which is the difference between the value of the sum of the assets, \$869,872, and the sum of the liabilities, \$4,426,917, on the books of ABH-OH as of January 1, 2021, the effective date.

As explained in Note 1, Aetna and its wholly-owned subsidiaries, including the Company, participate in a tax sharing agreement with CVS Health. All federal income tax receivables/payables are due from/due to CVS Health.

F. The Company does not have any guarantees or undertakings, written or otherwise, at December 31, 2021.

G. All outstanding shares of the Company are owned by Aetna Health Holdings, LLC, whose ultimate parent is CVS Health.

H. At December 31, 2021, the Company did not own shares of an upstream intermediate entity or CVS Health, either directly or indirectly.

C. Dividend Restrictions

Pursuant to Ohio statute, the Company shall not pay any extraordinary dividend unless the Company has notified the superintendent on a form provided by the superintendent at least 30 days prior thereto or such shorter period as the superintendent may permit and the superintendent has not disapproved it within such period. An extraordinary dividend is any dividend or other distribution which, together with other dividends and distributions made within the preceding 12 months, exceeds the greater of: ten percent of such insurer's surplus as regards policyholders as of the next preceding December 31; or the net income of such insurer for the period covered by such statement, but shall not include pro rata distributions of any class of the insurer's own securities. The Company may not make a non-extraordinary dividend without prior notification to the Insurance Department within five business days following the declaration thereto and at least ten days, commencing from the date of receipt by the superintendent, prior to the payment thereof. Ordinary dividends are ultimately limited to earned surplus.

D. The Company did not pay any dividends in 2021 or 2020.

E. Within the limitations of (C) above, there are no other restrictions placed on the portion of the Company profits that may be paid as ordinary dividends to stockholders.

F. There were no restrictions placed on the Company's surplus, including for whom the surplus is being held.

G. The Company had no advances to surplus not repaid.

H. The Company did not hold any stock for any special purposes at December 31, 2021 or 2020.

I. There were no changes in the balances of special surplus funds from the prior year.

J. At December 31, 2021, there were no unassigned funds that were represented or reduced by unrealized gains and losses.

K. The Company has not issued any surplus notes or debentures or similar obligations at December 31, 2021 or 2020.

L. The Company did not participate in any quasi-reorganizations during the statement year.

M. The Company did not participate in any quasi-reorganizations in the past 10 years.

NOTES TO FINANCIAL STATEMENTS

14. Liabilities, Contingencies and Assessments

A. The Company did not have any contingent commitments at December 31, 2021 or 2020.

B. Assessments

Guaranty Fund Assessments

(1) Under guaranty fund laws existing in all states, insurers doing business in those states can be assessed (in most states up to prescribed limits) for certain obligations of insolvent insurance companies to policyholders and claimants. The life and health insurance guaranty associations in which the Company participates that operate under these laws respond to insolvencies of long-term care insurers and life insurers as well as health insurers. The Company's assessments generally are based on a formula relating to the Company's health care premiums in the state compared to the premiums of other insurers. Certain states allow assessments to be recovered over time as offsets to premium taxes. Some states have similar laws relating to HMOs and/or other payers such as not-for-profit consumer-governed health plans established under the ACA.

The Company did not have any contingent assessments at December 31, 2021 or 2020.

C. The Company did not have any gain contingencies at December 31, 2021 or 2020.

D. The Company did not have any claims related extra contractual obligation and bad faith losses stemming from lawsuits at December 31, 2021 or 2020.

E. The Company did not have any joint and several liability arrangements at December 31, 2021 or 2020.

F. Various liabilities arise in the normal course of the Company's business and have been recorded. In the opinion of management, any ultimate contingent losses will not have a material adverse effect on the Company's future results of operations and financial position. The Company, to the best of its knowledge, has no assets that it considers impaired that are not already recorded in the Company's books.

The Company maintains insurance coverage for certain litigation exposures in an amount it believes is reasonable.

15. Leases

The Company did not have any material lease obligations at December 31, 2021 or 2020.

