A. Accounting Practices

The financial statements of the Antidote Health Plan of Ohio Inc. (AHP OH or the Company) are presented on the basis of accounting practices prescribed or permitted by the State of Ohio Department of Insurance (the Department).

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

As of the filing date of this statement, the Company has no underwriting operations. Once operations commence, health premiums will be earned over the term of the related insurance policies. Premiums paid by subscribers prior to the effective date will be recorded on the balance sheet as premiums received in advance and will subsequently be credited to income as earned during the coverage period. Expenses incurred in connection with acquiring new insurance business, including acquisition costs such as sales commissions, will be charged to operations as incurred. All other costs, such as premium taxes and other underwriting expenses, will be charged to operations as incurred.
