## Notes to the Financial Statements

### 1. Summary of Significant Accounting Policies and Going Concern

#### A. Accounting Practices

The financial statements of North American Swiss Alliance are presented on the basis of accounting practices prescribed or permitted by the Ohio Insurance Department.

The Ohio Insurance Department recognizes only statutory accounting practices prescribed or permitted by the state of Ohio for determining and reporting the financial Fraternal Benefit Society, for determining its solvency under the Ohio Insurance Law. The National Association of Insurance Commissioners' (NAIC) Accounting Practices and Procedures manual (NAIC SAP), has been adopted as a component of prescribed or permitted practices by the state of Ohio.

A reconciliation of the Society's net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the state of Ohio results in no changes.

#### B. Use of Estimates in the Preparation of the Financial Statements - No Significant Changes

#### C. Accounting Policy

Life premiums are recognized as income over the premium paying period of the related policies. If applicable, annuity considerations are recognized as revenue when received.

Expenses incurred in connection with acquiring new insurance business, including acquisition costs such as sales commissions, are charged to operations as incurred.

The amount of dividends to be paid to policyholders is determined annually by the Alliance's Board of Directors. The aggregate amount of policyholders' dividends is related to actual interest, mortality, morbidity, and expense experience for the year and judgment as to the appropriate level of statutory surplus to be retained by the Alliance.

(1) Short-term investments - No Significant Changes
