Notes to the Financial Statements

1. Summary of Significant Accounting Policies and Going Concern

A. Accounting Practices

The financial statements of Mennonite Mutual Insurance Company are presented on the basis of accounting practices prescribed or permitted by the Ohio Insurance Department.

The Ohio Insurance Department recognizes only statutory accounting practices prescribed or permitted by the State of Ohio for determining and reporting the financial condition and results of operations of an insurance company, for determining its solvency under the Ohio Insurance Commissioners ("NAIC") Accounting Practices and Procedures Manual version effective January 1, 2001 ("NAIC SAP") has been adopted as a component of prescribed or permitted practices by the State of Ohio.

A reconciliation of the Company's net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of ABC is shown below:

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

Premiums are earned over the terms of the related insurance policies and reinsurance contracts. Unearned premium reserves are established to cover the unexpired portion of premiums written. Such reserves are computed by pro rata methods for direct business and are based on reports received from ceding companies for reinsurance.

Expenses incurred in connection with acquiring new insurance business, including such acquisition costs as sales commissions, are charged to operations as incurred. Expenses incurred are reduced for ceding allowances received or receivable.

Reinsurance recoverables are estimates of paid and unpaid losses collectible from the Company's reinsurers. The amounts ultimately collected may be more or less than these estimates. Any adjustments of these estimates is reflected in income as they are determined. The Company periodically reviews the financial condition of its reinsurers and amounts recoverable therefrom, recording an allowance when necessary for uncollectible reinsurance.

The capitalization policy for fixed assets has not changed from prior year and the Company continues to maintain a \$2,000 capitalization policy limit.

In addition the Company uses the following accounting policies:

- (1) Short-term investments are stated at cost, which is also their fair value.
- (2) Bonds are stated at amortized cost using the interest method unless required by the NAIC to be carried at fair value.
- (3) Common stocks are stated at fair value except the stock of the Company's uncombined subsidiary, which is carried on an equity basis.
- (4) Preferred stocks are stated at fair value.
- (5) Mortgage loans are valued at unpaid balance.
- (6) Loan backed securities are stated at amortized cost using the interest method unless required by the NAIC to be carried at fair value.
- (7) The Company carries Orrville Insurance Agency, Inc. at GAAP equity.
- (8) Investments in joint ventures, partnerships and limited liability companies - Not Applicable
- (9) Derivatives - Not Applicable
- (10) The Company does not anticipate investment income as a factor in the premium deficiency reserve calculation.
- (11) Unpaid losses and loss adjustment expenses including an amount determined from individual case estimates and loss reports and an amount, based on past experience, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liability are continually reviewed, and any adjustments are reflected in the period determined.
- (12) Changes in capitalization policy - Not Applicable
- (13) Pharmaceutical rebate receivables - Not Applicable

2. Accounting Changes and Corrections of Errors

(Description of above other than results from codification)

The Company prepares its statutory financial statements in conformity with accounting practices prescribed or permitted by the State of Ohio. Effective January 1, 2001, the State of Ohio required that insurance companies domiciled in the State of Ohio prepare their statutory basis financial statements in accordance with the NAIC Accounting

Practices Procedures Manual - Version effective January 1, 2001, subject to any deviations prescribed by the State of Ohio Insurance Commissioners.

As a result of these changes, the Company reported a change of accounting principle, as an adjustment which increased unassigned funds of \$95,541 as of January 1, 2001. Included in this total adjustment is an increase in unassigned funds of approximately \$95,541 related to deferred tax assets.

Beginning with the 2022 financial statement, the Company revised its method for calculating ceded unearned premium, which it feels more accurately depicts its true statutory liabilities. In the past, this contra-liability was determined using a factor of reinsurance premiums, applied with a proportional annual premium growth rate.

In accordance with the NAIC, a revised calculation based on each of the Company's quota share treaties and net of ceding commissions was utilized for year-end 2022 to more accurately reflect the reinsurers' return of premium liability during instances of policy cancellations.

As a result of this accounting update, there was a recognized benefit of \$725,793 that flowed through the Company's 2022 Annual Statement of Income (Line 1) as a net increase to Premiums Earned and on its Liabilities Page (Line 9) as a decrease to net Unearned Premiums.

20. Fair Value Measurements

A. Fair Value Measurement

Fair values are based on quoted market prices when available. The Company's financial assets and liabilities carried at fair value have been classified, for disclosure purposes, based on Statutory Accounting Principle No. 100, Fair Value Measurements.

- Level 1 inputs consist of unadjusted quoted prices for identical assets and liabilities in active markets accessible at the measurement date.
- Level 2 inputs consist of quoted prices for similar assets and liabilities in active markets, quoted prices from those willing to trade markets that are not active, or other inputs that are observable or can be confirmed by market data for the term of the instrument.

Notes to the Financial Statements

20. Fair Value Measurements (Continued)

- Level 3 inputs consist of unobservable inputs (supported by little or no market activity) and reflect the Company's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

25. Changes in Incurred Losses and Loss Adjustment Expenses

A. Reasons for Changes in the Provision for Incurred Loss and Loss Adjustment Expenses Attributable to Insured Events of Prior Years

Reserves for incurred losses and LAE as of 12/31/22 were \$5,813,650. As of 06/30/23, \$1,477,000 has been paid for incurred losses attributable to insured events of prior years. Reserves remaining for prior years are now \$3,861,000 as a result of re-estimation of unpaid claims and claim adjustment expenses. Therefore, there has been \$475,650 of **favorable** development from prior years. Increases and decreases of this nature occur as a result of ongoing analysis of recent loss development trends. Original estimates are increased or decreased, as additional information becomes known regarding individual claims.