16. Information about Financial Instruments with Off-Balance Sheet Risk and Financial Instruments with Concentrations of Credit Risk

The Company did not have any financial instruments with off-balance sheet risk or financial instruments with concentrations of credit risk at December 31, 2021 or 2020.

17. Sale, Transfer and Servicing of Financial Assets and Extinguishments of Liabilities

A. Transfers of Receivables Reported as Sales

The Company did not have any transfers of receivables reported as sales for the years ending December 31, 2021 or 2020.

B. Transfer and Servicing of Financial Assets

(1) The Company did not have any loaned securities at December 31, 2021 or 2020.

(2) and (3):

The Company did not have any servicing assets or liabilities at December 31, 2021 or 2020.

(4) The Company did not have any securitized financial assets at December 31, 2021 or 2020.

(5) The Company did not have any transfers of financial assets accounted for as secured borrowing at December 31, 2021 or 2020.

(6) The Company did not have any transfers of receivables with recourse at December 31, 2021 or 2020.

(7) The Company did not have any dollar repurchase or reverse repurchase agreements at December 31, 2021 or 2020.

C. Wash Sales

(1) In the course of the Company's asset management, securities are sold and reacquired within 30 days of the sale date to enhance the Company's yield on its investment portfolio.

(2) The Company had no securities sold during the year for the year ended December 31, 2021 and reacquired within 30 days of the sale date.

NOTES TO FINANCIAL STATEMENTS

18. Gain or Loss to the Reporting Entity from Uninsured Plans and the Uninsured Portion of Partially Insured Plans

- A. The Company did not serve as an Administrative Services Only ("ASO") plan administrator for uninsured accident and health plans or the uninsured portion of partially insured plans for the period ended December 31, 2021.
- B. The Company did not serve as an Administrative Services Contract plan administrator for uninsured accident and health plans or the uninsured portion of partially insured plans for the period ended December 31, 2021.
- C. Medicare or Similarly Structured Cost Based Reimbursement Contract:
- (1) Revenue from the Company's Medicare (or similarly structured cost based reimbursement contract) contract for the year 2021 was \$233,917,693.
- (2) As of December 31, 2021, the Company has recorded receivables from the following payors whose account balances are greater than 10% of the Company's amounts receivable from uninsured accident and health plans or \$10,000:
- | | |
|--|-------------|
| Centers for Medicare and Medicaid Services ("CMS") | \$1,654,901 |
|--|-------------|
- (3) In connection with the Company's Medicare (or similarly structured cost based reimbursement contract) contract, the Company has recorded allowance and reserves for adjustment of recorded revenues as and if applicable.
- (4) CMS periodically perform audits of Medicare revenue and may seek return of premium payments made to the Company if risk adjustment factors are not properly supported by medical record data. The Company estimates and records reserves for CMS audits based on information available at the time the estimates are made. Although the Company believes it maintains appropriate reserves for its exposure to the CMS audits, actual results could differ materially from those estimates.

19. Direct Premium Written/Produced by Managing General Agents/Third Party Administrators

The Company did not have any material direct premiums written through/produced by managing general agents or third party administrators for the years ended December 31, 2021 and 2020.

20. Fair Value Measurements

- A.
- (1) The Company had no material assets and liabilities that are measured and reported at fair value in the financial statements as of December 31, 2021 and 2020.
- (2) There were no material realized and unrealized capital gains, purchases, sales, settlements, or transfers into or out of the Company's Level 3 financial assets during 2021 or 2020.
- (3) Transfers in and out of all levels are recognized at the end of the reporting period of which the transfer occurred.
- (4) The Company's fair value measurement valuation techniques are described in B. below.
- (5) The Company did not have any derivative instruments at December 31, 2021 and 2020.
- B. The fair values of the Company's financial instruments are based on valuations that include inputs that can be classified within one of three levels of a hierarchy. The following are the levels of the hierarchy and a brief description of the type of valuation information ("inputs") that qualifies a financial asset or liability for each level:
- **Level 1** – Unadjusted quoted prices for identical assets or liabilities in active markets.
 - **Level 2** – Inputs other than Level 1 that are based on observable market data. These include: quoted prices for similar assets in active markets, quoted prices for identical assets in inactive markets, inputs that are observable that are not prices (such as interest rates and credit risks) and inputs that are derived from or corroborated by observable markets.
 - **Level 3** – Developed from unobservable data, reflecting the Company's own assumptions.

