Notes to the Financial Statements

1. Summary of Significant Accounting Policies and Going Concern

A. Accounting Practices

The financial statements of Cincinnati Equitable Insurance Company are presented on the basis of accounting practices prescribed or permitted by the Ohio Insurance Department.

The Ohio Insurance Department recognizes only statutory accounting practices prescribed or permitted by the State of Ohio for determining and reporting the financial condition and results of operations of an insurance company, for determining its solvency under the Ohio Insurance Law. The National Association of Insurance Commissioners' (NAIC) Accounting Practices and Procedures manual, version effective January 1, 2021, (NAIC SAP) has been adopted as a component of prescribed or permitted practices by the State of Ohio. The State of Ohio has not adopted and prescribed or permitted practices that differ from NAIC SAP.

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

Premiums are earned over the terms of the related insurance policies and reinsurance contracts. Unearned premium reserves are established to cover the unexpired portion of premiums written. Such reserves are computed by pro rata methods for direct business and are based on reports received from ceding companies for reinsurance.

Expenses incurred in connection with acquiring new insurance business, including such acquisition costs as sales commissions, are charged to operations as incurred. Expenses incurred are reduced for ceding allowances received or receivable.

In addition, the company uses the following accounting policies:

- (1) Short-term investments are stated at amortized cost.
- (2) Bonds not backed by other loans are stated at amortized cost using the interest method.

The Company does not hold any SVO Identified Bond ETFs on Schedule D-1.

- (3) Common Stocks at market except that investments in stocks of uncombined subsidiaries and affiliates in which the Company has an interest of 20% or more are carried on the equity basis.
- (4) Preferred stocks are stated in accordance with the guidance provided in SSAP No. 32.
- (5) Mortgage loans on real estate are stated at the aggregate carrying value less accrued interest.
- (6) Loan-backed securities are stated at either amortized cost or the lower or amortized cost or fair market value. The retrospective adjustment method is used to value all securities except for interest only securities or securities where the yield had become negative, these are valued using the prospective method.
- (7) The Company owns no subsidiaries.
- (8) The Company has no interest in Joint Ventures.
- (9) All derivatives, if any, are stated at fair value.
- (10) The Company does not anticipate investment income as a factor in the premium deficiency calculation.

(11) Unpaid losses and loss adjustment expenses include an amount determined from individual case estimates and loss reports and an amount, based on past experience, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liability is continually reviewed and any adjustments are reflected in the period determined.

(12) The Company has not modified its capitalization policy from the prior period.
