NOTES TO FINANCIAL STATEMENTS

These items are based on illustrations taken from the NAIC Annual Statement Instructions

1. Summary of Significant Accounting Policies and Going Concern

A. Accounting Practices

The financial statements of AmeriHealth Caritas Ohio, Inc. (the Company) are presented on the basis of accounting practices prescribed or permitted by the Ohio Department of Insurance (DOI).

The Ohio DOI recognizes only statutory accounting practices prescribed or permitted by the State of Ohio for determining and reporting the financial condition and results of operations of an insurance company, and for determining its solvency under the Ohio Insurance Law. The National Association of Insurance Commissioners' (NAIC) *Accounting Practices and Procedures Manual* (NAIC SAP) has been adopted as a component of prescribed or permitted practices by the State of Ohio. The State has adopted certain prescribed or permitted accounting practices that differ from those found in NAIC SAP. As of March 31, 2023, these prescribed or permitted accounting practices are not applicable to the Company.

A reconciliation of the Company's net loss and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of Ohio is shown below:

11. Accrued Medical Expense/Unpaid Claim Adjustment Expense - Accrued medical expenses and unpaid claims adjustment expenses include medical expenses billed and not paid, an estimate for costs incurred but not reported (IBNR), and estimated costs to process these claims. To estimate the IBNR balance the Company uses the triangulation method. The triangulation method uses estimates of completion factors, which are then applied to the total paid claims net of coordination of benefits to date for each incurred month. This provides an estimate of the total projected incurred claims and total amount outstanding of claims incurred but not reported. Consideration is also given to changes in turnaround time and claims processing, which may impact completion factors. All of the IBNR balance relates to the current year.

The Company determines IBNR in accordance with actuarial principles and assumptions that are commonly used by health insurance actuaries and meet Actuarial Standards of Practice. Actuarial Standards of Practice require that the liabilities be adequate under moderately adverse circumstances. Actuarial estimates are based upon authorized healthcare services, past claims payment experience, member census, and other relevant factors. The Company consistently applies its reserving methodology from period to period and periodically reviews actual and anticipated experience compared to the assumptions used to establish medical costs.

While the Company believes the accrual for medical expenses is adequate, actual results could differ from such estimates. The Company recognizes any change in estimates in medical and hospital expenses in the period in which the change is identified.