Financial assets and liabilities are classified based upon the lowest level of input that is significant to the valuation. When quoted prices in active markets for identical assets and liabilities are available, the Company uses these quoted market prices to determine the fair value of financial assets and liabilities and classifies these assets and liabilities as Level 1. In other cases where a quoted market price for identical assets and liabilities in an active market is either not available or not observable, the Company estimates fair value using valuation methodologies based on available and observable market information or by using a matrix pricing model. These financial assets and liabilities would then be classified as Level 2. If quoted market prices are not available, the Company determines fair value using broker quotes or an internal analysis of each investment's financial performance and cash flow projections. Thus, financial assets and liabilities may be classified in Level 3 even though there may be some significant inputs that may be observable.

- C. The carrying values and estimated fair values of the Company's financial instruments at December 31, 2021 and 2020 were as follows:

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

Type of Financial Instrument	Aggregate Fair Value	Admitted Assets	(Level 1)	(Level 2)	(Level 3)	Net Asset Value (NAV)	Not Practicable (Carrying Value)
Bonds, Short Term, and Cash Equivalents	\$ 57,162,156	\$ 57,261,769	\$ 7,752,579	\$ 49,409,577	\$ —	\$ —	\$ —

December 31, 2020

Type of Financial Instrument	Aggregate Fair Value	Admitted Assets	(Level 1)	(Level 2)	(Level 3)	Net Asset Value (NAV)	Not Practicable (Carrying Value)
Bonds, Short Term, and Cash Equivalents	\$ 32,017,934	\$ 32,013,879	\$ 32,015,843	\$ 2,091	\$ —	\$ —	\$ —

In evaluating the Company's management of interest rate and liquidity risk and currency exposures, the fair values of all assets and liabilities should be taken into consideration, not only those presented above.

- D. The Company did not have any financial instruments where it was not practicable to estimate the fair value.
- E. The Company has not elected to use the net asset value practical expedient to fair value to measure its investments.

21. Other Items

A. Unusual or Infrequent Items

The Company did not have any unusual or infrequent items for the years ended December 31, 2021 and 2020.

B. Troubled Debt Restructuring

The Company did not have any troubled debt restructuring in the years ended December 31, 2021 and 2020.

C. Other Disclosures

Minimum Capital and Surplus

Pursuant to the laws of the states in which the Company is licensed to do business, the Company is required to maintain a minimum surplus and capital stock as defined by the statutes and regulations of those states. At both December 31, 2021 and 2020, the Company was in compliance with the minimum surplus and capital stock requirements of the states in which it is licensed to do business.

The NAIC utilizes risk-based capital (“RBC”) standards for health organizations, including HMOs, that are designed to identify weakly capitalized companies by comparing each company’s adjusted capital and surplus to its required capital and surplus (the “RBC Ratio”). The RBC Ratio is designed to reflect the risk profile of a company. Within certain ratio ranges, regulators have increasing authority to take action as the RBC Ratio decreases. There are four levels of regulatory action, ranging from requiring insurers to submit a comprehensive plan to the state insurance commissioner to requiring the state insurance commissioner to place the insurer under regulatory control. At December 31, 2021 and 2020, the Company had capital and surplus that exceeded the highest threshold specified by the RBC rules.

COVID-19

The Coronavirus Disease 2019 (“COVID-19”) pandemic continues to evolve. The Company believes COVID-19’s impact on the Company’s businesses, operating results, cash flows and/or financial condition primarily will be driven by the geographies impacted and the severity and duration of the pandemic; the pandemic’s impact on the U.S. and global economies and consumer behavior and health care utilization patterns; and the timing, scope and impact of stimulus legislation as well as other federal, state and local governmental responses to the pandemic. Those primary drivers are beyond the Company’s knowledge and control. As a result, the impact COVID-19 will have on the Company's businesses, operating results, cash flows and/or financial condition is uncertain, but the impact could be adverse and material. COVID-19 also may result in legal and regulatory proceedings, investigations and claims against the Company.

Health Care Reform

The Patient Protection and Affordable Care Act and the Health Care and Education Reconciliation Act (collectively, the “ACA”), made broad-based changes to the United States health care system. In June 2021, the United States Supreme Court dismissed a challenge on procedural grounds that argued the ACA is unconstitutional in its entirety and issued an opinion preserving the ACA and its consumer protections in its current form. Even though the ACA was deemed constitutional, there may nevertheless be continued efforts to invalidate, modify, repeal or replace portions of it. In addition to litigation, parts of the ACA continue to evolve through the promulgation of executive orders, legislation, regulations and guidance at the federal or state level. The Company expects the ACA, including potential changes thereto, to continue to significantly impact its business operations and operating results, including pricing, medical benefit ratios ("MBRs") and the geographies in which the Company's products are available.

NOTES TO FINANCIAL STATEMENTS

Medicare

The Company’s Medicare Advantage products are heavily regulated by CMS. The regulations and contractual requirements applicable to the Company and other private participants in Medicare programs are complex, expensive to comply with and subject to change. For example, in the second quarter of 2014, CMS issued a final rule implementing the ACA requirements that Medicare Advantage plans report and refund to CMS overpayments that those plans receive from CMS. The precise interpretation, impact and legality of this rule are not clear and are subject to pending litigation. Payments the Company receives from CMS for its Medicare Advantage business also are subject to risk adjustment based on the health status of the individuals enrolled. Elements of that risk adjustment mechanism continue to be challenged by the U.S. Department of Justice, the Office of Inspector General of the HHS (the "OIG") and CMS itself. Substantial changes in the risk adjustment mechanism, including changes that result from enforcement or audit actions, could materially affect the amount of the Company’s Medicare reimbursement, require the Company to raise prices or reduce the benefits offered to Medicare beneficiaries, and potentially limit the Company’s (and the industry’s) participation in the Medicare program.

The Company has invested significant resources to comply with Medicare standards, and its Medicare compliance efforts will continue to require significant resources. CMS may seek premium and other refunds, prohibit the Company from continuing to market and/or enroll members in or refuse to passively enroll members in one or more of the Company’s Medicare or Medicare-Medicaid demonstration (historically known as “dual eligible”) plans, exclude the Company from participating in one or more Medicare, dual eligible or dual eligible special needs plan programs and/or institute other sanctions and/or civil monetary penalties against the Company if it fails to comply with CMS regulations or its Medicare contractual requirements.

- D. The Company did not have any business interruption insurance recoveries for the years ending December 31, 2021 or 2020.
- E. The Company did not have any state transferable and non-transferable tax credits for the years ending December 31, 2021 or 2020.
- F. The Company did not have any subprime mortgage related risk exposures at December 31, 2021 or 2020.
- G. The Company did not have any retained assets at December 31, 2021 or 2020.
- H. The Company did not have any insurance-linked securities contracts at December 31, 2021 or 2020.
- I. The Company did not have amounts that could be realized on life insurance at December 31, 2021 or 2020.

22. Events Subsequent

Type I - Recognized Subsequent Events

Subsequent events have been considered through February 24, 2022 for the statutory statement issued on February 25, 2022.

The Company had no known reportable recognized subsequent events.

Type II - Nonrecognized Subsequent Events

Subsequent events have been considered through February 24, 2022 for the statutory statement issued on February 25, 2022.

The Company had no known reportable nonrecognized subsequent events.

23. Reinsurance

A. Ceded Reinsurance Report

Section 1 – General Interrogatories

- (1) Are any of the reinsurers, listed in Schedule S as non-affiliated, owned in excess of 10% or controlled, either directly or indirectly, by the company or by any representative, officer, trustee, or director of the company?

Yes () No (X)

If yes, give full details. N/A

- (2) Have any policies issued by the company been reinsured with a company chartered in a country other than the United States (excluding U.S. branches of such companies) that is owned in excess of 10% or controlled directly or indirectly by an insured, a beneficiary, a creditor or an insured or any other person not primarily engaged in the insurance business?

Yes () No (X)

If yes, give full details. N/A

Section 2 – Ceded Reinsurance Report – Part A

NOTES TO FINANCIAL STATEMENTS

- (1) Does the company have any reinsurance agreements in effect under which the reinsurer may unilaterally cancel any reinsurance for reasons other than nonpayment of premium or other similar credit?

Yes () No (X)

- a. If yes, what is the estimated amount of the aggregate reduction in surplus of a unilateral cancellation by the reinsurer as of the date of this statement, for those agreements in which cancellation results in a net obligation of the reporting entity to the reinsurer, and for which such obligation is not presently accrued? Where necessary, the reporting entity may consider the current or anticipated experience of the business reinsured in making this estimate. N/A.
- b. What is the total amount of reinsurance credits taken, whether as an asset or as a reduction of liability for these agreements in this statement? N/A.

- (2) Does the reporting entity have any reinsurance agreements in effect such that the amount of losses paid or accrued through the statement date may result in a payment to the reinsurer of amounts that, in aggregate and allowing for offset of mutual credits from other reinsurance agreements with the same reinsurer, exceed the total direct premium collected under the reinsured policies?

Yes () No (X)

If yes, give full details. N/A

Section 3 – Ceded Reinsurance Report – Part B

- (1) What is the estimated amount of the aggregate reduction in surplus, (for agreements other than those under which the insurer may unilaterally cancel for reasons other than for nonpayment of premium or other similar credits that are reflected in Section 2 above) of termination of ALL reinsurance agreements, by either party, as of the date of this statement? Where necessary, the company may consider the current or anticipated experience of the business reinsured in making this estimate. N/A.
- (2) Have any new agreements been executed or existing agreements amended, since January 1 of the year of this statement, to include policies or contracts that were in force or which had existing reserves established by the company as of the effective date of the agreement?

Yes () No (X)

If yes, what is the amount of reinsurance credit, whether an asset or a reduction of liability, taken for such new agreements or amendments? N/A.

- B. The Company did not have uncollectible reinsurance at December 31, 2021 or 2020.
- C. The Company did not have any commutation of ceded reinsurance at December 31, 2021 or 2020.
- D. The Company's certified reinsurer's rating has not been downgraded or its status subject to revocation at December 31, 2021 or 2020.
- E. The Company had no reinsurance contracts to which the reinsurance credit disclosure applies at December 31, 2021.

24. Retrospectively Rated Contracts and Contracts Subject to Redetermination

- A. Through annual contracts with CMS, the Company’s Medicare Advantage revenues ultimately received for each member are based on that member’s health status and demographic characteristics, as determined via the CMS risk adjustment process, under which the Company regularly submits risk adjustment data to CMS. Under the risk adjustment process, the Company records a receivable for future revenues that it expects to receive from CMS in the following year, after the final reconciliation of risk adjustment data for the current contract year is complete. These amounts are recognized in the current year as premiums under contracts subject to redetermination. In addition, the Company’s Medicare Advantage contracts are subject to retrospective rating provisions under which the Company and CMS share in amounts above and below agreed-upon target medical benefit ratios.

Premium revenue subject to the minimum MLR rebate requirements of the ACA is recorded net of the estimated minimum MLR rebates for the current calendar year. The Company estimates the minimum MLR rebates by projecting MLRs for certain markets, as defined by the ACA, for each state in which the Company operates. The claims and premiums used in estimating such rebates are modified for certain adjustments allowed by the ACA and include a statistical credibility adjustment for those states with a number of members that is not statistically credible.

- B. Accrued retrospective are recorded as an adjustment to earned premiums and are estimated based on calculations that compare the Company’s expected financial results for the contract against the appropriate medical benefit ratio target.
- C. Contracts Subject to Retrospective Rating Features

The Company had net premiums written of \$234,052,140 that were subject to retrospective rating features for the year ending December 31, 2021 representing 100.0% of total net premiums written.

E. Risk Sharing Provisions of the Affordable Care Act ("ACA")

- (1) Did the reporting entity write accident and health insurance premium which is subject to the ACA risk sharing provisions (YES/NO)? Yes [] No [X]
- (2) through (5): Not applicable.

25. Change in Incurred Claims and Claims Adjustment Expense

The following table shows the components of the change in claims unpaid, unpaid claims adjustment expense and aggregate health claim reserves for the years ended December 31, 2021 and 2020.

	2021	2020
Balance, January 1	\$ 8,434,305	\$ —

Health care receivable	3,007,064	953,936
Balance, December 31	\$ 28,715,869	\$ 8,434,305

- A. Reserves for incurred claims and claim adjustment expenses attributable to insured events of prior years decreased by \$67,599 in 2021. There were no reserves for incurred claims and claim adjustment expenses attributable to insured events of prior years in 2020. Changes in prior periods’ estimates represents the effect of favorable development of prior period health care cost estimates on current year net income, at each financial statement date. The favorable development of these reserves is primarily a result of the actual claim submission times for health care claims being shorter than the Company had anticipated, as well as lower than expected health care cost trends in determining claims unpaid at prior financial statement date for 2021. Original estimates are increased or decreased, as additional information becomes known regarding individual claims.

NOTES TO FINANCIAL STATEMENTS

B. There has been no significant change in the Company's methodologies and assumptions used in calculating the liability for unpaid losses and loss adjustment expenses.

26. Intercompany Pooling Arrangements

The Company did not have any intercompany pooling arrangements at December 31, 2021 or 2020.

27. Structured Settlements

The Company did not have any structured settlements at December 31, 2021 or 2020.

28. Health Care Receivables

A. Pharmaceutical Rebate Receivables

The Company receives pharmaceutical rebates through an agreement with AHM. AHM has contractual agreements with pharmaceutical companies for rebates, which cover the Company's membership as well as the membership of other affiliates. The Company receives those rebates from AHM that relate to the Company's membership. The Company estimates pharmaceutical rebate receivables based upon the historical payment trends, actual utilization and other variables. Actual rebates collected are applied to the collection periods below, using a first in first out methodology. At December 31, 2021 and 2020, the Company had pharmaceutical rebate receivables of \$2,300,236 and \$892,669, respectively (refer to the Company's accounting practices related to pharmaceutical rebate receivables in Note 1).

The following table discloses the quarterly revenue and subsequent cash collections relating to the pharmaceutical rebates discussed in Note 10:

Quarter	Estimated Pharmacy Rebates as Reported on Financial Statements	Pharmacy Rebates as Billed or Otherwise Confirmed	Actual Rebates Received Within 90 Days of Billing	Actual Rebates Received Within 91 to 180 Days of Billing	Actual Rebates Received More Than 180 Days After Billing

¹ Represents a portion of the estimated rebates for the quarter ending December 31, 2021, which were paid by AHM to the Company prior to December 31, 2021 and invoicing in 2022.

B. Risk sharing receivables

The Company did not have any admitted risk sharing receivables at December 31, 2021 or 2020.

Other receivables

Pharmacy Direct and Indirect Remuneration (“DIR”) Generic

The Company receives retrospective generic performance network rebates (“PNR”) on its Medicare business through an agreement with AHM. AHM has contractual agreements with network pharmacies for PNR. The PNR is performance based upon whether the participating pharmacies have met certain pre-established rates specified in the contract. The PNR is calculated by multiplying the applicable claims with a variable network rate based on the actual performance. The PNR receivables fit the category of other health care receivables per SSAP No. 84 - *Health Care and Government Insured Plan Receivables*.

Pharmacy DIR Brand

The Company receives retrospective brand PNR on its Medicare business through an agreement with AHM. As mentioned above, AHM has contractual agreements with network pharmacies for PNR. The program collects varying percentages of brand ingredient cost from pharmacies, depending how well they perform on adherence measures, including stars-related measures. The PNR agreement for 2020 has three performance measurement periods ending April 30, August 31 and December 31, respectively. The PNR receivables fit the category of other health care receivables per SSAP No. 84 - *Health Care and Government Insured Plan Receivables*.

29. Participating Policies

The Company did not have any participating policies at December 31, 2021 or 2020.
